Message From Dale

Dale Deppe
President
Spring Meadow Nursery, Inc.

It's been my longstanding belief that, to be a successful nursery, we have to be relentless about helping our customers succeed. This is why we search for the best new plants. This is why we've added new liner sizes. And this is why we partnered with Proven Winners – to give you access to the #1 plant brand and the demand it generates. This year, we're pleased to bring you a new program certain to help you sell more plants; it is called "Local Roots". The appeal for locally

grown crops continues to grow. Studies have shown that people are willing to pay more for locally grown crops. And as the majority of you sell into a local market, you're well situated to capitalize on this growing trend. To help you in this endeavor, we've redesigned our generic plant labels with an attractive "Local Roots" theme and logo. Now, all your customers will instantly recognize your plants as being locally grown. It's a simple, yet powerful way to sell more plants.

We also think you'll appreciate our new, award winning website. We've redesigned it with you in mind. Check out the Custom Program Creator that calculates your profits. Give us feedback with the plant reviews feature and share your favorites with the Facebook and Twitter buttons. See how easy it is place online orders for plants and tags. Check it out and let me know what you think!

A handwritten signature in black ink that reads "Dale Deppe".

Spring Meadow Facilities

A Bird's Eye View

Spring Meadow Nursery has over 20 acres of greenhouses, including 8 acres of Cravo® retractable roof greenhouses and 9 acres of Westbrook open roof greenhouses, and more than 120 acres dedicated to stock plants.

Technology Means Better Plants

Spring Meadow Nursery was one of the first shrub wholesalers in the country to use flood floors, which has led to the development of healthier, more disease-resistant plants.

Propagation Facilities

High pressure fog systems, traveling booms, bottom heat floors, and computerized controls create the optimum propagation environment. It's no surprise that many growers use us as their propagation department.

Quality Control

Our grading machine analyzes each plant and sorts it into one of four grades. The machine evaluates up to 10,000 plants per hour. Automating the grading process eliminates the possibility of human error when deciding whether or not to ship a plant, and has improved the consistency of Spring Meadow Nursery's product.

Trimmer

At Spring Meadow Nursery, we trim our liners multiple times to produce that perfectly branched, compact liner. Historically this has been done with hand-held, gas powered hedge-trimmers. To accomplish this necessary task more effectively and efficiently, Spring Meadow invented a new piece of equipment: A 24-foot wide trimming machine. Using a 24-foot long cutting blade, this Spring Meadow-designed machine allows one person to trim over 3500 liner-trays in 10 minutes. It's 40X more efficient than using hedge trimmers, and results in a cleaner, more uniform trim.

Suggestions for Ordering

We pride ourselves on delivering the varieties you want when you want them. The sooner we know your liner needs and receive your order, the better we can fill it — without back orders or running out of stock. Here are a few tips to ensure your complete satisfaction:

Create a Standing Order

To ensure you receive the varieties you want, year after year, create a standing order. We fill standing orders first, propagating specifically to meet customers' requests.

If you're worried about changing your mind and getting "stuck" with plants you no longer want, don't worry! You can always adjust your order. Ask your sales rep for more information.

Order Early

Our catalog is published mid to late summer, and smart growers know to check out the new varieties and order at once (It's also a great time to adjust your standing order, too).

As a bonus to those who order early, or have a standing order, we e-mail a sneak preview of new varieties before the new catalog is mailed. It's a fast way to "call dibs" on the varieties your customers will be seeking. Talk to your sales representative to find out more.

Small Orders

Mid-May is the best time for placing a small order because our liners are at their peak which reduces the potential of backorders.

Confirmation and Shipping

We'll give you a call about two weeks before your order is shipped. This is the perfect opportunity to make last minute adjustments to your order and to confirm your contact information, delivery address, or any special instructions or directions to the driver.

If you need a price list, please call Spring Meadow Nursery, Inc. at 1-800-633-8859

Liner Sizes

Spring Meadow Nursery offers a variety of liner sizes, so that you can better meet the demands of your climate and customers.

Quick Turn™ / 16 Tray

React quickly to market shortages of hot-selling varieties with the Quick Turn™ big, deep, fast-turning liner. Better in value than one gallon shift-ups, Quick Turn™ liners are ideal for shifting into one-, two- or three-gallon pots and selling quickly, finishing in less than 10 weeks. Available with pallet shipments only, select Proven Winners® ColorChoice® plants.

This recent trial of Ghost™ Weigela Quick Turns™ illustrates how quickly you can grow plants for resale: Quick Turns shifted to 1 gallons were pinched in Week 4 and finished by Week 11. They were in bud & bloom by Week 12. Using Quick Turns is an easy way to add new plants to your product mix. Ask your salesperson what they recommend for your summer sales program!

4" Pot / 18 Tray

Most varieties are available in 4" pots as well as 2 1/4" pots, these varieties will finish in less than one growing season. Available with roses, hydrangea, buddleia and other select varieties. Excellent value for potting into one- and two- gallon pots.

Consumers are looking for the Proven Winners package.

Proven Winners newly designed stake tags are required for all Proven Winners ColorChoice plants. Stakes and tags will be shipped with your Proven Winners liners.

You'll get the most out of Proven Winners marketing by growing the plants in distinctive Proven Winners branded containers. Branded containers are required for all Proven Winners ColorChoice plants. Tell your salesperson which size and style container you prefer, and we will ship the containers along with your plant order.

2 1/4" Pot / 32 Tray

A great buy for potting into one- gallon or 8- inch pots. Available in most varieties, and will finish in one growing season or less. Spring Meadow Nursery can supply you with full color picture tags of all our varieties! Ask your salesperson to add tags to your plant order to save you time and make your life easier.

			4.5 and Above	11a	40 and Above

From Seattle, Washington to Key West Florida, each of the 11 zones (with some zones subdivided) shows in detail the lowest temperatures that can be expected each year in the United States and Canada.

We suggest consulting this map to help you make your purchasing decisions, based on your zone. We also suggest you follow the recommendations of the Cold Hardiness Map, unless you plan to over-winter in a heated greenhouse at your own discretion.

American Horticulture Society Plant Heat Zone Map

AVERAGE NUMBER OF DAYS PER YEAR ABOVE 86°F (30°)

		12

Cold isn't the only factor determining whether plants will survive and thrive. Excessive heat, particularly during seasons of drought, can negatively impact plants also.

The 12 zones of the map indicate the average number of days each year that a given region experiences "heat days" with temperatures over 86 degrees (30 degrees Celsius). Zones range from Zone 1 (less than one heat day) to Zone 12 (more than 210 heat days).

To help you make your purchasing decisions, each variety in our catalog has been coded for heat tolerance.

Take the Challenge – it's Guaranteed!

COLOR CHOICE
FLOWERING SHRUBS

Join the Invincibelle® Spirit Campaign for a Cure

A Breakthrough Plant

Invincibelle® Spirit hydrangea is the first-ever pink flowered 'Annabelle' type hydrangea. This iron-clad variety is the most reliable pink hydrangea available today, blooming stunning pink flowers year after year, even after the harshest of winters.

Giving Back

Breast cancer affects everyone. It threatens our mothers and sisters, friends and daughters, grandmothers and wives. The National Cancer Institute estimates 1 in 8 women will be diagnosed with breast cancer during their lifetime.

We're doing our part to make a difference by donating \$1.00 to The Breast Cancer Research Foundation for every Invincibelle® Spirit Hydrangea sold. Our goal is to raise \$1 million for breast cancer research.

Help us reach our goal and make a difference for an important cause that's close to your customers.

Our goal is to raise \$1 million dollars for breast cancer research. \$1.00 from each Invincibelle® Spirit sold is donated to The Breast Cancer Research Foundation®. We encourage you to donate as well. BCRF is dedicated to preventing breast cancer and finding a cure in our lifetime by funding clinical and translational research worldwide.

Hydrangea arborescens 'NCHA1'
ppaf, cbraf. Mature Height: 3-4'
Mature Width: 30" USDA Zones 3.
Full Sun to Part Shade

"For our Pink Day, we decided to donate \$10 from the sale of each Invincibelle® Spirit hydrangea and were able to raise \$5,000. This plant is a real breakthrough in the plant world and fits so nicely with raising funds for breast cancer charities."

- Jeff Baarschers, DeGroots Nursery, Ontario, Canada

How You Can Help

Grow the plant

Add Invincibelle® Spirit to your list and grow the hot new hydrangea that is selling out at garden centers across North America.

Add the donation widget to your website

Copy and paste the code located on the Invincibelle® Spirit website to allow your customers to make a direct donation towards our \$1 million goal.

Host a Pink Day

Garden centers across the U.S. and Canada are organizing Pink Days - a fun, local way to bring attention to the importance of funding breast cancer research. Be on the lookout for a Pink Day in your community, or organize one yourself. There were over 140 Pink Days in 2011 with \$250,000 raised so far! We provide you with everything you need to get started. Visit www.InvincibelleSpirit.net to sign up or learn how you can get involved.

Why BCRF?

Teaming up with the Breast Cancer Research Foundation seemed a natural fit for Invincibelle Spirit. After all, it's a survivor and a thriver, with breakthrough pink flowers.

We chose to partner with The Breast Cancer Research Foundation (BCRF) because it is the most highly rated breast cancer organization in the United States. It has been recognized several years in a row with the coveted top 4-star rating from Charity Navigator. Also, a minimum of 85% of all funds raised goes directly to breast cancer research grants and awareness programs.

BCRF is dedicated to preventing breast cancer and finding a cure in our lifetime by funding clinical and translational research worldwide. Find out more about this worthy organization at www.bcrfcure.org

Proven Winners® ColorChoice® Displays Sell More Plants!

Make it easy for customers to find the plants they want by supporting a well-stocked, well-signed retail display. Consumers will see ads for Proven Winners plants in magazines next spring, ads which tell them about our reblooming plants, and our compact varieties. They'll see ads for Proven Winners hardy hydrangeas, too. Help them find the plants they want to buy by maintaining a full display of these plants all season. With Proven Winners' deep product mix, you can have fresh, colorful plants on display all season long. Ask your sales representative for more information on designing a high-margin, fast-turning Proven Winners shrub program for your customers.

Proven Winners Works for Everyone!

Successful Gardeners Are Repeat Customers

Of course, many people are just looking for the best plant for their garden. ProvenWinners.com makes it easy for consumers to select varieties based on size, hardiness, exposure and other factors. It's a simple way to help homeowners choose the best plants for their situation. There is also helpful information on planting and growing plants, and a helpful feedback service to answer any questions that may arise. It's our way of ensuring that Proven Winners customers are happy, successful gardeners and repeat customers for our retailer and grower partners.

Growers

Proven Winners plants are selected for their strong growth and ease of production. Less spraying, fewer prunings –it all adds to the bottom line. Proven Winners also helps you market these plants. Download free color images from the Proven Winners photo library, and make sure you're listed as a wholesale grower online at www.pwcertified.com.

You're selling plants without doing a thing, simply by offering retailers the plants they see advertised in magazines like Garden Center, Lawn & Garden Retailer, Today's Garden Center and Green Profit. We also promote Proven Winners plants at all the major trade shows, including Nursery Retailer's Independent Garden Center Show in Chicago.

PW Library

4.5 to 5 Million Unique Visitors

Retailers

When you carry Proven Winners flowering shrubs, you're stocking more than just plants; you're stocking demand. Every Proven Winners plant is backed by a multi-million dollar promotional campaign that educates consumers about the best new varieties on the market. Consumers learn about our plants online, on TV, on the radio, and in popular magazines like Better Homes & Gardens, Country Living and Martha Stewart Living. In 2011, Proven Winners plants had over one billion impressions in consumer media.

We're not just driving demand; we're helping you to meet it, too. Last spring over 500,000 people searched the Proven Winners website, and many of them looked for a local retailer. Make sure that your store is listed as a Proven Winners retailer by visiting www.pwcertified.com and clicking 'Register Now'.

Breeders: Do You Have The Next Great Plant?

We'll Make It The Next Great Plant Introduction

"The greatest service which can be rendered any country is to add a useful plant to its culture."

-Thomas Jefferson

Breeders like you provide the passion, dedication and vision to create new and better plants. Working as your partner, we'll provide you with the patent assistance, production, growers, distribution system and marketing to make your new plant a commercial success. We currently represent plant breeders in England, France, Germany, Poland, Belgium, Korea, Japan, Canada, the Netherlands, and the United States. It's a partnership that delivers results. Breeders, growers, landscapers, retailers and gardeners all benefit. Together we can introduce the next best-seller to garden centers across North America.

To learn more about the services we offer breeders, email Tim Wood, Product Development Manager, today at tim@springmeadownursery.com

Aronia 'Brilliantissima'

Aronia 'Viking'

Abelia Abelia

Family: Caprifoliaceae (Ab-elia: after Dr. Clark Abel, 1780-1826, physician and author on China)

BRONZE ANNIVERSARY™

(*A. x grandiflora* 'Rika1', pp#20,568)

Foliage emerges a unique bronze-orange color and then matures to an attractive lime-gold as the season progresses. White blooms emerge in spring and intermittently throughout the summer. The propagation

of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 6, AHS 9, 3-4 feet, gr 1**
Item #: 00592 - 2 1/4" • 00594 - 4" • 00595 - Quick Turn

RUBY ANNIVERSARY™

(*A. chinensis* 'Keiser', pp#21,632, cbr#3910)

An improved selection that gives you more color as the dark, glossy foliage has ruby-red new growth and fall color. Long blooming with clusters of salmon pink buds, white flowers and soft pink bracts from mid-summer until frost. The fragrant flowers are a butterfly magnet.

Developed by Susan Keiser of Ossining, NY. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 5, AHS 9, 4-6 feet, gr 1**

Item #: 00122 - 2 1/4" • 00124 - 4" • 00125 - Quick Turn

NEW

PINKY BELLS™ (Abelia 'Lynn' pp#20,604, cbr#)

This compact plant has the largest flowers of any abelia! Pendulous, lavender-pink flowers bloom from mid-summer to fall. New growth on the foliage and stems takes on red hues in late spring and autumn.

This cross between *Abelia schumannii* 'Bumblebee' and *Abelia zanderi* 'Little Richard' has a strong root system, healthy growth, and excellent container presentation. The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA Zone 6, AHS 8, 2-3' tall by 3-4' wide, gr 1

Item #: 00622 - 2 1/4" • 00624 - 4" • 00625 - Quick Turn

'Little Richard' (A. zanderi)

A dwarf cultivar with dark glossy leaves and abundant white flowers from late spring to summer. New growth is an attractive bright red.

A branch sport of 'Sherwood' discovered by Richard Currin.

USDA 6, AHS 9, 2-3 feet, gr 1

Item #: 00632 - 2 1/4" • 00634 - 4"

mosanensis

A hardy, fragrant Abelia! We obtained this deciduous species in Latvia, so we know it's hardy. Wonderfully fragrant, rich pink flowers – better fragrance than a lilac! Blooms adorn this plant from late May to early June. The glossy summer foliage turns an attractive orange-red in autumn. We have never seen any tip die-back on this plant even in years when other abelia cultivars are killed to the ground.

USDA 4, AHS 8, 5-6 feet, gr 1

Item #: 00552 - 2 1/4" • 00554 - 4"

Abeliophyllum White Forsythia

Family: Oleaceae (Abelio-phy-llum: Abelia-like leaves)

Abeliophyllum distichum

Resembles a Forsythia in most respects, except for its white flowers and shorter stature. Benefits from a hard pruning after flowering.

Red fall color. **USDA 4, AHS 9, 3-5 feet, gr 1**

Item #: 00722 - 2 1/4" • 00724 - 4"

'Roseum'

A very fine pink flowered version of the above. Not a dark pink, but a pleasant soft pink, that, in our opinion, is an improvement over the species.

USDA 4, AHS 9, 3-5 ft., gr 1

Item #: 00752 - 2 1/4" • 00754 - 4"

Acanthopanax sieboldianus Variegated Aralia

Family: Araliaceae (A-canth-o-panax: spiny panox, see-bold-ee-ah-nus: after Phillip Franz Siebold, a German eye doctor who collected plants in Japan when few others had access)

'Variegatus' (Syn. *Eleutherococcus* s. 'Variegatus')

Glossy, bright yellow and green variegated palmate leaves with small, weak spines at the petioles. An arching shrub that is very tough and tolerant requiring little care or attention.

USDA 4, AHS 8, 5-10 feet, gr 1

Item #: 00812 - 2 1/4" • 00814 - 4"

Aronia Chokeberry

Family: Rosaceae (Aro-nia: modified from Aria, a species of Sorbus)

'Autumn Magic'

Its name perfectly describes the magical mixture of red and purple autumn hues. Dark green, waxy summer foliage and white spring flowers add to the magic. Mass for the best show. **NATIVE: North America.**

USDA 3, AHS 9, 5-7 feet, gr 1 Item #: 02602 - 2 1/4" • 02604 - 4"

'Brilliantissima' (A. arbutifolia)

Fragrant white spring flowers, bright red glossy berries, shiny foliage, and brilliant red fall color unite to make a superb plant. The fall color can't be beat. **NATIVE: North America.**

USDA 4, AHS 9, 6-8 feet, gr 1

Item #: 02522 - 2 1/4" • 02524 - 4"

IROQUOIS BEAUTY™ (A. m. 'Morton')

A useful compact Aronia from the Morton Arboretum. It has the same beautiful flowers and fall color, but in a smaller package. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag required. **NATIVE: North America.**

USDA 3, AHS 9, 3 feet, gr 1 Item #: 02702 - 2 1/4" • 02704 - 4"

Top Seller! 'Viking'

We consider this one of the best Aronia cultivars. Attractive dark glossy leaves and superb red autumn hues make 'Viking' a winner. Attractive flower display appears earlier in spring than other selections. The large, attractive black fruit persists until spring. Developed in Europe as an orchard plant. Said to be high in vitamins.

NATIVE: North America. USDA 3, AHS 9, 3-5 feet, gr 1

Item #: 02852 - 2 1/4" • 02854 - 4"

Berberis thunbergii Barberry

Family: Berberidaceae (Berber-is: Arabic name; thunberg-ii: after Carl Peter Thunberg, Swedish botanist and plant explorer)

Top Seller! SUNJOY® GOLD PILLAR

(*B. t.* 'Maria', pp#18,082)

Similar in shape to 'Helmond Pillar', but with bright golden foliage and red new growth. Great garden architecture. Orange-red autumn foliage is stunning. Proven to be burn resistant in side-by-side tests with other yellow leafed barberries. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 4, AHS 8, 3-4 feet, gr 1.5

Item #: 03872 - 2 1/4" • 03874 - 4" • 03875 - Quick Turn

SUNJOY® GOLD BERET

(*B. t.* 'Talago', pp#20,602)

A unique dwarf, low-mounding gold barberry with attractive red new growth and red fall color. Proven to be burn resistant in side-by-side tests with other yellow leafed barberries. The propagation of, and/or the sale of plant parts is prohibited without a license

Patent/trademark tag and container required. **USDA 4, AHS 8, 6-12 in., gr 1.5**

Item #: 04132 - 2 1/4" • 04134 - 4" • 04135 - Quick Turn

NEW

SUNJOY® CINNAMON

(*Berberis thunbergii* 'Celeste' ppaf)

A whole new look for barberry. This plant will be a standout with its dark orange foliage and compact branching. An excellent plant for adding low-maintenance, season-long color to landscapes. Excellent for hedges and foundation plantings. The propagation

of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA Zone 4, AHS 8, 4-5' tall and wide, gr 1**

Item #: 03052 - 2 1/4" • 03054 - 4" • 03055 - Quick Turn

NEW

SUNJOY® CITRUS

(*Berberis thunbergii* 'Koren' ppaf)

Berberis 'Aurea' just got better. This bright yellow barberry has a neat, rounded habit that results in a uniformly ball-shaped plant with a good container presentation. This plant was evaluated for over five years in full sun to ensure excellent burn-resistance.

The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA Zone 4, AHS 8, 2-3' tall and wide

Item #: 03252 - 2 1/4" • 03254 - 4" • 03255 - Quick Turn

NEW

SUNJOY® MINI SAFFRON

(*Berberis thunbergii* 'Kasia' ppaf)

Looking for a dwarf mounded, golden-yellow barberry that grows fast enough to be profitable? This is it. This gem shines even in the heat of the summer as it has excellent burn resistance. The foliage has hints of

orange in the new growth and turns orange-red in fall. The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA Zone 4, AHS 8, 18-24" tall, 24-30" wide**

Item #: 03242 - 2 1/4" • 03244 - 4" • 03245 - Quick Turn

NEW

SUNJOY® MINI SALSA

(*Berberis thunbergii* 'Mimi' ppaf)

An improved 'Crimson Pygmy' with vivid, dark red foliage. It does not revert as does 'Crimson Pygmy', so every crop will be consistently compact and colorful. The propagation of and/or sale of plant parts

is prohibited without a license. Patent/trademark tag and container required. **USDA Zone 4, AHS 8, 18-24" tall and wide**

Item #: 03342 - 2 1/4" • 03344 - 4" • 03345 - Quick Turn

NEW

SUNJOY® SYRAH

(*Berberis thunbergii* 'Helen' ppaf)

Paint it black! This new barberry shines with its black-purple foliage and provides low-maintenance, season-long color to gardens. Its upright habit is good for hedging. This is an excellent, uniform cultivar well-suited to container production. The

propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA Zone 4, AHS 8, 4-5' tall and wide, gr 1

Item #: 03192 - 2 1/4" • 03194 - 4" • 03195 - Quick Turn

'Aurea'

Bright golden yellow foliage all season long.

USDA 4, AHS 8, 3-4 feet, gr 1

Item #: 03462 - 2 1/4" • 03464 - 4"

'Aurea Nana'

Compact habit and bright yellow foliage which turns bright red in autumn. Import permit required for Canadian shipments.

USDA 4, AHS 8, 24-36 in, gr 1.5

Item #: 03492 - 2 1/4" • 03494 - 4"

'Bagatelle'

Deep, dark red foliage and a more compact, rounded habit than 'Crimson Pygmy'. **USDA 4, AHS 8, 12-16 in, gr 1.5**

Item #: 03522 - 2 1/4" • 03524 - 4"

'Concorde'

A dwarf ball with velvety, deep purple foliage. Developed by Wavecrest Nursery. Listed on the federal rust-free barberry list. This is a beauty! Import permit required for Canadian shipments.

USDA 4, AHS 8, 18 in, gr 2

Item #: 03652 - 2 1/4" • 03654 - 4"

'Crimson Pygmy'

(*syn. atropurpurea* 'Nana')

Dense, low spreading, compact form and dark burgundy foliage. Our pure strain of true-to-name, dwarf, dense 'Pygmy' off our verified field stock plants. **AWARDS: AGM. USDA 4, AHS 8, 18-24 in, gr 1.5**

Item #: 03682 - 2 1/4" • 03684 - 4"

'Helmond Pillar'

This is an exquisite deep purple, narrow column. A real architectural beauty that adds structure and color to the garden.

USDA 4, AHS 8, 4-5 feet, gr 1.5

Item #: 03782 - 2 1/4" • 03784 - 4"

'Lime Glow'

A lime-green version of 'Rose Glow'. The bright foliage has enough green pigment to resist the leaf burn that can plague yellow-leafed varieties. Excellent fall color. Listed on the federal rust-free barberry list.

USDA 4, AHS 8, 3-4 feet, gr 1

Item #: 03852 - 2 1/4" • 03854 - 4"

'Rose Glow'

Colorful rose & pink mottled foliage matures to a deep purple. The remarkable, hot pinkish-purple autumn foliage actually glows. Import permit required for Canadian shipments.

AWARDS: AGM. USDA 4, AHS 8, 4-5 feet, gr 1.5

Item #: 03962 - 2 1/4" • 03964 - 4"

'William Penn'

(*B. x gladwynensis*)

A dense mounded evergreen with lustrous, dark green foliage and bronze winter color. Numerous, showy, bright yellow flowers light it up in April and May. Introduced by the Henry Foundation for Botanical Research. Dirr calls it "...the handsomest evergreen barberry."

USDA 6, AHS 9, 3-5 feet, gr 1 Item #: 03302 - 2 1/4" • 03304 - 4"

"This 'Blue Chip' is a designers delight!"

-Marc Jacobson,
Jacobson Landscape Design, LLC

LO & BEHOLD® 'BLUE CHIP' Buddleia

Betula nigra River Birch

Family: Betulaceae (Bet-ula: ancient Latin name, nigra: black)

FOX VALLEY® (B. nigra 'Little King')

A dwarf selection of river birch with cinnamon and cream exfoliating bark. A great little tree for smaller landscapes or can be used as a large shrub on commercial sites. River birch has excellent resistance to bronze birch borer. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag required.

USDA 4, AHS 9, 8-10 feet, gr 1
Item #: 04502 - 2 1/4" • 04504 - 4"

Buddleia davidii Butterfly Bush

Family: Loganiaceae (Buddle-ia: after Adam Buddle, English botanist)

LO & BEHOLD® 'BLUE CHIP'

(*Buddleia* x 'Blue Chip' pp#19,991, cbraf)

Lo & Behold buddleia changes the way you think about butterfly bush. 'Blue Chip' is a remarkable plant that blooms early and continuously without dead-heading or pruning. It can be used as a ground

cover, low hedge or in containers. Non-invasive. One of the highest rated cultivars in the RHS All European Buddleia Trial, and a 2010 Showstopper Plant for the NC Cooperative Extension Service. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 5, AHS 9, 24-30 inches, gr 0.5**

Item #: 07092 - 2 1/4" • 07094 - 4" • 07095 - Quick Turn

LO & BEHOLD® 'ICE CHIP'

(*Buddleia* 'Ice Chip' ppaf, cbraf)

You are going to love this dwarf, wide spreading addition to the Lo & Behold® series. Its pure white flowers jump against a backdrop of silvery foliage.

Not only seedless, it's continuous blooming

and requires no deadheading. Its neat, low spreading habit makes it the perfect ground covering plant. The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA Zone 5, AHS 9, 18-24" tall and 24-30" wide
Item#: 04614 - 4" 04615 - Quick Turn

LO & BEHOLD® 'LILAC CHIP'

(*Buddleia* 'Lilac Chip' ppaf, cbraf)

Like Denny Werner's other Lo & Behold® buddleia, 'Lilac Chip' is a dwarf, seedless variety which reblooms until frost without deadheading. 'Lilac Chip' has soft, lavender-pink flowers and is more compact

than 'Blue Chip'. The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA Zone 5, AHS 9, 18-24" tall and 24-30" wide
Item#: 04604 - 4" • 04605 - Quick Turn

LO & BEHOLD® 'PURPLE HAZE'

(*Buddleia* 'Purple Haze' ppaf, cbraf)

This gem has a unique, horizontal, low spreading habit with feathery, deep green leaves, making it an excellent ground covering plant. The dark purple-blue flowers radiate outward and downward like a

purple pinwheel. It's continuous blooming and is sterile so you don't get unwanted seedlings in the garden. Developed by Dr. Dennis Werner of NC State University. It is a violation of state and/or federal law to use a trademark without permission. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 5, AHS 9, 24-36" tall x 36" wide, gr 0.5
Item #: 04554 - 4" • 04555 - Quick Turn

BUDDLEIA CONTINUED

'Miss Ruby' (*B. x 'Miss Ruby'* ppaf, cbrat)

'Miss Ruby' is a sweetheart of a plant noted for its compact habit and remarkably vivid, rich pink blooms. The flower color is unlike that of any other buddleia. Developed by Dr. Dennis Werner of the JC Raulston Arboretum in NC. It is a violation of state

and/or federal law to use a trademark without permission. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **AWARDS:** #1 in 2008 RHS Buddleia Trials.

USDA 5, AHS 9, 4-5 feet, gr 0.5

Item #: 07044 - 4" • 07045 - Quick Turn

'Miss Molly' *Buddleia 'Miss Molly'* ppaf, cbrat

Good Golly Miss Molly! If you think 'Miss Ruby' has awesome flower color - this plant pushes the color spectrum even further with blooms boasting rich hues of dark Sangria-red. Red color may be more pronounced in the south. Developed by Dr. Dennis

Werner of NC State University. It is a violation of state and/or federal law to use a trademark without permission. The propagation of and/or the sale of plant parts is prohibited without license. Patent/trademark tag and container required.

USDA 5, AHS 9, 4-5 feet, gr 0.5

Item # 04534 - 4" • 04535 - Quick Turn

Buddleia 'Miss Ruby'

'Black Knight'

Relatively small blackish-purple flowers. Green leaves and an open habit.

USDA 5, AHS 9, 6-8 feet, gr 0.5 Item #: 04954 - 4"

'Ellen's Blue'

Perhaps the truest blue. Good sized flower heads and gray foliage.

USDA 5, AHS 9, 4-5 feet, gr 0.5 Item #: 05354 - 4"

English Butterfly™ Series

This is a great series of compact buddleia developed by Elizabeth Keep of East Malling, England. You'll love the way they look in containers and in gardens. They're fragrant, colorful and they attract butterflies. Treat them like a perennial in the north; cut back heavily in the spring for better flowering.

ADONIS BLUE™ (*B. davidii* 'Adokeep')

Deep blue flowers of good size (approx. 10 to 12 inches) and fragrance on a compact plant. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag and container required.

AWARDS: Silver Medal from Royal Boskoop. **USDA 5, AHS 9, 4-5 feet, gr 0.5**

Item #: 04674 - 4" • 04675 - Quick Turn

PEACOCK™ (*B. davidii* 'Peakeep')

Good sized (approx. 10 to 12 inches) pink flower heads on a neat compact plant. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag and container required.

USDA 5, AHS 9, 4-5 feet, gr 0.5

Item #: 04654 - 4" • 04655 - Quick Turn

PURPLE EMPEROR™ (*B. davidii* 'Pyrkeep')

Large mauve-purple blooms on a compact, neatly growing shrub. Blooms are approximately 5 to 6 inches in length. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag and container required.

USDA 5, AHS 9, 4-5 feet, gr 0.5 Item #: 04664 - 4" • 04665 - Quick Turn

USDA 5, AHS 9, 5-7 feet, gr 0.5 Item #: 06004 - 4"

'Summer Skies'

COLOR & CHOICE
PLANTING SUCCESS

(*Buddleia* 'Summer Skies' ppaf, cbraf)

A high-drama plant for the summer garden, its soft violet-blue flowers contrast beautifully with the bright yellow and white variegated foliage. This is a highly stable variety which is resistant to scorching.

Developed by William Smith and Mark Brand at the University of Connecticut. The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 5, AHS 9, 4-5 feet, gr 0.5

Item#: 06464 - 4" • 06465 - Quick Turn

Buxus Boxwood

Family: Buxaceae (Bux-us: ancient Latin name)

'Blauer Heinz'

(*B. sempervirens*)

Dwarf variety with blue-green foliage is ideal as hardy edging or mixing with flower borders. Needs little maintenance and color remains deep in partly shaded locations. **USDA 5, AHS 8, 1-2 feet, gr 2.5**

Item #: 07632 - 2 1/4" • 07634 - 4"

CHICAGOLAND GREEN®

(*B. x 'Glencoe'*)

A sister to 'Green Velvet', but faster growing. Compact spreading habit and excellent hardiness. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag required.

USDA 5, AHS 8, 2-3 feet, gr 1.5

Item #: 07752 - 2 1/4" • 07754 - 4"

'Graham Blandy'

(*B. sempervirens*)

Discovered in 1949 at Blandy Experimental Farm and named to honor Graham F. Blandy, who in 1926 bequeathed more than 700 acres of his property to the University of Virginia to establish the Experimental Farm. This English boxwood has a fantastic dense columnar form that contrasts well with any planting arrangement and also creates a fine hedge.

USDA 5, AHS 8, 6-9 feet, gr 2 Item #: 07682 - 2 1/4" • 07684-4"

'Green Gem'

A compact, hardy boxwood with outstanding hardiness and good winter color. Seldom needs pruning. A superior selection from Sheridan Nursery.

USDA 5, AHS 8, 3-4 feet, gr 1.5

Item #: 07762 - 2 1/4" • 07764 - 4"

GREEN ICE®

(*Buxus* 'Krazgreen', pp#10,773)

A hardy globe that maintains good green winter color and does not have the typical boxwood odor. From Conard-Pyle Nursery. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.

USDA 5, AHS 8, 4 feet, gr 1.5

Item #: 07782 - 2 1/4" • 07784 - 4"

'Green Mountain'

An extremely hardy hybrid with an upright form. Introduced by Sheridan Nurseries of Canada. **USDA 5, AHS 8, 4-5 feet, gr 1.5**

Item #: 07802 - 2 1/4" • 07804 - 4"

'Green Velvet'

A compact, rounded plant with outstanding hardiness and dark glossy leaves. A superior selection from Sheridan Nurseries.

AWARDS: GCA. **USDA 5, AHS 8, 2-3 feet, gr 1.5**

Item #: 07852 - 2 1/4" • 07854 - 4"

BUXUS CONTINUED

NORTH STAR™ (B. s. 'Katerberg', pp#15,998, cbr#2635)

A hardy, dense globe that requires little if any pruning to form a low, dense, thick hedge. Shiny dark leaves maintain good winter color. Developed by Gary Katerberg of Evergreen Nursery in Michigan. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 5, AHS 8, 2-3 feet, gr 1.5

Item #: 07722 - 2 1/4" • 07724 - 4" • 07725 - Quick Turn

WEDDING RING™

(*Buxus microphylla* var. *koreana* 'Eseles', ppaf, cbrf)

There are other variegated boxwood but no others with the hardiness and gloss of Wedding Ring™. This hardy, compact box comes from Gary Katerberg, the same breeder that brought us North Star™. This evergreen

has rich, glossy green foliage with a lime margin that matures to gold as summer progresses. It holds its color in summer and winter. It is a violation of state and/or federal law to use a trademark without permission. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA Zone 5, AHS 8, 1-3', gr. 2

Item # 07612 - 2 1/4" • 07614 - 4" • 07615 - Quick Turn

NORTH STAR™ Buxus

WEDDING RING™ Buxus

Callicarpa Beautyberry

Family: Verbenaceae (Callicar-pa: Greek for beautiful fruit)

'Profusion' (*C. bodnieri*)

A profusion of violet fruit clusters adorn this plant in autumn. Known for its bronze-purple new growth and its dark green foliage. Treat it like a perennial in the north; cut it back hard in early spring. **AWARDS:** AGM.

USDA 5, AHS 8, 4-10 ft., gr 0.5

Item #: 08102 - 2 1/4" • 08104 - 4"

'Early Amethyst' (*C. dichotoma*)

Bright purple berries appear earlier in fall than other varieties providing more enjoyment and better sales. Brought to our attention by the Arnold Arboretum. Some say it is the same plant as *C. 'Issai'*.

USDA 5, AHS 8, 3-4 feet, gr 0.5

Item #: 08152 - 2 1/4" • 08154 - 4"

Calycanthus Sweetshrub

Family: Calycanthaceae (Caly-can-thus: Greek for calyx and flower)

NEW

'APHRODITE'

Calycanthus 'Aphrodite' ppaf, cbrf

A new, improved hybrid calycanthus with large, bright red magnolia-like flowers. Unlike 'Hartlage Wine', it is very fragrant. This rebloomer has nice, glossy foliage, too. Developed by Dr. Tom Ranney of NC State.

The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA Zone 5, AHS 9, 5-6' tall and wide

Item #: 08364 - 4" 08365 - Quick Turn

'Hartlage Wine' (*C. x raulstonii*)

A hybrid between *Sinocalycanthus* and *Calycanthus*. This sweetshrub has large maroon, magnolia-like flowers with little fragrance. Superb glossy foliage and strong growth. Hybridized by Richard Hartlage while at NCSU.

USDA 6, AHS 9, 6-8 feet, gr 1 Item #: 72914 - 4"

Cephalanthus occidentalis Buttonbush

Family: Rubiaceae (Ce-falan-thus: Greek compound, heard and flower, or flowers in heads)

'Sputnik'

A large flowered, long blooming selection of our native buttonbush. Attractive light pinkish-white spherical flower heads in mid-summer. It has a nice form and glossy foliage. Best suited for moist to wet soils. Steve Bieberich of Sunshine Nursery found this buttonbush in a native stand in Oklahoma. **NATIVE. USDA 5, AHS 10, 5-12 feet, gr 1**
Item #: 09072 - 2 1/4" • 09074 - 4"

Cephalotaxus harringtonia Plum Yew

Family: Cephalotaxaceae (Ceph-a-lo-tax-us: Greek compound meaning flowering in heads or clusters)

'Duke Gardens'

Discovered as a horizontally spreading sport of 'Fastigiata' in 1959 at Sarah P. Duke gardens in Durham, NC. It has dense growth and dark foliage – a striking and reliable foundation shrub. This is a female form of plum yew and if a male is planted in the vicinity, 'Duke Gardens' will bear fruit. **AWARDS: PHS Gold Medal. USDA 6(5), AHS 10, 2-3 feet, gr 2**
Item #: 09102 - 2 1/4" • 09104 - 4"

'Fastigiata'

An attractive columnar form that is commonly used in place of *Taxus* 'Hicksii' because it is heat tolerant and deer resistant. The narrow, soft needles are arranged spirally on the stem presenting a unique textural quality. **USDA 6(5), AHS 9, 8-10 ft., gr 2**
Item #: 09152 - 2 1/4" • 09154 - 4"

'Fritz Huber'

Elegant low, prostrate selection of Japanese plum-yew. Six years in our test garden, it has proven to be an attractive, hardy evergreen that holds color through winter. This deer resistant plant, known for its shade tolerance, has also been reported to be sun tolerant as far south as Houston, Texas. **USDA 6(5), AHS 10, 2-3 feet, gr 2**
Item #: 09182 - 2 1/4" • 09184 - 4"

NEW

'McCorkle'

Semi-whorled evergreen foliage is attractive year-round. This variety has a vigorous, V-shaped habit that is intermediate between 'Fastigiata' and 'Duke Gardens'. **USDA 6(5), AHS 9, 5' tall and wide, gr 2**
Item #: 09192 - 2 1/4" • 09194 - 4"

Cercis Redbud

Family: Fabaceae (Cers-us: ancient Greek name)

'Don Egolf' (*C. chinensis*)

A compact redbud from the National Arboretum. Vivid rosy-mauve flowers cover every inch of the stems in spring. A great choice for small gardens. Handsome, dark green foliage and good disease resistance. As an added bonus, it produces no seed. Named in honor of the late great plant breeder Don Egolf. **USDA 6, AHS 8, 6-8 feet, gr 1.5**
Item #: 09602 - 2 1/4" • 09604 - 4"

Staff Pick!

Cercis 'Don Egolf' – "I've always loved red bud, but it's too big and messy for my small yard. 'Don Egolf' will wow you with the flowers – and no messy seeds or seedlings to clean up".

– Gail Berner, Propagation Manager

Chaenomeles Quince

Family: Rosaceae (Chaenomeles: Greek compound, split apple, for the fruit was thought to split)

Double Take™ Quince Collection

A double take is what you'll do when you see these new quince varieties. The Double Take™ series gives quince a complete makeover, starting with a spectacular display of big, double, camellia-like flowers in early spring. Look further and you'll also

notice these plants are thornless! These drought tolerant plants are excellent for hedging, mass planting, and flower arranging. They generally do not produce fruit. Developed by Dr. Thomas Ranney and his team at the Mountain Horticultural Crops Research & Extension Center in Asheville, NC. It is a violation of state and/or federal law to use a trademark without permission. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 5, AHS 9, 4-5' tall and wide, gr. 1**

DOUBLE TAKE™ 'ORANGE STORM'

Chaenomeles speciosa 'Orange Storm' ppaf

Big, bright orange camellia-like blooms burst open in early spring with occasional repeat blooms.

Item#: 10202 - 2 1/4" • 10204 - 4" • 10205 - Quick Turn

DOUBLE TAKE™ 'PINK STORM'

Chaenomeles speciosa 'Pink Storm' ppaf

Deep pink flowers put on a stunning spring show in the garden center or the home garden.

Item#: 10352 - 2 1/4" • 10354 - 4" • 10355 - Quick Turn

DOUBLE TAKE™ 'SCARLET STORM'

Chaenomeles speciosa 'Scarlet Storm' ppaf

Big, dark red, velvety flowers are a sight to behold in early spring. Occasional repeat blooms.

Item#: 09462 - 2 1/4" • 09464 - 4" • 09465 - Quick Turn

'Toyo-Nishiki'

A Japanese classic with its rare combination of red, white, and pink flowers creates a rousing floral display. Upright growth habit.

USDA 5, AHS 9, 3-5 feet, gr 1

Item #: 10002 - 2 1/4" • 10004 - 4"

'Cameo' (*C. x superba*)

Romantic, fully double, peach colored flowers in May. Very nice.

USDA 5, AHS 9, 4-5 feet, gr 1

Item #: 10052 - 2 1/4" • 10054 - 4"

'Crimson and Gold' (*C. x superba*)

Large, velvety, crimson red flowers with bright golden stamens and a low spreading habit. **USDA 5, AHS 9, 4-5 feet, gr 1**

Item #: 10082 - 2 1/4" • 10084 - 4"

DOUBLE TAKE™ 'ORANGE STORM' *Chaenomeles*

DOUBLE TAKE™ 'PINK STORM' *Chaenomeles*

DOUBLE TAKE™ 'SCARLET STORM' *Chaenomeles*

Chamaecyparis False Cypress

Family: Cupressaceae (Chamaecyparis: Greek for a dwarf or on the ground cypress)

'Blue Feathers' *Chamaecyparis obtusa*

A dense, compact evergreen with feathery, juvenile foliage. Branches twist upward to expose the blue underside — very unusual.

USDA 4, AHS 8, 4-5 feet, gr 2

Item # 10582 - 2 1/4" • 10584 - 4"

lawsoniana 'Oregon Blue'

A narrow columnar selection with attractive blue foliage that gracefully droops at the tips. Strong growing. **Native.**

USDA 5, AHS 9, 15-30 feet, gr 1

Item #: 10502 - 2 1/4" • 10504 - 4"

l. 'Sullivan'

A hardy selection of Oregon cedar that has its beginnings in Lake County, Ohio. This tough, narrow pyramidal evergreen has attractive foliage with weeping tips reminiscent of Eastern hemlock. Very shade tolerant and thus makes a great alternative for hemlock in areas affected by hemlock woolly adelgid **Native.** **USDA 5, AHS 9, 12-20 feet, gr 1**

Item #: 10552 - 2 1/4" • 10554 - 4"

AMAIZE N' BLUE™

(*Chamaecyparis lawsoniana* 'Minlem' ppaf, cbraf)

A cute little chamaecyparis, with blue-green juvenile foliage. It is a compact, upright, pyramidal plant with soft foliage. It looks great in containers or as a small accent plant. It was selected from a seedling of 'Ellwood's Gold' by Minier Nursery. It is a violation of state and/or federal law to use a trademark without permission. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 6b, AHS 9, 12-48" tall x 6-24" wide; gr 2

Item # 10512 - 2 1/4" • 10514 - 4" • 10515 - Quick Turn

NEW

obtusa 'Confucius'

Yellow hinoki cypress. Bright lemon-yellow foliage with darker foliage on the interior of the plant. Faster growing than 'Aurea Nana' this gem forms a broadly pyramidal, upright plant.

USDA 4, AHS 9, 5-10' tall and wide, gr 2

Item#: 10572 - 2 1/4"

obtusa 'Crippsi'

Golden Fern-leaf False cypress. A small, loosely conical tree with golden fern-like foliage. One of the most elegant small golden conifers.

AWARDS: AGM. USDA 5, AHS 8, 6-12 feet, gr 2

Item #: 10602 - 2 1/4" • 10604 - 4"

o. 'Fernspray Gold'

A broad upright evergreen with flat sprays of bright lime green to gold foliage that at times take on an orange cast in winter. Similar to 'Tetragona Aurea'. Discovered by Duncan & Davies Nursery in New Zealand.

USDA 5, AHS 8, 6-12 feet, gr 1.5

Item #: 10922 - 2 1/4" • 10924 - 4"

o. 'Filicoides'

An irregular pyramidal conifer with twisted pendulous clusters of bright green fern-like foliage. An excellent specimen plant.

USDA 5, AHS 8, 8-12 feet, gr 2

Item #: 10682 - 2 1/4" • 10684 - 4"

o. 'Gracillis Compacta'

A broad, low conical form that resembles C. 'Nana Gracilis' but slightly larger and faster growing. Fan-shaped of bright green, evergreen foliage.

USDA 5, AHS 8, 12 feet, gr 2

Item #: 10752 - 2 1/4" • 10754 - 4"

NEW

'Lemon Twist'

A rounded plant with unusual golden, thread-like foliage adorned with cockscombs and fans. Color is most intense in winter months. Selected by Bucholz & Bucholz in Gaston, Oregon. Prefers moist, well-drained soil with afternoon shade in the summer.

USDA 5, AHS 9, 3-4' tall and wide, gr 2

Item#: 10742 - 2 1/4"

o. 'Meroke'

A fine dwarf Hinoki Cypress with bright green foliage and an irregular upright growth habit.

USDA 5, AHS 8, 4-5 feet, gr 2

Item #: 10802 - 2 1/4" • 10804 - 4"

o. 'Verdoni'

A golden selection of dwarf Hinoki Cypress with fine burn-resistant foliage and an interesting contorted, narrow, upright shape.

USDA 5, AHS 8, 5-8 feet, gr 2

Item #: 10852 - 2 1/4" • 10854 - 4"

pisifera 'Gold Mop'

(syn. *C. pisifera* 'Mops', 'Filifera Golden Mop', 'Golden Mops')

Yellow scale-like foliage covers the thin pendulous stems. Relatively low, semi-weeping habit. The golden-yellow color stays that way if the plant is sited in full sun, unlike many other "golden" cultivars which fade to yellow-green by mid-summer.

USDA 5, AHS 8, 5-6 feet, gr 1.5

Item #: 11922 - 2 1/4" • 11924 - 4"

p. 'Gold Spangle'

A slow growing evergreen that becomes conical with age. Its bright yellow foliage is a mix of fans and threads, and it holds its color throughout the year.

USDA 5, AHS 8, 10-12 feet, gr 1.5

Item #: 11952 - 2 1/4" • 11954 - 4"

p. 'Mini Variegated'

A dwarf round globe with gray green foliage dotted with creamy white variegation.

USDA 4, AHS 8, 30 inches, gr 2

Item #: 11932 - 2 1/4" • 11934 - 4"

SOFT SERVE®

(*C. pisifera* 'Dow Whiting', pp#20,883, cbr#3636)

A compact, conical chamaecyparis with graceful, soft fern-like branching. The leaves are bright green on top and flecked with silver-blue on the underside. A great substitute for dwarf Alberta spruce. A sport of

'Boulevard' discovered by Dow Whiting of Great View Nursery in Highlandville, MO. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 5, AHS 8, 6-10 feet, gr 1

Item #: 10952 - 2 1/4" • 10954 - 4" • 10955 - Quick Turn

p. 'Sungold'

A slow growing globe or broad pyramid with bright, golden thread-like foliage that does not fade in the summer.

USDA 4, AHS 8, 30-36 in., gr 1.5

Item #: 12022 - 2 1/4" • 12024 - 4"

Top Seller! *p.* 'Vintage Gold'

A fern-leaf form of 'Gold Mops'. A strong growing golden mound.

Fern-like foliage is soft and attractive. The bright yellow foliage holds its color well and does not fade in the summer or winter. An introduction from Seven Springs Nursery, OH.

USDA 4, AHS 8, 18-30 in., gr 1.5

Item #: 12082 - 2 1/4" • 12084 - 4"

'Argenteo-marginata' (*C. alba*)

The variegated form of red twig dogwood.

USDA 3, AHS 8, 5-8 feet, gr 1.5
Item #: 17002 - 2 1/4" • 17004 - 4"

'Bailey' (*C. stolonifera*)

A strong growing, non-stoloniferous shrub with dark red stems.

NATIVE: North America.
USDA 3, AHS 8, 8-10 feet, gr 1
Item #: 18652 - 2 1/4" • 18654 - 4"

'Cardinal' (*C. stolonifera*)

Stems change from coral in fall to a deep, cherry red in winter. Developed by the Minn. Landscape Arboretum. **NATIVE:** North America. **USDA 3, AHS 8, 8-10 feet, gr 1**

Item #: 18702 - 2 1/4" • 18704 - 4"

IVORY HALO® (*C. alba* 'Bailhalo', pp#8722)

A compact variegated dogwood with dark red winter twigs. Selected at Bailey Nursery. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.

USDA 3, AHS 8, 5-6 feet, gr 1.5
Item #: 17152 - 2 1/4" • 17154 - 4"

Top Seller! GOLDEN SHADOWS®

(*C. alternifolia* 'W. Stackman', pp#11,287)

A remarkable new pagoda dogwood that will make you say "Wow!" A "must-have" plant with its robust hosta-like variegated foliage. The large heart shaped leaves are bright yellow, dotted with an irregular green thumbprint, and the new growth is often flushed with hues of reddish-orange. Attractive lacy white flowers in spring add to its charm. It is at its best when planted in filtered shade. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 3, AHS 8, 10-12 ft., gr 1.5**

Item #: 17502 - 2 1/4" • 17504 - 4"

'Hedgerows Gold' (*C. stolonifera*)

The attractive, irregular gold margin surrounds an emerald green center. In the spring the bright young foliage contrasts wonderfully with its deep red stems. Introduced by the superb plantsman David Mason of Hedgerows Nursery, Oregon. Tolerant of poor drainage. **NATIVE:** North America. **USDA 3, AHS 8, 7-9 feet, gr 1**

Item #: 18672 - 2 1/4" • 18674 - 4"

'Midwinter Fire' see 'Winter Flame'

'Winter Flame' (*C. sanguinea*)

Brightly colored winter stems flicker yellow, orange and red to warm the winter tundra. Great for fresh and dried flower arrangements. **NATIVE:** North America.

USDA 4, AHS 7, 8-10 feet, gr 1

Item #: 18402 - 2 1/4" • 18404 - 4"

Cotinus coggygia Smokebush

Family: Anacardiaceae (Cotin-us: Ancient Greek name of double application)

GOLDEN SPIRIT™ (*C. coggygia* 'Ancot', pp#13,082)

A yellow leafed smokebush from the Netherlands. The golden yellow leaves transform to shades of coral, orange and red in autumn. The leaves do not scorch in direct sunlight. Discovered by Harn Sanders and Christina Bastiana Adriana of Boskoop. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **AWARDS:** Way Hot 100. **USDA 4, AHS 8, 8-10 feet, gr 1**

Item #: 19632 - 2 1/4" • 19634 - 4"

'Grace' (*C. x dummeri*)

A real gem that resulted as a cross between our native species *C. obovatus* and *C. 'Velvet Cloak'*. Attractive new leaves emerge an intense wine-red and mature to dusky-reddish-blue before turning bright orange-red in fall. Masses of extremely large, deep pink panicles cover this beauty in early summer. Use as a large shrub or train into a small tree. Hybridized by Peter Dummer, former propagator at Hillier Nurseries in Winchester, U.K. **NATIVE:** North America. **AWARDS:** AGM.

USDA 4, AHS 8, 10-15 feet, gr 1

Item #: 19812 - 2 1/4"

'Royal Purple'

Deep wine-purple foliage glows when backlit by the sun. Noted for holding its color better than other purple selections. Pinkish-red smoke-like blooms in early to mid-summer. Excellent red-purple-pink fall color.

USDA 4, AHS 8, 8-10 feet, gr 1

Item #: 19752 - 2 1/4"

'Young Lady'

This precocious beauty lives to bloom. Even as a one gallon, every terminal bud results in a bloom. A real show stopping impulse plant. Developed by Hendrik Kolster of Boskoop, Netherlands. Excellent orange-red fall color. **USDA 4, AHS 8, 8-10 feet, gr 1**

Item #: 19802 - 2 1/4" • 19804 - 4"

Cotoneaster Cotoneaster

Family: Rosaceae (Cotoneas-ter: Latin meaning quince-like, from the leaves of some species)

apiculatus

Cranberry cotoneaster is a graceful, low spreading form with glossy leaves, pink flowers and bright red berries.

USDA 5, AHS 7, 3 feet, gr 1

Item #: 20502 - 2 1/4" • 20504 - 4"

'Coral Beauty' (*C. dammeri*)

A low-spreading rapid grower with glossy leaves and coral berries.

USDA 5, AHS 8, 1-2 feet, gr 1

Item #: 20702 - 2 1/4" • 20704 - 4"

'Hessei' (*C. horizontalis*)

A wonderfully textured plant with a neat and tidy habit. A fine spreading plant with rich burgundy fall color. Good resistance to both spider mites and fire blight! Introduced by the Morton Arboretum. **AWARDS:** PSC.

USDA 4, AHS 7, 18 in., gr 1.5

Item #: 21802 - 2 1/4" • 21804 - 4"

LITTLE DIPPER™ (*C. procumbens* 'Gerald' ppaf, cbrf)

A very fine, low-growing, thick matted cotoneaster with white flowers in spring and red berries in late summer. Its dense low habit make it less prone to catching leaves compared to other cotoneasters. The propagation of, and/or the sale of plant parts is prohibited without a license.

USDA 5, AHS 8, 6-12 in., gr 1

Item #: 21332 - 2 1/4" • 21334 - 4"

'Mooncreeper' (*C. dammeri*)

Forms a lustrous dark green mat adorned with large white flowers. It's quite popular in the Southeast and continues to grow in popularity elsewhere.

USDA 5, AHS 8, 10-18 in., gr 1

Item #: 20802 - 2 1/4"

'Scarlet Leader' (*C. salicifolius*)

A beautiful selection noted for heavy crops of scarlet fruit and dark green leaves. A rapid grower with a low, mounded, spreading habit.

USDA 5, AHS 8, 1-2 feet, gr 1

Item #: 21552 - 2 1/4" • 21554 - 4"

'Tom Thumb' (*C. adpressus*)

A low cushion forming plant with glossy dark green leaves. Great for rock gardens or planted to creep over a wall or path. Pink flowers and red fruit. Superb red autumn foliage.

USDA 4, AHS 8, 2-6 in., gr 1.5

Item #: 20002 - 2 1/4" • 20004 - 4"

Cytisus Scotch Broom

Family: Fabaceae (Cy-tis-us: Greek name for a kind of clover)

Hardy Broom *Cytisus purgans*

This drought-tolerant plant has bright yellow flowers in May and June. Nearly leafless evergreen stems add interesting texture to gardens year-round.

USDA Zone 4, AHS 8, 4-6' tall and wide, gr 1

Item #: 22302 - 2 1/4"

Cytisus scoparius

The common broom is a nearly leafless evergreen with colorful, fragrant pea-like flowers in spring and wispy, grass-like foliage. Tolerant of wind, sea shore conditions, and infertile soil, brooms add color and texture to gardens.

USDA 6(5), AHS 9, 3-6 feet, gr 1

'Burkwoodii'

An upright form with pink-red flowers. A vigorous, bushy grower. The blooms of 'Burkwoodii' begin bright red with whispers of yellow and then darken to maroon and purple-burgundy.

Item #: 22322 - 2 1/4" • 22324 - 4"

'Lena'

The maroon buds of 'Lena' open to dazzling lemony-yellow to orange flowers in late May to June. Only 3' to 4' tall and wide. A *C. dallimorei* hybrid.

Item #: 22332 - 2 1/4" • 22334 - 4"

'Madame Butterfly'

Masses of fragrant yellow flowers with red throats float amongst the grassy foliage.

Item #: 22342 - 2 1/4" • 22344 - 4"

'Moonlight'

Masses of moonlight yellow flowers. Upright habit to 5' or 6' tall.

Item #: 22352 - 2 1/4" • 22354 - 4"

Daphne Daphne

Family: Thymelaeaceae (Daph-ne: Greek name of *Laurus nobilis* (Laurel or Sweet Bay))

'Summer Ice' (*D. x transatlantica*)

This free flowering variegated beauty bears spicy-sweet flowers that start pink and open white. Continuous flushes of blooms from early spring to frost. Some consider the fragrance to be better than that of lilac. Selected by Robert Ticknor, Ph.D. now retired from the North Willamette Research and Extension Center in Oregon. **USDA 5, AHS 8, 2-3 feet, gr 1**

Item #: 22432 - 2 1/4"

tangutica

A favorite in our garden, this semi-evergreen shrub delivers fragrant spring flowers and attractive glossy foliage. The rose-purple flower buds unfurl to white with a purple throat. The blooms last from early spring to mid-summer with an occasional rebloom thereafter. Attractive orange-red fruits. **USDA 6, AHS 9, 2-3 feet, gr 1**

Item #: 22502 - 2 1/4" • 22504 - 4"

Deutzia Deutzia

Family: Saxifragaceae (Deu-tzia: after Johann van der Deutz, 1743-1784, patron of Thunberg)

CHARDONNAY PEARLS®

(*D. gracilis* 'Duncan', pp#16,098, cbr#2640)

Attractive, crisp, lime-yellow foliage provides season long garden color long after the pure white, pearl-like buds explode into a shower of fragrant spring time flowers. An attractive compact shrub with lots

of impulse appeal. Great for the perennial garden or shrub borders. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 5, AHS 8, 20-36 in., gr 1**

Item #: 22822 - 2 1/4" • 22824 - 4" • 22825 - Quick Turn

'Nikko' (*D. gracilis*)

Ground Cover

A graceful, low spreading gem with abundant white flowers and attractive, burgundy fall color. It makes a first class ground cover! **AWARDS: PSC, FIRST CHOICE, GMPA. USDA 5, AHS 8, 12-24 in., gr 1**

Item #: 22872 - 2 1/4" • 22874 - 4"

Consumer Comment!

"Chardonnay Pearls plant has become one of my all time favorites. I planted seven in a grouping/clump in a semi-sunny location receiving mostly afternoon into evening sun. They have grown very well and in spring deliver a show stopping performance of heavy blooms. The white flower against the lime gold foliage pops especially when planted against the dark green of arborvitae. If you see this plant in your local nursery, BUY IT!"

— David, Indiana

Diervilla Bush Honeysuckle

Family: Caprifoliaceae (Diervil-la: after N. Dierville, a French surgeon and plantsman)

'Butterfly' (*D. sessilifolia*)

A Dutch selection with rich yellow flowers held in upright clusters from May to July. The foliage is bright green and clean. The habit is neat, well branched and never floppy like other cultivars. Adaptable to dry shady locations. A wonderful selection by Pieter Zwijnenburg of the Netherlands.

NATIVE: North America. USDA 4, AHS 8, 3-5 feet, gr 1

Item #: 24204 - 4"

'Copper' (*D. lonicera*)

Copper-red new growth is an added dimension to this tough native. A superior plant to *D. x splendens*. Yellow flowers in mid-summer. Great for dry sites. **NATIVE: North America. USDA 3, AHS 7, 2-3 feet, gr 1**

Item #: 24054 - 4"

Lonicera

A compact, spreading form with yellow flowers in mid-summer. Great for dry sites. **AWARDS: PSC, FIRST CHOICE. NATIVE: North America.**

USDA 3, AHS 7, 3 feet, gr 1

Item #: 24002 - 2 1/4" • 24004 - 4"

Euonymus alatus Burning Bush

Family: Celastraceae (Euon-ymus: Ancient Greek name; ala-tus: winged)

CHICAGO FIRE[™] (*E. alatus* 'Timber Creek')

A hardier selection of burning bush! The brilliant fire-red fall foliage color appears earlier than that of 'Compacta'. Attractive orange fruit. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag required. **USDA 3, AHS 9, 8-10 feet, gr 1.5**
Item #: 25032 - 2 1/4" • 25034 - 4"

'Compacta'

The ubiquitous burning bush that becomes conspicuous each autumn. Compact branching does not mean dwarf by any means. Full sun is necessary for good fall color. **USDA 4, AHS 9, 8-10 feet, gr 1.5**
Item #: 25062 - 2 1/4" • 25064 - 4"

Top Seller! FIRE BALL[®] (*E. alatus* 'Select')

An improved selection of 'Compacta' with tighter branching and superior stem hardiness. No winter damage, even after the coldest of winters, when 'Compacta' may die back. Outstanding fall color!

Selected at Cole Nursery. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 4, AHS 9, 5-7 feet, gr 1.5**
Item #: 25182 - 2 1/4" • 25184 - 4" • 25185 - Quick Turn

'Rudy Haag'

This is a great plant! A true dwarf selection with consistent red fall color. Selected at the Bernheim Arboretum. **USDA 4, AHS 9, 3-5 feet, gr 2.5**
Item #: 25202 - 2 1/4" • 25204 - 4"

UNFORGETTABLE FIRE[®] (*E. alatus* 'Michael Hayman', pp#21634, cbrf) **Compact**

A new compact form of burning bush with dense, fine branching and smaller leaves. This selection is a superior production plant and makes a much fuller container. Outstanding fall color! Developed by noted plantsman and photographer Michael Hayman of Louisville, KY. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 4, AHS 9, 5-7 feet, gr 1.5
Item #: 25212 - 2 1/4" • 25214 - 4"

Euonymus fortunei Euonymus

Family: Celastraceae (Fortun-e-i: for Robert Fortune, 1812-1880, English botanist)

Top Seller! BLONDY[®] (*E. f.* 'Interbolwi' pp#10,424)

A colorful shrub with big, clear yellow thumb prints in the center of each leaf. Bright yellow stems. Popular in Europe, where it has replaced 'Sunspot'! Discovered by Bolwijn Nursery in the Netherlands. Great impulse plant. The propagation of, and/or the sale of plant

parts is prohibited without a license. Patent/trademark tag and container required. **USDA 5, AHS 9, 18-24 in., gr 1.5**
Item #: 25502 - 2 1/4" • 25504 - 4" • 25505 - Quick Turn

GOLD SPLASH[®] (*E. f.* 'Roermertwo')

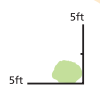

A sport of 'Emerald n' Gold' with big round leaves displaying a thick, deep golden-yellow edge. Extremely showy. Excellent impulse appeal. Yellow fruit and orange seeds are beautiful and persistent. Excellent hardiness, too. A wonderful introduction by Roemer

Nursery. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag and container required.

USDA 5, AHS 9, 18 inches., gr 1
Item #: 25662 - 2 1/4" • 25664 - 4" • 25665 - Quick Turn

NEW **WHITE ALBUM™** *(Euonymus fortunei 'Alban' ppaf, cbraf)* 

As a grower, you'll love this new and improved form of 'Emerald Gaiety' with its superior leaf spot resistance and consistent growing habit. Landscapers and gardeners will appreciate its bright leaves that set it apart from older varieties. The stable variegation has a large, cream-colored border around the perimeter of the large evergreen leaves.

The propagation of and/or sale of plant parts is prohibited without a license.

Patent/trademark tag and container required.

USDA 5, AHS 9, 18-24" tall and wide
Item #: 25482 - 2 1/4" • 25484 - 4" • 25485 - Quick Turn

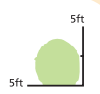

WHITE ALBUM™ *Euonymus*

Exochorda Pearl-Bush

Family: Rosaceae (Exo-chorda: Greek, meaning external chord, referring to a structure in the carpel)

SNOW DAY™ SURPRISE (E. 'Niagara', pp#21,665, cbraf) 

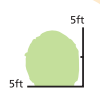

A flood of spring flowers, this new and improved pearl-bush comes from Herman Geers, the breeder of Wine & Roses® weigela. It's a cross between *E. x macrantha* 'The Bride' and *E. racemosa*. The result is larger flowers and a more compact, broadly upright growth habit. It is a much better production plant than 'The Bride'.

The propagation of, and/or the sale of plant parts is prohibited without a license.

Patent/trademark tag and container required. **USDA 4, AHS 9, 3-4 feet, gr 1**

Item #: 26032 - 2 1/4" • 26034 - 4" • 26035 - Quick Turn

SNOW DAY™ 'BLIZZARD' (Exochorda x 'Blizzard' ppaf, cbraf) 

This new pearl-bush will blow you away. It is a blizzard of blooms just in time for spring retail sales! It has extra large flowers that are roughly twice the size of those of 'The Bride.' It can be pruned to keep it small or trained into a small tree. It is a violation of state and/or federal law to use a trademark without permission. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA Zone 4, AHS 9, 5-6' tall and wide, gr 1

Item # 26022 - 2 1/4" • 26024 - 4" • 26025 - Quick Turn

SNOW DAY™ SURPRISE *Exochorda*

Forsythia Forsythia

Family: Oleaceae (Forsythia: after William Forsyth, 1737-1800, English horticulturist)

'Fiesta' (*F. x intermedia*) 

Festive yellow and green variegated leaves and red stems create a big splash. Oh yes, it flowers too! Introduced by Duncan & Davies of New Zealand. **USDA 4, AHS 9, 6-8 feet, gr 1**

Item #: 26302 - 2 1/4" • 26304 - 4"

GOLD TIDE® (*F. x 'Courtasol'*, pp#9104) **Ground Cover** 

A dwarf low spreading forsythia derived from a mutation of 'Spring Glory'. Attractive feathery, fresh, light green foliage delivers wonderful texture.

Use as a groundcover or for massing. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. Awards: RHS Award of Garden Merit.

USDA 5 AHS 9, 24-30 in. x 4 ft., gr 1

Item #: 26502 - 2 1/4" • 26504 - 4"

'Kumson' (*F. viridissima koreana*) 

A unique variegated forsythia that we discovered in Korea. Dark green leaves are accented with an attractive network of silver veins. Typical forsythia flowers with an upright arching habit.

USDA 4, AHS 8, 4-6 feet, gr 1

Item #: 26132 - 2 1/4" 26134 - 4"

FORSYTHIA CONTINUED

'Lynwood' (*F. x intermedia*)

An old time favorite with an upright spreading habit and big yellow flowers up the entire length of stem. Often incorrectly called Lynwood Gold.

AWARDS: AGM. **USDA 4, AHS 9, 6-8 feet, gr 1**

Item #: 26702 - 2 1/4" • 26704 - 4"

'New Hampshire Gold' (*F. x intermedia*)

A favorite full sized forsythia! A finely branched, compact ball of gold. Flower hardy to -35° F. Attractive red-purple fall color. Superior in flower and in habit! Hybridized by the late Paul Joly of Windsor Road Nursery, NH.

USDA 3, AHS 9, 5-6 feet, gr 1

Item #: 26792 - 2 1/4" • 26794 - 4"

SHOW OFF™ (*F. x 'Mindor', ppaf*)

Show off your colors with this forsythia's abundant, large, golden flowers and dark green foliage. A compact, rounded plant with a full and showy flower display from the ground up. Developed by Minier Nursery, France. The propagation of and/or the sale

of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 4, AHS 9, 5-6 feet, gr 1**

Item #: 26782 - 2 1/4" • 26784 - 4" • 26785 - Quick Turn

SHOW OFF™ STARLET

(*F. x 'Minfor6', ppaf, cbrat*)

The same fabulous flower display you get with Show Off™, but in a smaller package. This dwarf forsythia is a mass of bright yellow spring flowers from base to tip, and is a fantastic impulse

item for early spring sales. From Minier Nursery of France. It is a violation of state and/or federal law to use a trademark without permission. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA Zone 5, AHS 9, 24-36" tall and wide, gr 1**

Item # 26742 - 2 1/4" • 26744 - 4" • 26745 - Quick Turn

SHOW OFF™ SUGAR BABY

(*Forsythia 'NIMBUS' ppaf, cbrat*)

The Show Off™ series continues to reinvent and redefine forsythia and this miniature, upright selection continues the tradition by delivering more flowers per inch to create an outstanding retail and garden presentation. Another great plant to jump-start your early spring sales. The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA Zone 4, AHS 9, 18-30" tall and wide

Item#: 26842 - 2 1/4" • 26844 - 4" • 26845 - Quick Turn

Fothergilla Bottlebrush

Family: Hamamelidaceae (Fothergill-ia: after John Fothergill, English physician who introduced many plants into cultivation)

gardenii

A small, refined shrub with fragrant white bottlebrush-like flowers appearing prior to the leaves. Exceptionally brilliant orange, red and yellow fall color. **AWARDS:** PSC. **NATIVE:** North America.

USDA 5, AHS 9, 2-4 feet, gr 2 Item #: 26952 - 2 1/4" • 26954 - 4"

x intermedia 'Mount Airy'

A vigorous plant with abundant white flowers and dark green foliage. Consistent yellow-orange-red fall color. Selected by Dr. Mike Dirr at the Mt. Airy Arboretum. **AWARDS:** GRA. **NATIVE:** North America.

USDA 5, AHS 8, 4-5 feet, gr 2 Item #: 27222 - 2 1/4" • 27224 - 4"

Genista Dyers-Greenwood

Family: Fabaceae (Genis-ta: ancient Latin name, tinctoria: of dyes)

Top Seller! BANGLE® (*Genista lydia* 'Select')

A floriferous, low mounding selection of genista that produces waves of electric yellow flowers in late spring. Improved branching and texture make this a wonderful plant for containers and for mass plantings. A fine plant selected by Dick Punnett of Michigan.

Patent/trademark tag and container required. **USDA 4, AHS 9, 2 feet, gr 1**
Item #: 28012 - 2 1/4" • 28014 - 4" • 28015 - Quick Turn

'Flore-Plena' (*G. tinctoria*)

Loaded with double yellow flowers from mid-summer to early fall. Adaptable to drought conditions. **AWARDS: AGM.**

USDA 4, AHS 8, 12-18 in., gr 1.5
Item #: 28182 - 2 1/4" • 28184 - 4"

'Royal Gold' (*G. tinctoria*)

Rich yellow, pea-like flowers embellish this small, free flowering shrub with bright green stems. Adaptable to poor dry soils and thrives in heat.

USDA 4, AHS 8, 2 feet, gr 1.5
Item #: 28202 - 2 1/4" • 28204 - 4"

Heptacodium Seven-Son Flower

Family: Caprifoliaceae (Hepta-codium: hepta Greek for the number seven, codium referring to head)

miconioides

A large arching shrub or small tree with glossy dark green leaves, exfoliating bark, and fragrant creamy-white late summer flowers. Its best attribute is its persistent, showy, reddish-pink sepals that are effective from October to November. A great shrub! **AWARDS: CARY, GMPA, Plant Select (CO).** **USDA 5, AHS 9, 10-20 feet, gr 1.5**
Item #: 29302 - 2 1/4" • 29304 - 4"

Hibiscus Hybrids

Family: Malvaceae (Hibis-cus: ancient Greek and Latin name, syri-acus: Syrian)

CANDIDE™ (*Hibiscus x 'Joles'* ppaf, cbrat)

A new color of hybrid hibiscus to go along with Tosca and Lohengrin. This beauty has large lavender-purple flowers in late summer. It makes a good small tree or large shrub. It is a violation of state and/or federal law to use a trademark without permission. The

propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA Zone 5, AHS 9, 8-10 feet; gr 1
Item # 33122 - 2 1/4" • 33124 - 4" • 33125 - Quick Turn

'Lohengrin' (*H. paramutabilis x syriacus*)

A robust hybrid with slightly ruffled white flowers with a prominent red eye. Bold, dark green foliage. Hybridized by Jim Snyder.

USDA 5, AHS 9, 8-10 feet, gr 1
Item #: 33002 - 2 1/4" • 33004 - 4"

'Tosca' (*H. paramutabilis x syriacus*)

A robust hybrid with ruffled orchid-lavender flowers with a carmine eye. A heavy bloomer with flowers larger than rose of Sharon. Bold, dark green foliage. Hybridized by Jim Snyder.

USDA 5, AHS 9, 8-10 feet, gr 1
Item #: 33102 - 2 1/4" • 33104 - 4"

BANGLE® Genista

CANDIDE™ Hibiscus

Hibiscus syriacus Rose of Sharon

Family: Malvaceae (Hibis-cus: ancient Greek and Latin name, syri-acus: Syrian)

Brightly colored, exotic looking flowers on a hardy shrub or small tree. Certain to generate summer impulse purchases and improve cash flow. Grow and stock a complete color assortment. Easy to grow and easy to sell.

CHIFFON™ HIBISCUS

Chiffon hibiscus have exceptionally large single flowers adorned by a lacy center, creating a unique, anemone-like bloom. These strong growing, uniform varieties are excellent production plants with superior container presentation.

Colorful, abundant flowers make them very appealing at retail. All were hybridized by Dr. Roderick Woods of Cambridge, England. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

BLUE CHIFFON™ (*H. syriacus* 'Notwoodthree', pp#20,574, cbraf)

Rich blue flowers in late summer. **AWARDS:** Silver Medal Royal Boskoop Horticulture Society.

USDA 5, AHS 9, 8-12 feet, gr 1

Item #: 30282 - 2 1/4" • 30284 - 4" • 30285 - Quick Turn

CHINA CHIFFON™ (*H. syriacus* 'Bricutts', pp#17,416, cbraf)

Pure white flowers with an attractive red eye in the center of the bloom.

USDA 5, AHS 9, 8-12 feet, gr 1

Item #: 30262 - 2 1/4" • 30264 - 4" • 30265 - Quick Turn

Top Seller!

LAVENDER CHIFFON™ (*H. syriacus* 'Notwoodone', pp#12,619)

Large, single lavender flowers. **AWARDS:** Gold Medal Royal Boskoop Horticulture Society. Mail Order Gardening Association Green Thumb Award. RHS. AGM. Dallas Arboretum Approved Winner.

USDA 5, AHS 9, 8-12 feet, gr 1

Item #: 30302 - 2 1/4" • 30304 - 4" • 30305 - Quick Turn

NEW

PINK CHIFFON™ (*Hibiscus syriacus* 'JWNfour' ppaf, cbraf)

What do women want? Based on what we've seen, they want Pink Chiffon.

They rave about this new Chiffon™ with its large, yet lacy, clear pink flowers. It has the same flower power and soft graceful stems you have come to demand.

USDA Zone 5, AHS 9, 8-12' tall

Item #: 30352 - 2 1/4" • 30354 - 4" • 30355 - Quick Turn

WHITE CHIFFON™ (*H. syriacus* 'Notwoodtwo', pp#12,612)

Large single white flowers. **AWARDS:** Bronze Medal Royal Boskoop Horticulture Society. Dallas Arboretum Approved Winner. RHS. AGM.

USDA 5, AHS 9, 8-12 feet, gr 1

Item #: 30402 - 2 1/4" • 30404 - 4" • 30405 - Quick Turn

'Boule de Feu'

Large pinkish-red, carnation-like blooms.

USDA 5, AHS 9, 8-12 feet, gr 1

Item #: 30152 - 2 1/4" • 30154 - 4"

'Sanchoyo'

Rich, deep pink flowers are reminiscent of an exotic Japanese peony with an abundance of petioloid stamens.

USDA 5, AHS 9, 8-12 feet, gr 1

Item #: 32152 - 2 1/4" • 32154 - 4"

Satin hibiscus are strong growing, consistent plants with exceptionally colorful single flowers. Stock an assortment of colors for a complete line of summer color.

AZURRI SATIN® (H. s. 'DVPazurri', pp#20,563)

A better blue! Azurri Satin is the first ever seedless rose of Sharon with large, single blue flowers. This beauty was developed by Dr. Johan Van Huylenbroeck at the Flemish ILVO breeding station. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 5, AHS 9, 8-12 feet, gr 1

Item #: 32562 - 2 1/4" • 32564 - 4" • 32565 - Quick Turn

Top Seller! BLUE SATIN® (H. s. 'Marina', pp#12,680)

Large, single, rich royal blue flowers. Superior to 'Blue Bird' which is a weak growing plant that is notoriously mixed up in the market. Hybridized by Rien Verweij of the Netherlands. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

AWARDS: Award of Recommendation Royal Boskoop Horticulture Society.

Dallas Arboretum Approved Winner. **USDA 5, AHS 9, 8-12 feet, gr 1**

Item #: 32302 - 2 1/4" • 32304 - 4" • 32305 - Quick Turn

BLUSH SATIN® (H. s. 'Mathilde', pp#12,660)

Large single, soft blushing, long-blooming pink flowers with a prominent red eye. Hybridized by Rien Verweij of the Netherlands. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

AWARDS: Award of Recommendation Royal Boskoop Horticulture Society. Dallas Arboretum Approved Winner. **USDA 5, AHS 9, 8-12 feet, gr 1**

Item #: 32352 - 2 1/4" • 32354 - 4" • 32355 - Quick Turn

ROSE SATIN® (H. s. 'Minrosa')

Large single, ruffled rose-pink flowers adorned with a prominent red center. Hybridized by Claude Bellion of Minier Nurseries of France. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag and container required. **AWARDS:** Dallas Arboretum Approved Winner.

USDA 5, AHS 9, 8-12 feet, gr 1

Item #: 32452 - 2 1/4" • 32454 - 4" • 32455 - Quick Turn

VIOLET SATIN® (H. s. 'Floru', pp#12,196)

A richly colored plant with large single, deep violet-pink flowers adorned with a prominent red center. Hybridized by Claude Bellion of Minier Nurseries of France. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **AWARDS:** Dallas Arboretum Approved Winner.

USDA 5, AHS 9, 8-12 feet, gr 1

Item #: 32502 - 2 1/4" • 32504 - 4" • 32505 - Quick Turn

Staff Pick!

"If you like Rose of Sharon, or even if you don't, you have to try the Chiffon Series™ because it is nothing like the old varieties with the stiff, awkward stems. These are bushy plants with lots of graceful stems that move in the wind and host loads of big flowers with clear coloration. Gardeners and growers alike will have a new appreciation for Hibiscus syriacus. My favorite is White Chiffon™. It has pure white blooms that brighten up my garden, especially in the evening. The new Pink Chiffon™ is the purest, clearest pink I've ever seen and is certain to be a hit".

– Tim Wood,

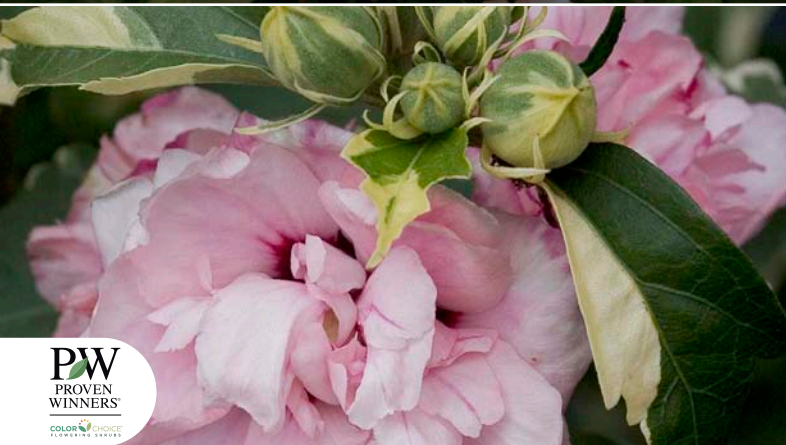

New Product Development/Marketing Manager

Hydrangea involucrata Bracted Hydrangea

Family: Hydrangaceae

BLUE BUNNY™ (H. *involucrata* 'Wim Rutten,' pp#21,991)

Blue Bunny Hydrangea is a drift of blue flowers from mid-summer until fall. Developed by the late Wim Rutten of the Netherlands, this plant is as special as the man. It forms its flower buds on new wood and thus blooms reliably every year. You will love that

Blue Bunny is a strong-growing plant that produces an abundance of blooms. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 6, AHS 9, 2-4 feet, gr 1 Item #: 34512 - 2 1/4" • 34514 - 4" • 34515 - Quick Turn**

BLUE BUNNY™ Hydrangea

Hydrangea macrophylla Bigleaf Hydrangea

Family: Hydrangaceae (Macro-phyll-a: large leafed)

Bold and brightly colored flowers are either mopheads (snowball-like flowers) or lace-caps. Stock both types in range of colors; flower colors are dependent on soil pH. Hydrangeas are fast and easy to grow, though we recommend that commercial growers cease fertilization in August and run the plants very dry to help them harden off for winter.

'All Summer Beauty'

Large, rich blue mophead flowers are dependable and often rebloom.
USDA 5, AHS 9, 3-5 feet, gr 1 Item #: 35904 - 4"

CITYLINE™ BERLIN (H. m. 'Berlin Rabe' pp#10,912)

Clear pink colored flowers are the largest in the series. The leaves are very glossy and exhibit an extremely high level of mildew resistance. Flowers are long lasting and change to an attractive green with age. The strongest growing plant in the group. The propagation of, and/or

the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 5, AHS 9, 1-3', gr 0.5 Item #: 36034 - 4" • 36035 - Quick Turn**

CITYLINE™ MARS (H. m. 'Ramars')

A small plant with strong stems and big, heavy red and white variegated flowers. The blooms are long lasting and can be changed from red to blue with the addition of aluminum sulfate. They change to an attractive green with age. It is a violation of state and/or federal law to

use a trademark without permission. Patent/trademark tag and container required. **USDA 5, AHS 9, 1-3 feet, gr 0.5 Item #: 37614 - 4" • 37615 - Quick Turn**

CITYLINE™ PARIS (H. m. 'Paris Rapa' pp#10,906)

A small plant with intense red flowers. Large and showy blooms are long lasting and change to an attractive green with age. Excellent mildew resistance. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and

container required. **USDA 5, AHS 9, 1-3 feet, gr 0.5 Item #: 37574 - 4" • 37575 - Quick Turn**

CITYLINE™ RIO (H. m. 'Ragra')

A small to medium early-blooming selection with large flowers that range from strong blue to purple depending upon the availability of aluminum. The blooms are large and long lasting. Excellent mildew resistance. It is a violation of state and/or federal law to

use a trademark without permission. Patent/trademark tag and container required. **USDA 5, AHS 9, 2-3 feet, gr 0.5 Item #: 36044 - 4" • 36045 - Quick Turn**

CITYLINE™ VENICE (H. m. 'Venice Raven' pp#10,928)

Big, bright fuchsia-colored flowers and glossy foliage. Flowers are long lasting and change to an attractive green with age. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 5, AHS 9, 1-3 feet, gr 0.5 Item #: 37604 - 4" • 37605 - Quick Turn

CITYLINE™ VIENNA (H. m. 'Vienna Rawi' pp#10,930)

The smallest of the series. Dark pink or blue flowers emerge with an attractive cream colored throat and remain large and showy. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 5, AHS 9, 1-3 feet, gr 0.5 Item #: 38464 - 4" • 38465 - Quick Turn

Cityline™ Series of Compact Hydrangea

Tired of floppy, weak-stemmed hydrangeas, especially at the time of shipping? Citylines are the answer. Developed in Europe where growth regulators are prohibited so growers can finish a tight full plant without chemicals, shearing or pruning off flower buds. Large flowers with vivid colors, strong stems and dark glossy foliage characterizes these new German hybrids. They're all noted for excellent mildew resistance. Cityline creates a knockout one gallon! Developed by Franz-Xaver and Konrad Rampp of Germany.

The blooms can be changed from red to blue with the addition of aluminum sulfate.

ABRACADABRA™ STAR Hydrangea

Let's Dance®

A New Series of Reblooming Hydrangea

The Let's Dance Hydrangea Series represents the next generation of reblooming hydrangea. Don't settle for dull drab Hydrangea flowers - this series kicks up the quality with improved vivid flower coloration and attractive foliage. Every year, the Let's Dance series blooms on both new wood and old, delivering seasons of flowers and lots of wow. They'll make you want to dance!

LET'S DANCE® BIG EASY

(*Hydrangea macrophylla* 'Bermer', ppaf, cbraf)

Let's Dance just got bigger and better. This reblooming, mop-head hydrangea has the largest in the Let's Dance series, or any other series for that matter. The huge blooms go through a wonderful progression of

color changes, from pink/green to pink, and often back to green. Color ranges from rich pink to blue. It is a violation of state and/or federal law to use a trademark without permission. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

Top Seller!

LET'S DANCE® MOONLIGHT

(*H. m.* 'Robert', pp# 20,020, cbraf)

Let's Dance Moonlight is a strong rebloomer with large, rich pink (or blue depending upon pH) mophead flowers. Strong stems and beautiful foliage with good bronze red fall color. The propagation of, and/or the

sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 5, AHS 9, 2-3 feet, gr 0.5**

Item #: 38724 - 4" • 38725 - Quick Turn

LET'S DANCE® STARLIGHT

(*H. m.* 'Lynn', pp# 20,019, cbraf)

Let's Dance Starlight is the first ever new wood blooming lace-cap. It's hardy, dependable and colorful. The massive blooms are vivid pink (or blue) with strong stems. They'll make you want to dance!

The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 5, AHS 9, 2-3 feet, gr 0.5 Item #: 38654 - 4" • 38655 - Quick Turn

'Masja'

A superb red hydrangea! Semi-dwarf plant with big red mophead flowers and attractive glossy foliage. An excellent production plant.

USDA 5, AHS 9, 3-5 feet, gr 0.5 Item #: 37004 - 4"

'Nikko Blue'

Large blue or deep-lavender mophead flower balls smother this prolific bloomer. **USDA 5, AHS 9, 3-5 feet, gr 0.5 Item #: 37254 - 4"**

'Parzifal'

Of all the Hydrangea in our test garden, this plant stands out as something very special. Mallet calls it a plant with a great deal of personality. A solid plant with strong stems and small clear green, dentate leaves. The blooms are tight hemispheres of large size. Mophead blooms vary in color greatly according to the soil pH, and when grown in a pH of 6 it has blooms of varied color ranging from dark pink to deep blue.

USDA 5, AHS 9, 3-5 feet, gr 0.5 Item #: 37324 - 4"

COLOR CHOICE
FLOWERING SHRUBS

This dwarf hydrangea will turn heads! Brought to us by the same breeder as Pinky Winky™, Bobo is a delightful dwarf hydrangea that is engulfed by large white flowers in summer. The flowers are held upright on strong stems, and continue to grow and lengthen

as they bloom. This early blooming variety has already won the Gold Florall award for best novelty plant, and is an undeniable asset to any small garden. The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 3, AHS 8, 30-36" tall, 36-48" wide
Item #: 39162 - 2 1/4" • 39164 - 4" • 39165 - Quick Turn

Top Seller! LITTLE LIME™

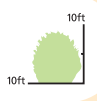

(*H. paniculata* 'Jane' ppaf, cbr#3914)

A new dwarf form of the ever popular 'Limelight' Hydrangea. Little Lime hydrangea sports the same great flowers and coloration as 'Limelight' but at one-third the size, you can fit it in any spot in your garden.

The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 3, AHS 8, 3-5 feet, gr 1**
Item #: 39232 - 2 1/4" • 39234 - 4" • 39235 - Quick Turn

Top Seller! 'Limelight'

(*H. paniculata*, pp#12,874, cbr#2319)

Continuous blooming lime-green flowers are held upright on strong stems. An incredible combination of green, pink and burgundy blooms in autumn.

Hybridized by the noted plantsman Pieter Zwijnenburg

Jr. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **AWARDS:** PHS Gold Medal Award. Way Hot 100; ASCFG Cut Flower of the Year 2007. 2008 RHS Award of Merit. **USDA 3, AHS 8, 6-8 feet, gr 1**

Item #: 39192 - 2 1/4" • 39194 - 4" • 39195 - Quick Turn

'Little Lamb' (*H. paniculata*, pp#15,395)

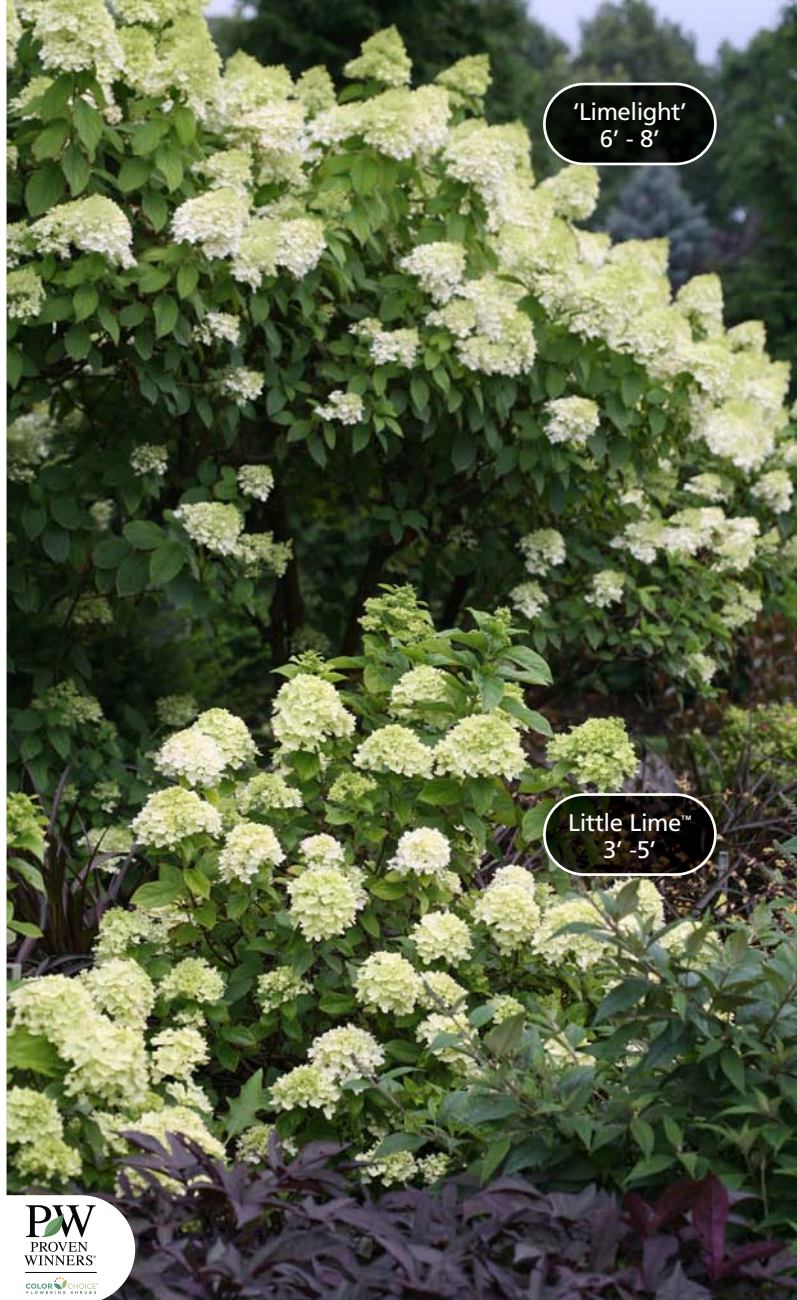

A special Hydrangea with diminutive, showy flowers tightly packed into full flower heads that dance above a compact plant. A superb plant hybridized by the late, famous plantswoman Jelena DeBelder of Belgium.

The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 3, AHS 8, 4-6 feet, gr 1

Item #: 39292 - 2 1/4" • 39294 - 4" • 39295 - Quick Turn

'Little Lamb' Hydrangea

PINKY WINKY™ Hydrangea

Top Seller! PINKY WINKY™

(*H. paniculata*, 'DVPpinky' pp#16,166, cbr#2892)

An incredible hydrangea with unique, two-toned flower heads in mid-summer. The large, 12-16 in. long flower heads emerge white, turn pink, and continue to push new white flowers from the tip of the panicle. The flowers are held upright on strong stems, and contrast nicely against dark green foliage. It blooms regardless of climate, soil, pH or pruning. Use it as a specimen plant or to create a spectacular flowering hedge. Dr. Johan Van Huylenbroeck developed this beauty at the Flemish IVLO breeding station. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **AWARDS:** 2008 RHS Award of Merit.

USDA 3, AHS 8, 6-8 feet, gr 1
Item #: 39382 - 2 1/4" • 39384 - 4" • 39385 - Quick Turn

QUICK FIRE® (*H. p.* 'Bulk', pp#16,812, cbr#f)

A breakthrough plant that blooms more than a month earlier than other varieties. White blooms appear in late May - early June and turns to a rich deep pink before 'Pink Diamond' even begins to show flowers. Bred by noted plantsman Mark Bulk, Boskoop, Netherlands.

The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 3, AHS 8, 6-8 feet, gr 1**
Item #: 39042 - 2 1/4" • 39044 - 4" • 39045 - Quick Turn

Hydrangea quercifolia
Oakleaf Hydrangea

Family: Hydrangaceae (Quercifolia: Latin for oak-leaved)

QUICK FIRE® Hydrangea

Hydrangea quercifolia

Oakleaf hydrangea has large, 8-12" white panicles that appear in late June and fade to pink. Oak-like leaves turn a divine wine in autumn. **AWARDS:** AGM, PSC. **NATIVE:** North America.
USDA 5, AHS 9, 6-10 feet, gr 1 **Item #: 40484 - 4"**

'Alice'

Strong growing selection from Dr. Mike Dirr with large 12" white panicles. Dark green foliage and burgundy fall color. **FIRST CHOICE AWARD.** **NATIVE:** North America. **USDA 5, AHS 9, 6-10 feet, gr 1**
Item #: 40504 - 4"

'Little Honey' (pp#15,477)

A distinctive new oakleaf with bright golden-yellow foliage. A branch sport of the dwarf selection 'Pee Wee'. The foliage emerges gold and then changes to a pleasing chartreuse as the season progresses. Brilliant red autumn foliage. Discovered by Peter Catt of the UK. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **NATIVE:** North America. **NATIVE:** North America.
USDA 5, AHS 9, 3-4 feet, gr 1 **Item #: 40714 - 4"**

Quick Fire Consumer Comment

A stunning addition to our landscapes! In our Zone 3 area they have grown to 4x5 feet in their second year with beautiful, full blooms. I was surprised by it's fragrance- plant them by a deck or window to enjoy the scent. The early blooms and gradual change to pink from white makes it a continual conversation piece throughout our short growing season- with blooms from spring till snow flies. Even the autumn leaf color is beautiful. We don't have much success with other zone 3 hydrangeas, so this was a wonderful find!

– Consumer Review on www.provenwinners.com

'Pee Wee'

Dwarf   

A very desirable dwarf selection with a low compact habit. Abundant white flower heads in early to mid-summer. Excellent wine red autumn foliage color. Great for smaller gardens. Discovered by Richard Scott and Russell Blue of Alabama Nursery.

NATIVE: North America. **USDA 5, AHS 9, 4-5 feet, gr 1.5**
Item #: 40804 - 4"

Hydrangea quercifolia

Hydrangea 'Little Honey'

'Sikes Dwarf'

Dwarf   

A dwarf, upright selection with handsome, closely spaced foliage and numerous white flower heads. Great for smaller gardens. Discovered by Sarah Sikes.

NATIVE: North America.
USDA 5, AHS 9, 3-4 feet, gr 1.5 **Item #: 40904 - 4"**

'Snowflake'

Huge pendulous blooms with double flowers. Flowers open white, while the older sepals turn dark purple-pink to create a unique show. A graceful weeping habit and wonderful burgundy-red fall color. Discovered by Eddy Aldridge.

NATIVE: North America.
USDA 5, AHS 9, 5-6 feet, gr 1.5 **Item #: 40954 - 4"**

'Snow Queen'

Large, tightly packed, pure white panicles are held upright to create a unique summer flower display. The flowers fade to light pink and the leathery leaves turn a superb burgundy autumn color. Selected by William Flemer III.

AWARDS: GMPA, PSC. **NATIVE:** North America.
USDA 5, AHS 9, 7-10 feet, gr 1.5 **Item #: 40974 - 4"**

Hydrangea 'Pee Wee'

Hydrangea 'Sikes Dwarf'

Hydrangea serrata Mountain Hydrangea

Family: Hydrangaceae

H. serrata is native to mountainous regions of Asia and Japan, and is better suited to cold climates than *H. macrophylla*, which is native to milder coastal regions. While we have liked *H. serrata* for years because of its improved bud hardiness, the new Tuff Stuff™ hydrangea adds another dimension of coolness to this species: it reblooms. If your reblooming *H. macrophyllas* have been inconsistent performers, try Tuff Stuff. It's the reblooming hydrangea that really does.

NEW

TUFF STUFF™

PW
PROVEN
WINNERS

(*Hydrangea serrata* 'MAK20' ppaf, cbraf)

Our hydrangea breeding goal here was to deliver improved bud and stem hardiness in addition to the ability to flower on new wood. This serrata hybrid delivers on both accounts. Its attractive, reddish-pink,

lacecap flowers create a mass of color in early summer. It continues to produce new buds and flowers right up until frost. The semi-double to double florets begin with creamy coloration in the center before maturing to an intense pink.

The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

SUNNY BOULEVARD™ *Hypericum*

SUNNY BOULEVARD™ *Hypericum*

Hypericum St. John's-Wort

Family: Hypericaceae (Hypericum: Greek name of obscure meaning)

'Albury Purple' (*H. androsaemum*)

Rich velvety purple leaf tips, yellow flowers and attractive dark red fruit contribute to its special appeal. Its low mounding habit makes it perfect for mass plantings. **USDA 6, AHS 8, 18-24 in., gr 0.5**
Item #: 45002 - 2 1/4" • 45004 - 4"

BLUE VELVET™ (*H. x 'Cfflpc-1'*, ppaf)

A cultivar with attractive blue foliage developed by noted plantsman Paul Cappiello of Yewdell Gardens in Crestwood, KY. Numerous golden-yellow flowers in mid summer add to its appeal. An open pollinated seedling of *H. kalmianum*. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.
USDA 4, AHS 7, 2-3 feet, gr 1 **Item #: 45392 - 2 1/4" • 45394 - 4"**

'Gemo' (*H. kalmianum*)

A really impressive shrub from Denmark. This tightly branched plant is noted for its long bloom time, beginning in July and continuing until September. The flowers are a rich yellow, small but numerous, and the leaves are willow-like. **NATIVE:** North America.
USDA 4, AHS 7, 2-3 feet, gr 1
Item #: 45202 - 2 1/4" • 45204 - 4"

'Sunburst' (*H. frondosum*)

Charming blue-green foliage is overlaid in summer with an abundance of large, bright yellow flowers. **AWARDS:** PSC. **NATIVE:** North America.
USDA 5, AHS 8, 3 feet, gr 1
Item #: 45242 - 2 1/4" • 45244 - 4"

SUNNY BOULEVARD™

(*Hypericum x 'Deppe'*, pp# 20,045, cbratf)

This tightly branched shrub is noted for its long bloom time, beginning in July and continuing until September. The flowers are a rich yellow, small but numerous, and the leaves are willow-like. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **NATIVE:** North America.

Ilex crenata Japanese Holly

Family: Aquifoliaceae (I-lex: ancient Latin name for Quercus Ilex, Cren-ata: obtusely toothed)

'Drops of Gold'

(pp#14,420)

While most gold leafed hollies look sick at best, this unique new holly is quite attractive. The spring flush is a brilliant yellow which slowly changes into a pleasing dusty yellow hue. Coloration is most prominent on leaves exposed to the sun. Discovered by Ronald Byrnes of Geneva, OH. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 5, AHS 7, 3-4 feet, gr 1**
Item #: 46342 - 2 1/4" • 46344 - 4"

'Sky Pencil'

Tight columnar growth looks like a pencil reaching for the sky!

USDA 6, AHS 7, 4-5 feet, gr 1 **Item #: 46422 - 2 1/4" • 46424 - 4"**

SKY POINTER™ (I. c. 'Farrowone', pp# 20,049, cbr#3913)

Add some architecture to your garden or decorative container with this narrow, conical seedling of 'Sky Pencil' holly. Shiny, dark evergreen leaves and tight upright branching make this a must-have plant.

Developed by plantsman Mike Farrow of Holly Hill

Farms of Earleville, MD. Selected for its superior production performance. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 6, AHS 7, 4-5 feet, gr 1**
Item #: 46362 - 2 1/4" • 46364 - 4" • 46365 - Quick Turn

'Soft Touch'

Dr. Mike Dirr insisted we offer this wonderful new selection. Just like the name says - it has a pleasing soft texture! Small compact globe form with lustrous, dark green foliage. **USDA 6, AHS 7, 4-5 feet, gr 1**
Item #: 46452 - 2 1/4" • 46454 - 4"

SKY POINTER™ *Ilex*

Ilex glabra Inkberry Holly

Family: Aquifoliaceae (glabra: not hairy)

'Compacta'

Compact

Glossy dark green foliage on a broad pyramidal plant. Branching is compact right down to the ground, never looking naked or leggy. A great alternative to boxwood! A F&F nursery selection. **NATIVE:** North America. **USDA 5, AHS 7, 3-4 feet, gr 1** **Item #: 46792 - 2 1/4" • 46794 - 4"**

'Densa'

A wonderful, hardy plant with glossy dark green foliage on a broad, upright plant. Holds its foliage right down to the ground, never looking naked like some inkberry cultivars. **AWARDS:** GMPA. **NATIVE:** North America. **USDA 5, AHS 9, 3-4 feet, gr 1**
Item #: 46902 - 2 1/4" • 46904 - 4"

'Nigra'

A popular selection of our native inkberry holly noted for its attractive dark green foliage and compact habit. **NATIVE:** North America. **USDA 5, AHS 9, 3-4 feet, gr 1**
Item #: 47102 - 2 1/4" • 47104 - 4"

'Shamrock'

A standout with bright glossy green foliage and a compact upright habit. **NATIVE:** North America. **USDA 5, AHS 9, 3-4 feet, gr 1**
Item #: 47182 - 2 1/4" • 47184 - 4"

Item #: 50922 - 2 1/4" • 50924 - 4" • 50925 - Quick Turn

Juniperus Juniper

'Blue Rug' (*J. horizontalis* 'Wiltonii')

Prostrate evergreen with steely blue foliage. The creeping habit is good for rock gardens or to stabilize embankments. Adaptable groundcover which turns dull purple in winter.

USDA Zone 3-9, 1-3' tall by 6-10' wide. Item #: 51234 - 4"

'Blue Star' (*J. squamata*)

Slow growing evergreen with a low-mounded habit and spiky blue-green foliage with a distinctive texture. Tolerant of most soils but not suited to the deep South. Slow growing.

**USDA Zone 4-8, 1-3' tall by 1-4' wide
Item #: 51574 - 4"**

NEW

'Compressa' (*Juniperus communis* 'Compressa')

An upright, cone-shaped plant with blue-green evergreen foliage. This slow growing plant has dense, vertical branching and maintains a very narrow form.

**USDA Zone 2, AHS 7, 4-6' tall by .5-1' wide, gr 2
Item #: 51462 - 2 1/4"**

NEW

'Effusa' (*Juniperus communis* 'Effusa')

A low-growing mat of dark green evergreen foliage. Prefers moist soils. Less tolerant of hot, dry conditions than other junipers.

**USDA Zone 2, AHS 7, .75-1.5' tall by 4-6' wide, gr 2
Item #: 51702 - 2 1/4"**

'Gold Lace' (*J. chinensis* 'Gold Lace')

A compact Pfitzer juniper with exceptional gold color, particularly at the tips of its branches. More compact than other Pfitzer varieties, 'Gold Lace' is excellent for mass plantings or specimen use.

USDA Zone 4-9, 4' tall by 6' wide Item #: 51494 - 4"

GOOD VIBRATIONS™ GOLD

(*Juniperus horizontalis* 'Hegedus' ppaf, cbrat)

Unlike any other juniper, this beauty is soft to the touch and provides dynamic, seasonal color changes. In the spring it emerges an attractive chartreuse hue, changes to bright yellow and then takes on orange hues in the autumn.

A sport of 'Hughes', it has the same spreading, horizontal habit and easy to grow, drought tolerant culture. It is a violation of state and/or federal law to use a trademark without permission. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

**USDA 4-9, AHS 9, 1' tall by 7-9' wide, gr 1
Item # 51202 - 2 1/4" • 51205 - Quick Turn**

'Sea Green' (*J. x pfitzeriana*)

Compact evergreen shrub with dark green foliage. Fountain-like arching habit is good for mass plantings.

USDA Zone 4-9, 4-6' tall by 6-8' wide Item #: 51524 - 4"

Juniperus 'Compressa'

GOOD VIBRATIONS™ *Juniperus*

Consumer Comment

"Little Henry never has a bad day in my Kansas City, Missouri garden!"

Kerria 'Honshu'

Kerria 'Pleniflora'

DREAM CATCHER™ Kolkwitzia

Kerria japonica Japanese Kerria

Family: Rosaceae (Ker-ria: named for William Kerr, Kew Gardener and Collector)

'Golden Guinea'

Large golden single flowers (the size of a gold coin), appear in early spring and repeat during the summer. Attractive bright green stems. Blooms and thrives in partial shade. **USDA 5, AHS 9, 3-5 feet, gr 1**
Item #: 52062 - 2 1/4" • 52064 - 4"

'Honshu'

A gem of a kerria selected by Kai Mei and David Parks of Camellia Forest Nursery. The largest flowers and the best stem hardiness of all the Kerria selections. Large, rich yellow, single blooms are full and overlapping, and repeat during the summer. Blooms and thrives in partial shade. **USDA 5, AHS 9, 3-5 feet, gr 1**
Item #: 52082 - 2 1/4" • 52084 - 4"

'Picta'

This plant has all the seasons covered. Creamy white variegation and blue-green leaves combine nicely with the bright yellow, rose-like flowers of spring. Like many variegated plants, it will sport a green branch or two that needs to be removed. Attractive green stems for winter interest. **USDA 5, AHS 9, 3-5 feet, gr 1**
Item #: 52102 - 2 1/4" • 52104 - 4"

'Pleniflora'

Golden blooms, reminiscent of giant dandelions, appear when the lilacs are blooming. As a bonus, you will often get a summer rebloom. The attractive kelly green stems provide refreshing winter interest. Thrives in light shade. **AWARDS: AGM. USDA 5, AHS 9, 4-5 feet, gr 1**
Item #: 52152 - 2 1/4" • 52154 - 4"

Kolkwitzia amabilis Beauty Bush

Family: Caprifoliaceae (Kolkwit-zia: named for Richard Kolkwitz, 1873, a German botany professor)

Top Seller! DREAM CATCHER™ (K. a. 'Maradco')

Everyone agrees that beauty bush is spectacular in bloom but goes into hiding for the rest of the year. This is no longer the case with this new specimen with golden yellow foliage. For best performance, plant it in filtered or partial shade; Also unique to this clone is its splendid golden-orange fall color. Bred by C. Harkes. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 4, AHS 9, 6-9 feet, gr 1**
Item #: 52482 - 2 1/4" • 52484 - 4" • 52485 - Quick Turn

'Pink Cloud'

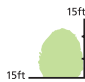

Masses of light pink flowers cover this plant in mid spring. This upright arching plant was selected at Wisley Gardens in 1946, and is still very popular today. **AWARDS: AGM. USDA 4, AHS 9, 6-9 feet, gr 1**
Item #: 52502 - 2 1/4" • 52504 - 4"

Lagerstroemia Crapemyrtle

Family: Lythraceae (Lager-stroe-mia: Named after Magnus Lagerstroem, a friend of Carl Linnaeus)

The new series represents the pinnacle of crapemyrtle breeding. Dr. Whitcomb's breeding goals centered on superior mildew resistance, improved flower color, particularly reds, and foliage with red new growth. Developed in Oklahoma, these cultivars are especially tolerant to heat and drought. They flower on new growth once temperatures reach a sustained day temperature of roughly 85+°F with long days. Once flowering is triggered, many cultivars continue flowering for 100 to 120 days or more.

BURGUNDY COTTON® (*Lagerstroemia indica* 'Whit IV' PP# 11,342)   

 White flowers with yellow stamens, but pinkish under cool conditions. New growth is wine, then wine/green when flowering. Broad, upright growth, reaching 5 feet or more in one growing season. High mildew resistance. Flowers early July and continues until first frost. Showy burgundy flower buds. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.

USDA 7(6), AHS 12, 10-12 feet, gr 1
Item #: 52652 - 2 1/4"

BURGUNDY COTTON® Crapemyrtle

DYNAMITE® Crapemyrtle

DYNAMITE® (*Lagerstroemia indica* 'Whit II' pp# 10,296)   

 This is the first true red tree-form crapemyrtle. Dynamite produces cherry red flowers even in full sun and hot conditions. New growth is crimson. Upright form. High mildew resistance. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.

USDA 7(6), AHS 12, 10-15 feet, gr 1
Item #: 52642 - 2 1/4" • 52644 - 4"

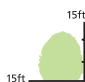

PINK VELOUR® Crapemyrtle

RASPBERRY SUNDAE® Crapemyrtle

PINK VELOUR® (*Lagerstroemia indica* 'Whit III' pp# 10,319)   

 Selected as one of the "2003 Oklahoma Proven" and winner of the 2007 Pennsylvania Horticultural Society's 'Gold Medal Plant Award', Pink Velour® has flashy pink flowers and distinct dark wine foliage which peaks in the spring. High mildew resistance. Very showy foliage provides wine landscape color before blooming. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.

USDA 7(6), AHS 12, 10-12 feet, gr 1
Item #: 52552 - 2 1/4"

RASPBERRY SUNDAE® (*Lagerstroemia indica* 'Whit I' pp# 10,297)   

 Raspberry red flowers with white margins. New growth is bronze, then medium green. Upright, nearly columnar habit. Moderate mildew resistance. Somewhat fragrant. Best fall color of the series. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.

USDA 7(6), AHS 12, 10-15 feet, gr 1
Item #: 52672 - 2 1/4"

RED ROCKET® (*Lagerstroemia indica* 'Whit IV' pp# 11,342)   

 Like Dynamite®, Red Rocket produces cherry red flowers in hot sunny conditions. New growth is crimson, then dark green. Upright form. High mildew and anthracnose resistance. Huge flower clusters up to 24" tall. May repeat bloom more than Dynamite®. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.

USDA 7(6), AHS 12, 10-15 feet, gr 1
Item #: 52682 - 2 1/4" • 52684 - 4"

RED ROCKET® Crapemyrtle

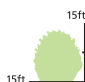

RHAPSODY IN PINK® Crapemyrtle

RHAPSODY IN PINK® (*Lagerstroemia indica* 'Whit VIII' pp#16,616)   

 Distinctly unique landscape appearance with soft pink flowers against nearly purple foliage. New growth is almost purple and persists most of the season. Upright form. High mildew resistance. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.

USDA 7(6), AHS 12, 10-12 feet, gr 1
Item #: 52662 - 2 1/4" • 52664 - 4"

SIREN RED® (*Lagerstroemia indica* 'Whit VII' pp# 14,975)   

 The darkest red flowers yet, distinctly darker red than Dynamite® or Red Rocket®. Darkness/intensity of red is less affected by cool, cloudy conditions. New growth is wine, and then quickly changes to dark green. High mildew resistance. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.

USDA 7(6), AHS 12, 8-10 feet, gr 1
Item #: 52612 - 2 1/4"

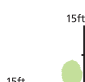

SIREN RED® Crapemyrtle

TIGHTWAD RED® Crapemyrtle

TIGHTWAD RED® (*Lagerstroemia indica* 'Whit V' pp# 11312)   

 The first true dwarf crapemyrtle with true-red blooms. Flowers are sterile and produce no distracting seed pods. Plants grow as a dense half-circle mound with little or no pruning required. The low mound form continues with age. New leaves are wine/red quickly changing to purplish green, then to dark steely green. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.

USDA 7(6), AHS 12, 3-4 feet, gr 1.5
Item #: 52692 - 2 1/4"

Leptodermis oblonga

Leptodermis Leptodermis

Family: Rubiaceae (Lepto-dermis: slender skin)

Leptodermis oblonga

Dwarf 🌞 🌧️ 🍃 🌸

A wonderful, little-known shrub with a low mounding habit and small violet-purple, lilac-like blooms that appear in late spring and don't stop until frost. Very fragrant! This little shrub has great commercial potential!

USDA 5, AHS 8, 12-18 in., gr 1

Item #: 52702 - 2 1/4" • 52704 - 4"

Lespedeza Bush Clover

Family: Fabaceae (Les-ped-eza: A Spanish Governor of Florida and patron to Michaux)

'Gibraltar' (L. thunbergii)

🌞 🌸

This beautiful weeping plant is a waterfall of pinkish-purple in mid to late summer with masses of vivid flowers. Plant it where it can drape over a wall or walk. Discovered by Bill Frederick Jr. at old Gibraltar Estate in Wilmington, DE. 2011 Theodore Klein Plant Award.

USDA 5, AHS 8, 4-5 feet, gr 0.5

Item #: 52952 - 2 1/4" • 52954 - 4"

Lespedeza 'Samidare' (L. thunbergii)

🌞

The name translates as "Monsoon Rain Over Land" which is fitting as this beauty is a shower of bright fuchsia, pea-like flowers in late summer. Best if cut back to about a foot high in early spring.

USDA 4, AHS 8, 4-5 feet, gr 1

Item #: 52972 - 2 1/4" • 52974 - 4"

'Yakushima' (L. bicolor)

Dwarf 🌞 🌸

A cute dwarf mounding selection with dainty violet-purple flowers in late summer. Even when not in bloom, it creates an attractive, fine textured mound that is great for the front of the border or mixed into the perennial bed.

USDA 5, AHS 8, 12-18 in., gr 1

Item #: 52922 - 2 1/4" • 52924 - 4"

Ligustrum Privet

Family: Oleaceae (Ligu-strum: ancient Latin name)

x vicaryi

🌞 🌧️ 🍃 🌸 🌿

Compact shrub with waxy, bright yellow leaves. Tolerant of heavy pruning; excellent for making hedges, balls, tuna cans and box-like shapes.

USDA 5, AHS 8, 4-6 feet, gr 1

Item #: 53902 - 2 1/4" • 53904 - 4"

Lespedeza 'Gibraltar'

Lonicera Honeysuckle

Family: Caprifoliaceae (Lonic-era: after Adam Lonitzer, 1528-1586, German physician and naturalist)

'Harlequin' (L. periclymenum)

Vine 🌞 🌧️ 🍃 🌸 🌿

Cream, pink and dark green, irregularly variegated leaves. Wonderfully scented tubular flowers of pale rose-purple with a white to yellow lip from May to July. Can be grown as a low spreading shrub or trained up a trellis as a vine. Wonderful fall colors. Discovered in a private garden in Ipswich, England.

USDA 4, AHS 9, 8-10 feet, gr 1

Item #: 54202 - 2 1/4" • 54204 - 4"

Magnolia Magnolia

Family: Magnoliaceae (Magnol-ia: bears the name of Pierre Magnol)

'Ann'

🌞 🌧️ 🍃 🌸 🌿

Deep purplish-red blooms appear later than most magnolias, thus are less apt to get frosted. Big, lily-like flowers often repeat during the summer.

AWARDS: PSC. USDA 5, AHS 9, 10-12 feet, gr 1.5

Item #: 55852 - 2 1/4" • 55854 - 4"

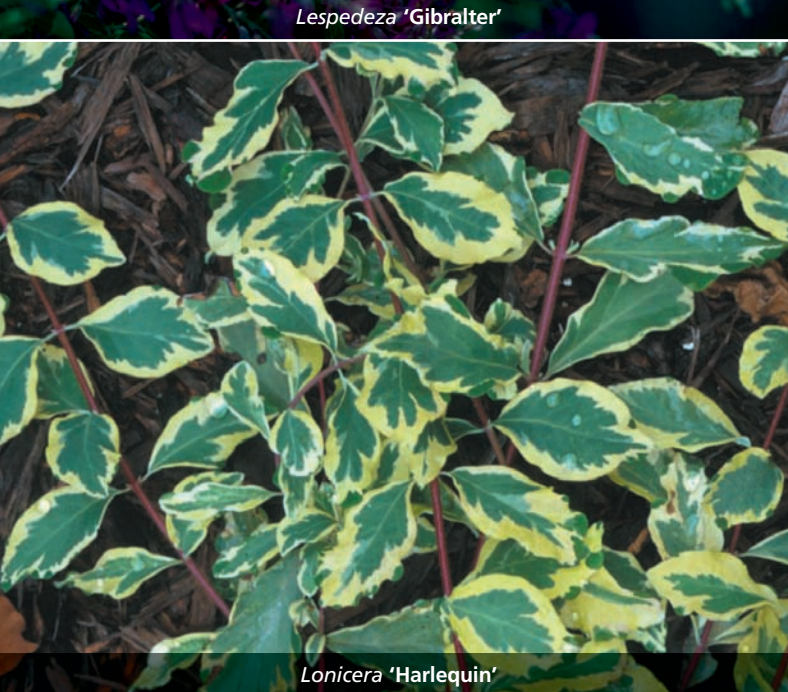

'Centennial'

🌞 🌧️ 🍃 🌸 🌿

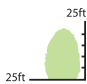

An Arnold Arboretum introduction with 28 to 32 pink and white petals. Flowers are large and open flat, 5 1/4 inches across.

USDA 5, AHS 9, 15-16 feet, gr 1.5

Item #: 55482 - 2 1/4" • 55484 - 4"

Lonicera 'Harlequin'

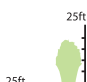

'Lennei' (*M. x soulangeana* 'Lennei')   Lennei is a vigorous, upright selection of saucer magnolia with large spring flowers which are magenta-purple on the outside of the petals and white within. The flowers are massive and extremely beautiful. **USDA 5, AHS 9, 15-25 feet, gr 1.5 Item #: 55442 - 2 1/4"**

'Leonard Messel' (*M. kobus* var. *loebneri*)   A magnificent large shrub/small tree with rose purple buds that open pale pink. Very hardy. Originated at Nymans, Sussex, UK. **USDA 5, AHS 9, 10-15 feet, gr 1.5 Item #: 56092 - 2 1/4"**

'Merrill' (*Magnolia x loebneri*)   An attractive tree whose fragrant flowers appear before the foliage in spring. White petals are blushed with pink. **USDA Zone 5, AHS 9, 15-30 feet, gr 1.5 Item #: 56192 - 2 1/4"**

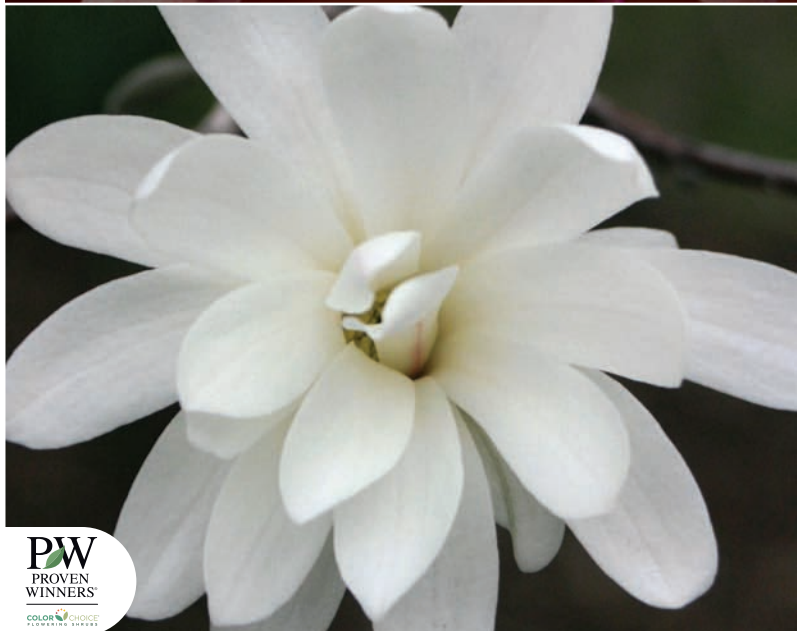

'Royal Star'   A superior, vigorous selection of *M. stellata*. Pink buds unfold to pure white, revealing 25 to 30 petals. **USDA 5, AHS 9, 15-16 feet, gr 1.5 Item #: 55602 - 2 1/4" • 55604 - 4"**

'Waterlily'   Fragrant white flowers, pink in bud. Petals are wide, doubled and the flowers resemble a water lily. **AWARDS: AGM. USDA 5, AHS 9, 15-16 feet, gr 1.5 Item #: 55692 - 2 1/4" • 55694 - 4"**

virginiana 'Henry Hicks'   The hardiest evergreen selection of sweetbay with creamy white, lemon-scented flowers in May and June. A magnificent large shrub or small tree that tolerates shade and moist soils. Introduced by Joe McDaniel of the University of Illinois. **USDA 5, AHS 9, 10-20 feet, gr 1.5 Item #: 55752 - 2 1/4"**

Magnolia 'Leonard Messel'

Magnolia 'Royal Star'

CELTIC PRIDE™ Microbiota

Microbiota Siberian Cypress

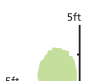

Family: Cupressaceae (Mirco-biota: small living creature)

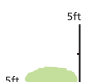

CELTIC PRIDE™ *Microbiota decussata* 'Prides'

 Russian cypress is a hardy low growing evergreen for sun or shade, but the species is often plagued with unsightly tip dieback. This new selection solves that, as it has superior disease resistance and winter color. It is a violation of state and/or federal law to use a trademark without permission. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA Zone 3, AHS 7, 8-12 in., gr 1 Item #: 57144 - 4" • 57125 - Quick Turn**

decussata   **Ground Cover** Considered hardy to -40°F, this plant looks like a cross between a creeping juniper and a fern. Graceful, bright green foliage turns a russet copper in winter. **USDA 2, AHS 7, 8-12 in., gr 1 Item #: 57104 - 4"**

FUZZ BALL™ (*Microbiota decussata* 'ConDavis' pp#20012)   A sport of the species selected for its soft, juvenile foliage, Fuzz Ball is a charming little evergreen with lots of potential. Attractive bronze winter foliage adds to its appeal. It is a violation of state and/or federal law to use a trademark without permission. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA Zone 3, AHS 7, 3 feet tall x 4 feet wide, gr 1 Item #: 57122 - 2 1/4" • 57124 - 4"**

'Jacobsen'   **Ground Cover** A fluffy upright tufted sport of Russian cypress discovered by Arne Vagn Jacobsen of Denmark and introduced by Horstman in 1990. Attractive fine textured foliage and adaptability to shade make this a great little plant. **USDA 2, AHS 7, 8-12 in., gr 1 Item #: 57112 - 2 1/4" • 57114 - 4"**

PLANTING SYSTEM

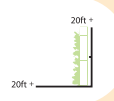

RED WALL® *Parthenocissus*

NEW

Parthenocissus quinquefolia Virginia Creeper

Family: Vitaceae (Partheno: Greek for 'virgin'; kisso: ivy. Quinque: Latin for 'five'; folia: leaves)

NEW RED WALL™

(*Parthenocissus quinquefolia* 'Trokli' ppaf, cbrf)

It's said that "Good fences make for good neighbors" but fences can be downright ugly. Red Wall was especially selected to dress on those miles of stockade fence going up each year. This native vine has glossy, dark green foliage that transforms to fire-engine red in fall. This fast-growing and salt-tolerant vine is the easiest way to create a colorful "green" wall. The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **NATIVE:** North America.

USDA Zone 3, AHS 9, 20'+ tall, gr 0.5
Item#: 57614 - 4" 57615 - Quick Turn

Philadelphus Mock Orange

Family: Saxifragaceae (Philadel-phus: after King Ptolemy Philadelphus)

'Innocence' (*P. x lemoinei*)

Perhaps the most fragrant of all the mock oranges. Single, pure white flowers. Splashed with an irregular creamy white or gold variegation.

USDA 4, AHS 8, 6-8 feet, gr 0.5
Item #: 57982 - 2 1/4" • 57984 - 4"

'Snowbelle'

A low grower with a compact habit, loaded with fragrant pure white, double flowers! **NATIVE:** North America. **USDA 4, AHS 8, 3-4 feet, gr 1**
Item #: 58182 - 2 1/4" • 58184 - 4"

'Snow Dwarf'

A Canadian selection noted for its dwarf habit and abundance of fragrant flowers. Flowers are pure white, up to 1 1/2" in diameter. A great small border shrub. Developed by AGR Canada, in Ottawa so you know it's hardy. **NATIVE:** North America. **USDA 4, AHS 7, 2-3 feet, gr 1**
Item #: 58162 - 2 1/4" • 58164 - 4"

'Starbright' (pp#18,651)

An exciting new mockorange developed at the Memorial University Botanical Garden in Newfoundland. Bronzy-purple new growth is followed by exceptionally large white flowers accented by a purplish-black calyx. As it opens, it looks like a little star. It is hardier than most other varieties, and sterile. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

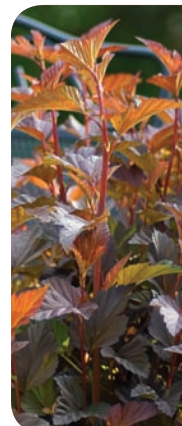

USDA Zone 3, AHS 8, 7-10 feet, gr 1
Item # 57992 - 2 1/4" • 57994 - 4"

'Snowbelle' *Philadelphus*

'Snow Dwarf' *Philadelphus*

Consumer Comment

Coppertina – "I love this plant! I grow it for cut branches because the foliage holds up well in vases. The chartreuse new foliage is a great eye catching contrast for any flower bouquet!"

– Consumer Review on www.provenwinners.com

Award Winner

The Association of Specialty Cut Flower Growers (ASCFG) has named Proven Winners' *Coppertina* Ninebark among the "2011 Cut Flowers of the Year." *Coppertina* was the winner of the woody category.

Physocarpus opulifolius Ninebark

Family: Rosaceae (Physocar-pus: Bladder-fruit)

COPPERTINA™ (*P. o.* 'Mindia', pp#16,371, cbr#2892)

Cut Flower of The Year! A new hybrid between 'Dart's Gold' and Diabolo® that flushes an attractive copper in spring and transforms to a rich red in summer. Developed by Minier of France. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **NATIVE:** North America.

USDA 3, AHS 7, 6-8 feet, gr 1

Item #: 58342 - 2 1/4" • 58344 - 4" • 58345 - Quick Turn

Top Seller!

SUMMER WINE® (*P. o.* 'Seward', pp#14,821, cbr#2641)

An exciting new and improved ninebark with neat compact branching and fine deeply cut, dark crimson-red leaves. A heavenly hybrid which combines the fine texture and compact branching of *physocarpus* 'Nana' with the dark foliage of Diabolo®. It requires little pruning

to make a salable plant and it presents well in a pot. This native variety has pinkish-white, button-like flowers in mid-summer. It is very showy and extremely hardy. Prized as a landscape shrub and as a cut flower. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **AWARDS:** Theodore Klein. **NATIVE:** North America.

USDA 3, AHS 7, 5-6 feet, gr 1

Item #: 58402 - 2 1/4" • 58404 - 4" • 58405 - Quick Turn

COPPERTINA™ *Physocarpus*

'Dart's Gold'

A gold leaved form to complement Summer Wine. This plant is lower growing than 'Nugget', but not as well branched or as uniform. Leaves mature to lime green. **NATIVE:** North America.

Top Seller! FINE LINE® (R. f. 'Ron Williams', pp#14,791)

This plant combines the fantastic, fern-like foliage of 'Asplenifolia' with the narrow upright habit of 'Columnaris'. The landscape applications for this plant are endless. Use it to create narrow hedges or screens, or as an accent specimen. It's a great choice for the perennial garden, and its narrow habit makes it a great choice for entrances and patio gardens, including container gardens. This cultivar produces very little fruit. This non-invasive cultivar is an excellent, responsible replacement for older weedy varieties. A university study showed a meager 3% germination rate compare to the species which germinated at 98%. Developed by Ron Williams of Scenic View Nursery in Green Bay, Wisconsin. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 2, AHS 8, 5-7 feet, gr 1
Item #: 62152 - 2 1/4" • 62154 - 4" • 62155 - Quick Turn

Rhododendron

Family: Ericaceae. Rhododendron (from the Greek: rhodos, "rose", and dendron, "tree")

BOLLYWOOD™ AZALEA

(*Rhododendron* 'Farrow' ppaf, cbraf)

Bright neon red-pink flowers engulf this compact semi-evergreen azalea in spring. Vivid, glossy, silver and dark green variegated foliage supplies the color the rest of the year. This very hardy azalea was developed by Mike

Farrow of Holly Hill Nursery in MD. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 5, AHS 9, 1.5-2 feet, gr 1
Item #: 62422 - 2 1/4" • 62425 - Quick Turn

FINE LINE® *Rhamnus*

BOLLYWOOD™ *Azalea*

Bloom-A-Thon® Reblooming Azaleas

Reblooming Azaleas delight gardeners (and garden centers) for months instead of weeks! Look for continuous cycles of blooms through the heat of the summer, and heavy flowering in fall until hard frost. Gardeners may enjoy over twenty weeks of flowers each year! These evergreen azaleas were bred by Dr. Bob Head, and do best in part sun to dappled shade. The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

NEW

BLOOM-A-THON® LAVENDER

(*Rhododendron* 'RLH1-4P19' pp#21,476)

Large, ruffled bright lavender flowers are sprinkled with deeper rose freckles through the throat.

USDA Zone 6b, AHS 9, 5-6' tall and wide gr 1
Item#: 61072 - 2 1/4" • 61074 - 4" • 61075 - Quick Turn

NEW

BLOOM-A-THON® PINK DOUBLE

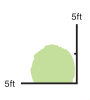

(*Rhododendron* 'RLH1-2P8' pp#21,477)

Incredibly doubled, bright pink flowers bloom in April-May, then deliver another cycle of blooms during the heat of summer, followed by continuous bloom through fall until hard frost.

USDA Zone 6b, AHS 9, 3-5' tall and wide, gr 1
Item#: 61032 - 2 1/4" • 61034 - 4" • 61035 - Quick Turn

NEW

BLOOM-A-THON® RED

(*Rhododendron* 'RLH1-1P2' pp#21,562)

Bright crimson-red flowers begin blooming in April, then deliver another cycle of blooms during the heat of summer, followed by continuous bloom through fall until hard frost.

USDA Zone 6b, AHS 9, 3-5' tall and wide, gr 1
Item#: 61012 - 2 1/4" • 61014 - 4" • 61015 - Quick Turn

NEW

BLOOM-A-THON® WHITE

(*Rhododendron* 'RLH1-3P3' pp#21,512)

Large, single white flowers are attractively sprinkled with green freckles on the upper petal, and appear in April. **USDA Zone 6b, AHS 9, 2-2.5' tall and 3' wide, gr 1**

Item#: 61052 - 2 1/4" • 61054 - 4" • 61055 - Quick Turn

NEW

'AMY COTTA' RHODODENDRON

(*Rhododendron* 'Amy Cotta' pp#11,311)

A rich pink, heavy flowering form of 'PJM' rhododendron, Amy Cotta is a slow growing, semi-dwarf form perfect for sites which call for a compact flowering evergreen. Dense, azalea-like foliage is smaller and darker than that of 'PJM'; plentiful ruffled blooms cover the plant in early spring.

Selected by Steve Cotta of Portsmouth Nursery. The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA Zone 4, AHS 8, 2-3' tall and 3.5-4.5' wide, gr 2**
62282 - 2 1/4" • 62284 - 4"

'AMY COTTA' *Rhododendron*

Rhus aromatica Fragrant Sumac

Family: Anacardiaceae (*Rhus*: ancient Greek name, *aromatica*: aromatic)

'Gro-Low'

A low spreader with glossy green foliage and superb orange-red fall color. A low maintenance groundcover introduced by Synnsted Nursery.

AWARDS: PSC. NATIVE: North America.
USDA 4, AHS 9, 1-2 feet, gr 1.5
Item #: 62402 - 2 1/4" • 62404 - 4"

Ribes alpinum Alpine Currant

Family: Saxifragaceae

(*Ri*-bes: the Arabic name; *Alpinum*: growing on mountains above the tree line)

GREEN JEANS™ (*Ribes alpinum* 'Spreng')

Wonderfully glossy, rich green leaves and excellent branching. Makes an excellent hedge or foundation plant. Superior summer leaf retention. A Spring Meadow selection. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag required.

USDA 2, AHS 9, 1.5 - 2 feet, gr 1
Item #: 62552 - 2 1/4" • 62554 - 4"

"I love the Oso Easy roses. They are compact, floriferous, disease resistant (I've never seen black spot on them) and come in a lovely range of colors. I just wish more growers knew about them so that they were more available to designers and to the public."

- Bobbie Schwartz, Bobbie's Green Thumb, President – Association of Professional Landscape Designers

Rosa Hybrids Landscape Roses

Family: Rosaceae (Ro-sa: Ancient Latin name)

Oso Easy® CHERRY PIE

(R. 'Meiboulka' ppaf, cbraf)

A new Oso Easy rose that produces an abundance of bright, candy apple red flowers. The flowers are large and single, bright yellow stamens. The foliage is glossy and highly disease resistant.

USDA 4, AHS 9, 2-4 feet, gr 1

Item #: 63412 - 2 1/4" • 63414 - 4" • 63415 - Quick Turn

Oso Easy® FRAGRANT SPREADER

(R. 'Chewground', pp#15,981, cbr#3400)

An incredible new disease resistant rose adorned with loads of fragrant, single, pink flowers. It's a low growing rose for covering large areas, banks or difficult locations. Hybridized by Chris Warner of the UK.

USDA 3, AHS 9, 1-2 feet, gr 1

Item #: 69642 - 2 1/4" • 69644 - 4" • 69645 - Quick Turn

Oso Easy® HONEY BUN

(R. 'Scrivean' pp#21,611, cbr#3915)

Oso Easy Honey Bun has the highest level of disease resistance and it produces an abundance of semi-double blooms. The unique flower color ranges from blush-pink to butter yellow to creamy white.

USDA 4, AHS 9, 2-3 feet, gr 1

Item #: 69722 - 2 1/4" • 69724 - 4" • 69725 - Quick Turn

Oso Easy® MANGO SALSA

(Rosa x 'ChewperAdventure' ppaf, cbraf)

OMG! That was the reaction when we brought this new rose into the office. The continuous blooms have an amazing color: shades of ruby red grapefruit, summer sunsets, and those fancy tropical drinks with umbrellas in them. They cover the tidy mound of dark, glossy foliage. You won't be able to keep this plant in stock!

USDA Zone 4, AHS 9, 2-3 feet, gr 1 Item # 69752 - 2 1/4"

Oso Easy® PAPRIKA

(R. 'ChewMayTime', pp#18,347, cbr#3401)

This is a remarkable low mounded rose with loads of spicy, reddish-orange single blooms accented by bright yellow eye. The glossy green foliage emerges with attractive hints of red in the new growth. This Oso Easy rose comes to us from renowned hybridizer Chris Warner of the UK.

USDA 3, AHS 9, 1-2 feet, gr 1

Item #: 69672 - 2 1/4" • 69674 - 4" • 69675 - Quick Turn

Oso Easy® PEACHY CREAM

(R. 'Horcoherent', pp#15,982, cbraf)

This lovely low mounded rose delivers clouds of blooms that emerge peach and transform to cream. The large, double flowers are self cleaning and contrast wonderfully against the glossy dark green foliage. Hybridized by Colin Horner of the UK.

USDA 3, AHS 9, 1-3 feet, gr 1

Item #: 69682 - 2 1/4" • 69684 - 4" • 69685 - Quick Turn

Oso Easy® STRAWBERRY CRUSH

(R. 'Hormeteorie', pp#20,601, cbraf)

This lovely low mounded rose delivers clouds of blooms that emerge strawberry pink and transform to cream. The large, double flowers are self cleaning and contrast wonderfully against the glossy dark green foliage. Hybridized by Colin Horner of the UK. Supplies are limited so order early.

USDA 4, AHS 9, 1-2 feet, gr 1

Item #: 69712 - 2 1/4" • 69714 - 4" • 69715 - Quick Turn

HOME RUN® Rosa

PINK HOME RUN® Rosa

ROSA HYBRIDS CONTINUED

HOME RUN® (R. x 'WEKcisbako' pp#18,552)

This rose is a proven all-star! Home Run is absolutely, positively, the best true-red rose with continuous blooms and top level disease resistance to both black spot and powdery mildew. Plus it's heat tolerant, cold hardy and requires no deadheading! Parentage: (City of San

Francisco x Baby Love) x cv. RADrazz It is a violation of state and/or federal law to use a trademark without permission. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 4, AHS 9, 3.5-4', gr 1,

Item #: 63032 - 2 1/4" • 63034 - 4" • 63035 - Quick Turn

PINK HOME RUN® (R. x 'Wekphom' ppaf)

This beauty has all the great attributes of Home Run rose (continuous bloom, black spot and mildew resistance and heat tolerance) but with vivid, rich pink flowers. Just like Home Run it is early to flower and produces fresh flowers every day. It is a violation of state and/or federal

law to use a trademark without permission. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 4, AHS 9, 3.5-4', gr 1

Item #: 63042 - 2 1/4" • 63044 - 4" • 63045 - Quick Turn

Oso HAPPY™ SMOOTHIE

(Rosa 'Zlesak Poly3' ppaf, cbraf)

IT'S THORNLESS! Panicles of single, hot pink flowers are long-blooming, flowering from June to frost. This disease-resistant rose holds up to black spot very well, and is an excellent plant for integrating into mixed

borders. Bred by David Zlesak of Minnesota, it is very winter hardy. The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA Zone 4, AHS 9, 3' tall and wide, gr 1

Item #: 69062 - 2 1/4" • 69064 - 4" • 69065 - Quick Turn

Oso HAPPY™ CANDY OH! (R. x 'Ziemartincipar' pp#20,471, cbraf)

A sweet landscape rose with loads of perpetual blooms. Large sprays of single, candy apple red flowers create a summer to remember. This polyantha hybrid has a dense mounding habit similar to 'Robin Hood'. Proven hardiness and superb garden performance without any spraying.

Hybridized by David Zlesak of St. Paul, MN. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 4, AHS 9, 3-4 feet, gr 1

Item #: 68022 - 2 1/4" • 68024 - 4" • 68025 - Quick Turn

Oso HAPPY™ PETIT PINK

(R. 'ZLEMarianneYoshida' ppaf, cbraf)

The sprays of petite, bubble gum pink flowers and small green leaves are reminiscent of a miniature rose, but this new variety is comparable to 'The Fairy' in its mature size.

A very refined mound with a strong continuous bloom and good disease resistance. A great rose for the shrub or perennial border. It is a violation of state and/or federal law to use a trademark without permission. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA Zone 4, AHS 9, 2.5-3.5 feet, gr 1

Item #: 63222 - 2 1/4"

***DOUBLE KNOCK OUT®** (R. 'RADtko' pp#16,202)

All the same great attributes of Knock Out, but with abundant small, red double flowers. Dark glossy foliage with superb disease resistance. Perfect for small gardens and containers. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.

USDA 4, AHS 9, 3-4 feet, gr 1 Item #: 65754 - 4"

*Mandatory pot and tag required for all Knock Out® plants.

Top Seller! *KNOCK OUT® (Rosa 'RADrazz' pp# 11,836, cbr# 0993) 🌞 🍷 🌸

 This 2000 AARS winner exhibits disease resistance at its best. The fluorescent, cherry red blooms are continuous. This maintenance-free, flowering shrub thrives in all climates. The flowers have light tea rose fragrance. Clusters of 3 to 15 flowers bloom alongside glossy foliage. Developed by William Radler. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.
USDA 4, AHS 9, 3-4 feet, gr 1 Item #: 63854 - 4"

***PINK DOUBLE KNOCK OUT®** (Rosa 'Radtkopink,' ppa#) 🌞 🍷 🌸

 The Pink Double Knock Out has fabulous hot pink, double blooms. In autumn the foliage turns a deep purple color, extending its season of interest. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 4, AHS 9, 3-4 feet, gr 1 Item #: 65764 - 4"**

***PINK KNOCK OUT®** (Rosa 'RADcon' pp# 15,070) 🌞 🍷 🌸

 Disease resistance at its best! Fluorescent pink blooms are continuous. This maintenance-free flowering shrub thrives in all climates. The flowers have a light tea rose fragrance. Clusters of 3 to 15 flowers bloom alongside glossy foliage. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.
USDA 4, AHS 9, 3-4 feet, gr 1 Item #: 65784 - 4"

***SUNNY KNOCK OUT®** (Rosa 'Radsunny,' ppa#) 🌞 🍷 🌸

 This new release has the disease resistance of the original Knock Out®, with similarly dark, attractive foliage, and a slightly more upright habit. The single flowers are bright yellow at opening, turning creamy white when fully open. The yellow color will stay stronger during the cooler times of the year. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required. **USDA 4, AHS 9, 3-4 feet, gr 1 Item #: 65554 - 4"**

NEW JULIA CHILD™ (Rosa 'WEKvossutono' pp#18,473) 🌞 🍷 🌸

 This All-American Rose Selection was chosen by its namesake for its buttery gold color and licorice candy fragrance. You'll love it for its disease resistance and rounded habit. Bred by Tom Carruth of Weeks Roses. The propagation of, and/or the sale of plant parts is prohibited without a license. **USDA Zone 4-9, AHS 9, 2-3' tall by 1.5-2' wide Item #63834 - 4"**

NEW LIVING EASY™ (Rosa 'HARwelcome' pp#9161) 🌞 🍷 🌸

 This super-easy-to-grow rose produces lots of showy, fragrant flowers. Good black spot resistance. An All-American Rose Selection bred by Harkness New Roses of England. The propagation of, and/or the sale of plant parts is prohibited without a license. **USDA Zone 5, AHS 9, 3' tall by 1.5' wide Item #63874 - 4"**

'Morden Blush' (pp# 8,054) 🌞 🍷 🌸

 Beautiful and tough! Ivory pink flowers open with a blush center, and bloom profusely from June to frost. Dark green leaves have good resistance to both powdery mildew and black spot. Heat and drought tolerant once established. An introduction from the Morden Research Station in Manitoba, Canada. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.
USDA 2, AHS 9, 2 by 3 feet, gr 1 Item #: 64454 - 4"

'Morden Sunrise' (pp# 13,969) 🌞 🍷 🌸

 Finally, a strong growing yellow! A tough plant with big, pink blushed, single yellow flowers. A Parkland Rose from the Morden Research Station in Manitoba. Strong blooming from June to frost. Glossy green leaves with good disease resistance. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.
USDA 3, AHS 9, 3 by 4 feet, gr 1 Item #: 64474 - 4"

NEW

PARTY HARDY™ (*Rosa* 'DARcanard' ppaf)

A great excuse for a party! This Canadian-bred variety is at its best in colder climates, growing into Zone 3 without protection. A shrubby, full plant loaded with lightly fragrant pink flowers. Bred by Christian Bédard of Weeks Roses. The propagation of, and/or the sale of plant parts is prohibited without a license. **USDA Zone 3, AHS 9, 5' tall by 2' wide** **Item #66294 - 4"**

NEW

OUTTA THE BLUE™ (*Rosa* 'WEKstephitsu' pp#13,449)

This very hardy shrub rose has a fantastic display, its flowers ranging from rich magenta spiced with yellow, deep wine sparked with cream, and warm lavender to nearly blue – all on one plant! Spicy, clove-like fragrance adds to its charm. The propagation of, and/or the sale of plant parts is prohibited without a license. **USDA Zone 4, AHS 9, 3' tall by 1.5' wide** **Item #63054 - 4"**

'The Fairy'

Ground Cover

A graceful arching mound of glossy green foliage with masses of soft pink rosette blooms which fade to white. Blooms from June until frost. Good disease resistance. **USDA 4, AHS 9, 2 by 3 feet, gr 1** **Item #: 67404 - 4"**

Salix Willow

Family: Salicaceae (Sa-lix: classical name for Willow)

caprea

French pussy willow is a favorite for cutting branches. The silver pink catkins make a great dried arrangement. Cut back yearly to produce long shoots. **USDA 4, AHS 8, 12-15 feet, gr 1** **Item #: 70452 - 2 1/4" • 70454 - 4"**

chaenomeloides

Giant pussy willow. Catkins the size of a rabbit's foot are great for cutting. **USDA 4, AHS 7, 10-12 feet, gr 1** **Item #: 70552 - 2 1/4" • 70554 - 4"**

NEW

***Salix chaenomeloides* 'Mt. Asama'**

Selected by florists in Japan for its pink-tinged pussy willow flowers. Buds emerge two-toned, dark burgundy and silver, before aging to black silver. Named after the volcano Mt. Asama, it has larger catkins than *S. caprea*. **USDA 4, AHS 7, 8-10' tall and wide, gr 1** **Item #: 70562 - 2 1/4" • 70564 - 4"**

'Hakuro Nishiki' (*syn. S. integra* 'Alba Maculata')

The Japanese dappled willow is noted for its striking white-green-pink foliage. Its slender branches are always moving in the breeze. Regular shearing is necessary to maintain leaf variegation. Very popular. **USDA 5, AHS 7, 3-5 feet, gr 1** **Item #: 70902 - 2 1/4" • 70904 - 4"**

'Melanostachys' (*S. gracilistyla*)

The black pussy willow has rich black catkins and dark stems. A great cutting plant and conversation piece. **AWARDS: AGM.** **USDA 4, AHS 8, 6-10 feet, gr 1.5** **Item #: 70782 - 2 1/4" • 70784 - 4"**

OUTTA THE BLUE™ *Rosa*

NEW

KNOCK OUT® *Rosa*

BLACK BEAUTY™ *Sambucus*

Sambucus 'Sutherland Gold'

Sambucus Elderberry

Family: Caprifoliaceae (Sambu-cus: old Latin name for Elder)

Word is getting out that *Sambucus* can be a fantastic ornamental garden plant. Recent introductions have provided a wonderful array of foliage colors such as yellow, copper, white and even black. This is a bold plant with vigorous growth. Most people find that treating it as a perennial, cutting it back hard each fall, makes for a neat and beautiful plant. Adaptable to almost all soils and easy to grow.

NOTE: Plants bloom on old wood. **NATIVE:** North America.

'Adams' (*S. canadensis* 'Adams')

A hardy, native shrub with an upright, suckering growth habit. Selected for its fruit production. White flowers in mid summer and dark blue to black fruit in late summer. The berries can be used to make jelly, jam, pie, or juice, which is reportedly good for the health. Great for attracting birds such as robins and cedar waxwings.

USDA 3, AHS 9, 6-10 feet, gr 0.5 Item #: 71724 - 4"

BLACK BEAUTY™ (*S. nigra* 'Gerda', pp#12,305, cbr#2663)

A breakthrough plant with intriguing dark black foliage. It will totally change your perception of sambucus. Massive pink flowers in summer contrast wonderfully with the foliage. Grow it as a shrub, or cut it back each year and use it as a bold perennial. Developed by Ken

Tobutt and Jacqui Prevette of the East Malling Research Station in England. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **AWARDS:** RHS, AGM.

USDA 4, AHS 8, 8-12 feet, gr 0.5

Item #: 71852 - 2 1/4" • 71854 - 4" • 71855 - Quick Turn

Top Seller!

BLACK LACE™ (*S. nigra* 'Eva' pp#15,575, cbr#2633)

Black Lace is reminiscent of a Japanese maple with its lacy purple-black foliage. Even better, it produces massive pink flowers that reach six inches in diameter. Its color and texture make it a great plant for the perennial garden, patio container or the entrance

garden. It has tons of impulse appeal so make sure you stock up for the demand. Black coloration is due to full sun and cooler temperatures. Plants will not get dark black in southern climates. Developed by the British breeding program at Horticulture Research Institute at East Malling. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 4, AHS 8, 6-8 feet, gr 0.5

Item #: 71862 - 2 1/4" • 71864 - 4" • 71865 - Quick Turn

'Sutherland Gold' (*S. racemosa*)

Beautiful, deeply cut golden foliage and a graceful habit. Even though it's said to be more resistant to leaf burn than 'Plumosa Aurea', it will look its best in partial shade. It also holds its color better than other yellow cultivars. The new spring growth is a beautiful copper-red and the fruit is red in summer.

USDA 3, AHS 7, 5-10 feet, gr 0.5 Item #: 72484 - 4"

Schizophragma False Hydrangea-Vine

Family: Hydrangaceae (Schizo-phrag-ma: Greek meaning cleft wall, referring to the fruit capsules)

'Moonlight'

Pewter blue leaves are dissected by a network of green and pink venation. Big white flowers in July. A first class climber discovered in the wilds of Japan by Barry Yinger. **AWARDS:** GMPA.

USDA 5, AHS 9, 40-50 feet, gr 1

Item #: 72762 - 2 1/4" • 72764 - 4"

COLONY CHOICE
PLANTING SERVICE

BLACK LACE™ *Sambucus*

Windmills™ *Schizophragma*

SCHIZOPHRAGMA CONTINUED

'Roseum'

Clear, soft pink, tear drop sepals adorn this beauty from June to July. Attractive dark red petioles provide season long interest. Great on a north facing brick wall or trained up a tall tree.

USDA 5, AHS 9, 40-50 feet, gr 1
Item #: 72792 - 2 1/4" • 72794 - 4"

WINDMILLS™ (*Schizophragma integrifolium* var. *fauriei* 'Plooster', ppaf)

This is an unusual flowering vine especially suited for warmer climates. The flowers are very distinctive, with spatulate sepals held on exceptionally long petioles. They lend a delicate, graceful appearance to this specimen plant. It is a violation of state and/or federal law to use a trademark without permission. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA Zone 7-8, AHS 9, 40-50 feet, gr 1
Item # 72722 - 2 1/4" • 72724 - 4"

Sorbaria Ural False Spirea

Family: Rosaceae (Sorba-ria: meaning that it resembles *Sorbus* foliage)

sorbifolia

Looks much like a giant, white Astilbe with its bold and dramatic, 6"-10" flowers during July and August. Bold tropical looking leaves and suckering habit. It is easy to grow and is site adaptable.

USDA 2, AHS 9, 5-10 feet, gr 1 **Item #: 73004 - 4"**

Spiraea Spirea

Family: Rosaceae (Spirae-a: Greek meaning wreath)

Spiraea densiflora

A beautiful native spirea known as the mountain spirea. Fragrant, bright, rosy pink pom-pom flowers in mid- summer. In its native habitat, it is found on cold, moist, rocky slopes, but is also a well adapted landscape shrub.

NATIVE: North America. USDA 4, AHS 8, 2-3 feet, gr 1
Item #: 73702 - 2 1/4" • 73704 - 4"

The Double Play® Series
 A new line of colorful Spiraea

One of the main goals of the Proven Winner ColorChoice program is to extend a shrub's color interest beyond the date of flowering. The Double Play Series does just that. In addition to vibrant flowers, these introductions turn a double play by providing absolutely stunning foliage, especially in the spring when they first break bud. Developed by Tim Wood, Spring Meadow Nursery.

DOUBLE PLAY® ARTIST

(*S. japonica* 'Galen,' pp#21,712, cbraf)

You will love this plant from the moment it flushes in the spring. The blue-green foliage emerges a rich purple red setting it apart from all other plants. The flowers are a rich, pure pink, unlike any other spiraea. The plant is a compact, full bodied mound. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 4, AHS 9, 24-30 inches, gr 1
Item #: 74732 - 2 1/4" • 74734 - 4" • 74735 - Quick Turn

DOUBLE PLAY® BIG BANG

(*Spiraea* 'Tracy' ppaf, cbraf)

Massive pink flowers of a size never seen before adorn bright yellow foliage. Foliage glows orange in the spring. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 4, AHS 9, 2-3 feet, gr 1
Item #: 76542 - 2 1/4" • 76544 - 4" 76545 - Quick Turn

DOUBLE PLAY® GOLD

(*S. japonica* 'Yan,' pp#21,615, cbraf)

A compact, low mounded beauty with vibrant golden foliage and an abundance of pure pink flowers. In side by side trials with twenty other selections this plant shined above all others in the garden and in containers. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA 4, AHS 9, 16-24 inches, gr 1
Item #: 74762 - 2 1/4" • 74764 - 4" • 74765 - Quick Turn

'Anthony Waterer' (*S. japonica*)

Deep rose-red flowers appear in June on this dense mounding shrub. It often produces disfigured albino shoots, but fortunately new improved cultivars are now on the market: see Double Play™ Artist.

AWARDS: AGM. USDA 4, AHS 9, 3 feet, gr 1
Item #: 73892 - 2 1/4" • 73894 - 4"

'Gold Flame' (*S. japonica*)

Bright gold foliage with reddish tips of new growth. Deep pink flowers and, compact mounded habit. From W.H. Perron. For an improved Gold Flame, see Double Play™ Big Bang above. **AWARDS: AGM.**

USDA 4, AHS 9, 2-3 feet, gr 1
Item #: 74212 - 2 1/4" • 74214 - 4"

SPIRAEA CONTINUED

'Goldmound' (*S. japonica*)   
 Bright gold foliage, pink flowers, and a low mounding form. Introduced by W.H. Perron Nursery. **USDA 4, AHS 9, 2 feet, gr 1**
Item #: 74272 - 2 1/4" • 74274 - 4"

'Lemon Princess' (*S. japonica*)   
 Brighter than 'Goldmound' and the color holds up much better during the summer. A compact mounding plant.
USDA 4, AHS 9, 2 feet, gr 1 **Item #: 74332 - 2 1/4" • 74334 - 4"**

'Little Princess' (*S. japonica*) **Dwarf**   
 Alpine spiraea on steroids! Larger leaves, faster growth and abundant pink flowers, yet still more compact than other cultivars. **AWARDS: PSC.**
USDA 4, AHS 9, 18-24 in., gr 1
Item #: 74362 - 2 1/4" • 74364 - 4"

'Magic Carpet' (*S. japonica* pp#9363) **Ground Cover Dwarf**   
 A dwarf spiraea with vibrant red leaf tips above a backdrop of bright golden foliage. Add pinkish-purple flowers in summer and you have season long interest. Use it as a groundcover! The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/ Trademark tag required. **AWARDS: GCA.** **USDA 3, AHS 9, 12-18 in., gr 1**
Item #: 74422 - 2 1/4" • 74424 - 4"

'Neon Flash' (*S. japonica*)   
 Still growing 'Anthony Waterer'? Get with it! 'Neon Flash' has vivid red flowers, rich purple-green new growth and no albino shoots like you get with 'A.W.'. Discovered in the wild by Shigeo Suzuki of Angyo, Japan. Long blooming. Introduced by Barry Yinger through Brookside Gardens. **FIRST CHOICE AWARD.** **USDA 4, AHS 9, 3 feet, gr 1**
Item #: 74452 - 2 1/4" • 74454 - 4"

PINK PARASOLS® (*S. fritschiana* 'Wilma' pp#15,397)   
 A cool spirea with big, pink, fluffy, umbrella-like blooms which cover this mounded, spreading shrub in June. Bluish-green leaves are tinged with red and turn a nice yellow-orange-red color in autumn. Great for mass planting. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.
USDA 4, AHS 8, 2-3 feet, gr 1
Item #: 73802 - 2 1/4" • 73804 - 4"

'Shiobori' (*S. japonica*, Incorrectly called *S. j.* 'Shirobana')   
 Shiobori in Japanese means two-colored cloth. Pink and white flowers on the same plant make this a great garden center impulse plant. Like most Japanese Spiraea, it will rebloom throughout the summer if you remove the spent flowers. **USDA 4, AHS 9, 2-3 feet, gr 1**
Item #: 74702 - 2 1/4" • 74704 - 4"

NEW **GOLDEN GLITTER**™   
 (*Spiraea nipponica* 'VERSPI 1', ppaf, cbraf)
 All the great attributes of *spirea* 'Halward's Silver'; compact habit, loads pure white flowers, but with the added attraction of colorful foliage. The attractive, yellow speckled foliage extends the season of interest well beyond the bloom date. Its densely branched, compact habit has good container presentation. The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA Zone 4, AHS 8, 3-4' tall and 4' wide, gr 1**
Item#: 75252 - 2 1/4" • 75254 - 4" • 75255 - Quick Turn

'Snowmound' (*S. nipponica*)   
 A dense rounded shrub with deep green foliage and masses of white flowers. Discovered on the island of Shikoku, Japan.
USDA 4, AHS 8, 4-6 feet, gr 1 **Item #: 75302 - 2 1/4" • 75304 - 4"**

Top Seller! SNOW STORM™ (*S. media* 'Darsnorm')

Snowstorm is a superb Darthuizer selection of *spirea media* with an abundance of massive white blooms in April and May. It's literally a snow storm. Superb blue-green foliage turns a blaze of orange-red in autumn. Patent/trademark tag and container required.

USDA 4, AHS 8, 3-4 feet, gr 1

Item #: 75002 - 2 1/4" • 75004 - 4" • 75005 - Quick Turn

SNOW STORM™ *Spiraea*

Spiraea 'Ogon'

AMETHYST™ *Symphoricarpos*

thunbergii 'Ogon'

A beautiful Japanese selection with bright yellow, small willow-like leaves. Attractive white flowers appear in early spring. The fall color is bronze.

AWARDS: GMPA. USDA 4, AHS 8, 3-4 feet, gr 1.5

Item #: 75612 - 2 1/4" • 75614 - 4"

'Tor' (*S. betulifolia*)

A sleeping beauty! A multitude of tightly packed, white flower clusters shine against a backdrop of iridescent green leaves. Compact, rounded habit, and exceptional purple autumn color add to this plant's allure! Blooms in mid to late spring. A Scandinavian selection. FIRST CHOICE AWARD. NATIVE: North America. USDA 3, AHS 9, 3-4 feet, gr 1

Item #: 73302 - 2 1/4" • 73304 - 4"

x 'Vanhouttei'

What would spring be without the magical appearance of this old time favorite? Developed by Billard of France in 1862 and still one of the best in the entire genus today! USDA 3, AHS 8, 5-8 feet, gr 1

Item #: 76302 - 2 1/4" • 76304 - 4"

x 'Renaissance'

An improved version of 'Vanhouttei'. Claimed to have mildew and rust resistant foliage. USDA 3, AHS 8, 5-8 feet, gr 1

Item #: 76102 - 2 1/4" • 76104 - 4"

Stephanandra Stephanandra

Family: Rosaceae (Stephanan-dra: Greek compound, referring to the crown of stamen)

incisa 'Crispa'

Cutleaf Stephanandra is a graceful, low spreading plant. Miniature maple-like leaves unfold a reddish-bronze. Small white flowers in late May. AWARDS: AGM, PSC. USDA 3, AHS 8, 2-4 feet, gr 1

Item #: 77102 - 2 1/4" • 77104 - 4"

Symphoricarpos Coral Berry

Family: Caprifoliaceae (Sym-phori-car-pos: Greek: to bear together and fruit)

AMETHYST™ (*S. x doorenbosii* 'Kordes')

Vivid deep magenta-pink fruit in late summer make this plant superior to all others. Good branching and neat habit. The fruit is not edible. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

NATIVE: North America. USDA 3, AHS 7, 3-5 feet, gr 1

Item #: 77352 - 2 1/4" • 77354 - 4" • 77355 - Quick Turn

COLOR CHOICE
FLOWER BY DESIGN

This new reblooming lilac rocks the horticultural world. The highly fragrant flowers burst forth in spring and then again in mid-summer and continue right up until frost. It has a compact, full growth habit and small

leaves that make it the perfect shrub for smaller gardens. Mildew resistant. The propagation of, and/or the sale of plant parts is prohibited without a license.

Patent/trademark tag and container required. **USDA 3, AHS 7, 4-5 feet, gr 1**
Item #: 81322 - 2 1/4" • 81324 - 4" • 81325 - Quick Turn

'Anabel' (*S. x hycinthiflora*, Hawkins)

Fr. Fiala rates this as one of the best early blooming pink lilacs. Full double flowers and good fragrance. One of the earliest lilacs to bloom which makes it especially good for retail. **USDA 2, AHS 7, 6-9 feet, gr 1**
Item #: 78252 - 2 1/4" • 78254 - 4"

'Betsy Ross' (*S. x oblata*, Egolf)

An American beauty! Selected for its pure white flowers, compact, rounded growth habit, mildew tolerance. Adaptable to warmer climates. Thick dark green foliage. **USDA 2, AHS 6, 8-10 feet, gr 1**
Item #: 80752 - 2 1/4" • 80754 - 4"

'Declaration' (*S. x hycinthiflora*, Egolf)

Another American beauty! Selected at the National Arboretum for its very large, fragrant, dark reddish-purple flowers and clean foliage. It has an upright habit and good mildew resistance. **USDA 2, AHS 7, 8-10 feet, gr 1**
Item #: 81202 - 2 1/4" • 81204 - 4"

'Evangeline' (*S. x hycinthiflora*, Skinner)

Her light purple, double blooms are very fragrant. A compact, non-suckering hybrid that is early blooming.

USDA 2, AHS 7, 8-10 feet, gr 1
Item #: 78422 - 2 1/4" • 78424 - 4"

'Excel' (*S. x hycinthiflora*, Skinner)

A free flowering hybrid with fragrant, lilac-lavender single flowers. An early blooming hybrid with compact branching. Low chilling requirement makes 'Excel' great for the south! **USDA 2, AHS 7, 8-10 feet, gr 1**

Item #: 78432 - 2 1/4" • 78434 - 4"

'George Eastman' (*S. juliana*, Clark-Fenicchina)

A true color breakthrough. Magnificent wine-red buds and deep cerise-pink blooms. Superb, smaller, upright form. A chance seedling discovered in Durand-Eastman Park in Rochester, NY.

USDA 2, AHS 7, 4-6 feet, gr 1
Item #: 78982 - 2 1/4" • 78984 - 4"

'Josee' (*S. patula* x *macrophylla* [x *meryeri*], G. Morel)

A dwarf lilac introduced by Minier Nursery of France in 1976. The lavender-pink blooms appear in May and continue sporadically until frost.

USDA 2, AHS 8, 4-6 feet, gr 1
Item #: 81302 - 2 1/4" • 81304 - 4"

'Lilac Sunday' (*S. x chinensis*, Alexander)

From the Arnold Arboretum, grown from seed supplied by the Beijing Botanical Garden. Pale purple, fragrant flowers appear in mid-May and are produced in abundance. The flowers are produced in panicles not only at the branch tips, but also at the lateral buds. Excellent mildew resistance.

USDA 2, AHS 8, 8-12 feet, gr 1
Item #: 80852 - 2 1/4" • 80854 - 4"

'Miss Canada' (*S. x prestoniae*, Cumming)

A heavily flowering cross between 'Redwine' and 'Hiawatha' with deep rose-pink flowers. **USDA 2, AHS 7, 6-9 feet, gr 1**

Item #: 79452 - 2 1/4" • 79454 - 4"

patula 'Miss Kim'

A dwarf, compact lilac with pale purple flower buds that open lavender blue. Attractive dark green foliage turns a pleasing bronze-red in autumn. (Yeager 1964).

USDA 3, AHS 8, 3-5 feet, gr 1
Item #: 79302 - 2 1/4" • 79304 - 4"

'Mt. Baker' (*S. x hycinthiflora*, Skinner)

An early bloomer with very fragrant, pure white single flowers. Mildew resistant. **USDA 2, AHS 7, 10-12 feet, gr 1**

Item #: 78632 - 2 1/4" • 78634 - 4"

'Palibin' (*Syringa meyeri*)

Dwarf Korean lilac is a popular plant with reddish purple flower buds that open a lavender-light pink. A strong bloomer with a light pleasing fragrance. **AWARDS: AGM, PSC. USDA 3, AHS 7, 3-5 feet, gr 1.5**

Item #: 79202 - 2 1/4" • 79204 - 4"

'Pocahontas' (*S. x hycinthiflora*, Skinner)

An early bloomer with very fragrant, deep reddish-purple, single flowers. **USDA 2, AHS 7, 10-12 feet, gr 1**

Item #: 78682 - 2 1/4" • 78684 - 4"

'Prairie Petite' (*S. x vulgaris*, Viehmeyer)

A dwarf lilac growing with light pink flowers that are held neat and upright. The flowers fade to lavender. Begins flowering at a young age.

USDA 2, AHS 8, 3-4 feet, gr 1
Item #: 81702 - 2 1/4" • 81704 - 4"

SYRINGA CONTINUED

'Red Pixie' (*S. x.*, Max Peterson)

Dwarf ☀️ 🌧️ ✂️ 🌸

 A seedling of 'S. julianae' 'Hers' that may have crossed with *S. meyeri*. Dark reddish purple blooms fade to a pale pink. The leaves are small like meyeri and branches do not weep like 'Hers', but come out horizontally.
USDA 2, AHS 7, 4-6 feet, gr 1
Item #: 81802 - 2 1/4" • 81804 - 4"

'Redwine' (*S. x prestoniae*, Preston)

☀️ 🌧️ ✂️ 🌸

 A late blooming hybrid with lightly fragrant, bright magenta single flowers.
USDA 2, AHS 7, 8-10 feet, gr 1
Item #: 79492 - 2 1/4" • 79494 - 4"

'Royal Purple' (*S. x hynchiniflora*, Skinner)

☀️ 🌧️ ✂️ 🌸

 This is an early blooming hybrid with fragrant, dark purple double flowers.
USDA 2, AHS 7, 8-10 feet, gr 1
Item #: 78752 - 2 1/4" • 78754 - 4"

vulgaris

☀️ 🌧️ ✂️ 🌸

 Old-fashioned lilac is everyone's favorite!
USDA 2, AHS 8, 12-15 feet, gr 1
Item #: 80672 - 2 1/4" • 80674 - 4"

Tamarix Tamarix

Family: Tamaricaceae (Tam-arix: ancient Latin name, ramosissima: much branched)

'Pink Cascade'

☀️ ✂️ 🌸

 Masses of deep pink flowers create an ostrich plume effect in early summer. Light green foliage is juniper-like, but soft and feathery. Tolerant of poor dry soils. The habit and flowering display are improved if it is cut back to the ground each winter.
USDA 2, AHS 8, 10-15 feet, gr 1
Item #: 82602 - 2 1/4" • 82604 - 4"

'Summer Glow'

☀️ ✂️ 🌸

 A very hardy selection that blooms in the spring and into the summer.
USDA 2, AHS 8, 10-15 feet, gr 1
Item #: 82882 - 2 1/4" • 82884 - 4"

Taxus x media Yew

Family: Taxaceae (Tax-us: ancient Latin name)

CAPTAIN™ (*T. cuspidata* 'Fastigiata')

☀️ 🌧️ 🌳

 A superior, asexually produced clone of 'Capitata' that's faster growing and more uniform to produce. Crops are consistent and can be row run at harvest. It holds its green winter color much better than 'Capitata'. Discovered by Studebaker Nursery. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag required.
USDA 4, AHS 7, 10-15 feet, gr 2
Item #: 83052 - 2 1/4" • 83054 - 4"

'Dark Green Spreader'

☀️ 🌧️ 🌳

 One of the best evergreens for the landscape. It is a graceful, spreading yew with a compact habit and dark, forest-green foliage. A superior, hardy cultivar that does not burn in winter.
USDA 4, AHS 7, 4-5 feet, gr 2
Item #: 83192 - 2 1/4" • 83194 - 4"

'Densiformis'

☀️ 🌧️ 🌳

 This very popular yew is a rapid grower with a spreading habit and fluffy bright green needles.
USDA 4, AHS 7, 4-6 feet, gr 2
Item #: 83252 - 2 1/4" • 83254 - 4"

'Everlow'

Compact ☀️ 🌧️ 🌳

 A very popular and useful, low spreading form that resists winter burning.
AWARDS: PSC. USDA 4, AHS 7, 3-4 feet, gr 2
Item #: 83282 - 2 1/4" • 83284 - 4"

'Green Wave' (*T. cuspidata*)

☀️ 🌧️ 🌳

 We spotted this plant on the campus of Michigan State University and we had to get it! A very impressive mass planting creates a lush, semi-weeping wave of green foliage. Great texture and habit.
USDA 4, AHS 7, 4-6 feet, gr 2
Item #: 83062 - 2 1/4" • 83064 - 4"

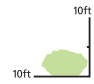

'Hicksii'

☀️ 🌧️ 🌳

 Popular columnar form with dark green foliage. Easy to maintain and the preferred yew for hedges.
USDA 4, AHS 7, 8-10 feet, gr 2
Item #: 83362 - 2 1/4" • 83364 - 4"

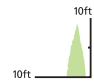

MARGARITA™ (*T. x m.* 'Geers', pp#16,049, cbr#2634)

☀️ 🌧️ 🌳

 A cool lime green evergreen with a fresh, healthy color compared to yellow forms that burn or turn ugly. Excellent retail appeal but also a great landscape plant that is adaptable and easy to grow. Discovered by Arie Geers of the Netherlands. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag required.
USDA 4, AHS 7, 4-5 feet, gr 2 **Item #: 83462 - 2 1/4" • 83464 - 4"**

'Veridis'

☀️ 🌧️ 🌳

 A cool narrow selection with superb architectural interest. A broadly columnar plant with brighter green than most erect varieties. Considered very cold hardy.
USDA 4, AHS 7, 10 x 3 feet, gr 2
Item #: 83702 - 2 1/4" • 83704 - 4"

Thuja koraiensis Korean Arborvitae

Family: Cupressaceae (Thu-ja: Classical name, koraiensis meaning from Korea)

'Glauca Prostrata'

Compact ☀️ 🌧️ 🌳

 We love this cool, low mounded arborvitae with its graceful sprays of silver blue foliage. Use this unique Korean thuja in place of junipers or other low growing conifer.
USDA 5, AHS 7, 18 inches, gr 1
Item #: 83862 - 2 1/4" • 83864 - 4"

Thuja occidentalis Arborvitae

Family: Cupressaceae (Thu-ja: Classical name, occidentalis meaning Western as in New World)

'American Pillar' (*Thuja occidentalis*, pp#20209, cbr#f)

☀️ 🌧️ 🌳

 A sport of 'Hetz Wintergreen' selected for its dense branching structure and tall, narrow habit. It maintains this useful, desirable columnar shape with minimal pruning. It has tremendous potential in both the residential and commercial landscape market, and makes a fantastic specimen plant at retail. A single leader variety with good deer resistance, it is very hardy. It is a violation of state and/or federal law to use a trademark without permission. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.
NATIVE: North America. USDA Zone 3; AHS 8; 20-30 ft. tall x 3-5" wide, gr 1.5
Item # 84372 - 2 1/4" • 84374 - 4"

NORTH POLE™ (*Thuja o.* 'Art Boe', ppaf, cbr#3912)

☀️ 🌧️ 🌳

 A narrow columnar selection of 'Wintergreen' with excellent hardiness and dark green winter foliage color. More narrow than 'Smaragd' (aka Emerald Green). Resistant to winter burn. Developed by Art Boe of Faribault, MN. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.
NATIVE: North America. USDA 3, AHS 7, 10-15 ft., gr 1.5
Item #: 84472 - 2 1/4" • 84474 - 4" • 84475 - Quick Turn

'Danica'

Dwarf  

A great selection that is best described as "a dwarf globe Emerald arborvitae" (Smaragd) with the same glossy emerald-green foliage. Considered one of the best dwarf globes! Originated from seed by A.R. Jensen of Denmark in 1948. **NATIVE:** North America.

USDA 4, AHS 7, 10-15 in., gr 1.5
Item #: 84152 - 2 1/4" • 84154 - 4"

'Degroot's Spire'

An outstanding, narrow, columnar form with fine textured, fan-like, medium green foliage. Great as an accent plant or as a very narrow hedge. **NATIVE:** North America. **USDA 3, AHS 7, 6-10 feet, gr 1.5**

Item #: 84172 - 2 1/4" • 84174 - 4"

'Filiformis'

A unique, semi-dwarf, thread-leaf white cedar. Its variable habit is conical to broadly pyramidal or even globose. Thread-like leaves much like *Chamaecyparis pisifera* 'Filifera' but it's much hardier.

USDA 3, AHS 7, 4-8 feet, gr 1.5
Item #: 84242 - 2 1/4" • 84244 - 4"

'Golden Globe'

Dwarf  

A mutation of 'Woodwardii' with soft golden-yellow foliage. Globose form that is slower growing than its parent. Originated in the U.S.

NATIVE: North America. **USDA 3, AHS 7, 2-3 feet, gr 1.5**
Item #: 84292 - 2 1/4" • 84294 - 4"

NEW

'Golden Tuffet'

This pillow-shaped evergreen has an unusual braided texture. Golden-orange turns bronze in winter.

USDA Zone 3, AHS 7, 1' tall by 1-2' wide, gr 2
Item #: 84412 - 2 1/4"

'Hetz Midget'

Dwarf  

Dense compact globe with fans of green foliage. The growth rate slows and habit becomes more squat with age. We prefer 'Danica' to this variety. This popular dwarf globe was developed by Fairview Nurseries.

NATIVE: North America. **USDA 3, AHS 7, 1-2 feet, gr 1.5**
Item #: 84322 - 2 1/4" • 84324 - 4"

'Holmstrup'

Attractive, compact, semi-dwarf, pyramidal form. A very hardy cultivar said to have excellent deer resistance. From M. Jensen of Holmstrup, Denmark. **AWARDS:** PSC. **NATIVE:** North America.

USDA 3, AHS 7, 6-9 feet, gr 1.5
Item #: 84352 - 2 1/4" • 84354 - 4"

'Linesville'

Dwarf  

A dwarf, mounded globe with soft, sage-green juvenile foliage. The habit is tight and compact, creating an outstanding landscape or container plant. Discovered by noted plantsman Joe Stupka of Pennsylvania.

NATIVE: North America. **USDA 3, AHS 7, 12-15 in., gr 1**
Item #: 83952 - 2 1/4" • 83954 - 4"

'Little Gem'

Dwarf  

Dense globe form with bright green foliage. Great for making a small, no-prune hedge. **NATIVE:** North America.

USDA 3, AHS 7, 2-3 feet, gr 1.5
Item #: 84382 - 2 1/4" • 84384 - 4"

'Malonyana'

A tight columnar plant with dark green foliage. It originated in Malonya, Hungary in the garden of Count Ambrozy-Migazzi some time around 1913. A wonderful selection for making a narrow screen or hedge.

USDA 3, AHS 7, 30-40 feet, gr 1.5
Item #: 84432 - 2 1/4" • 84434 - 4"

'Nigra Dark Green'

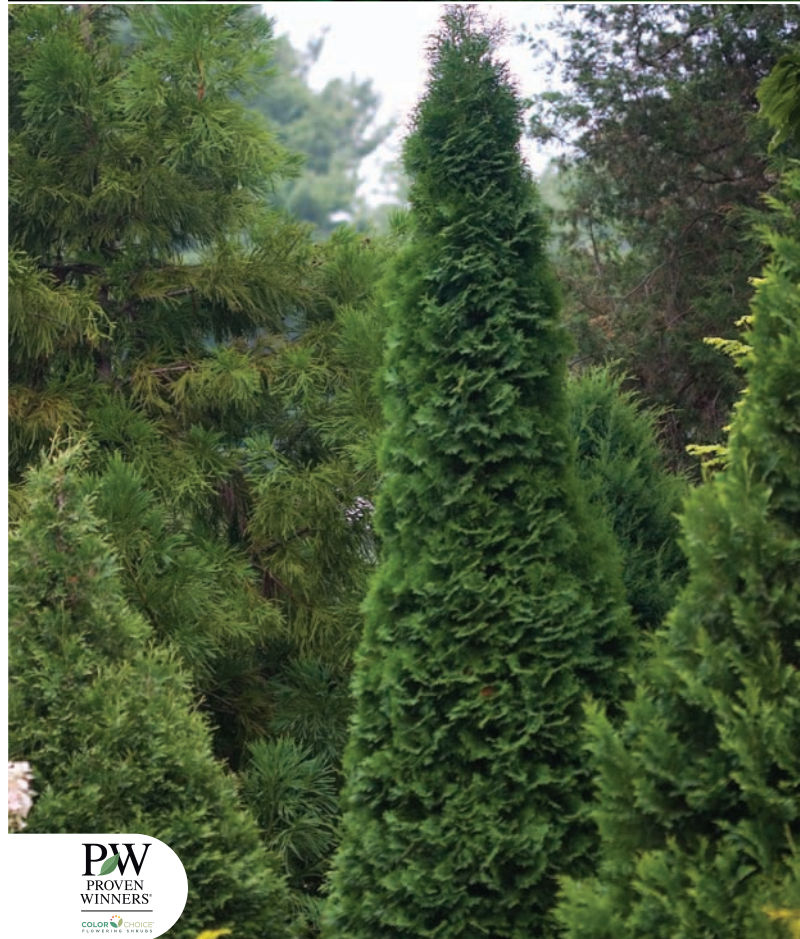

Considered one of the best! A pyramidal form with deep green foliage and good winter color. **NATIVE:** North America.

USDA 3, AHS 7, 20-30 ft., gr 1.5
Item #: 84462 - 2 1/4" • 84464 - 4"

'Pyramidalis'

A popular, narrow pyramid with bright green, soft textured foliage.
NATIVE: North America. **USDA 3, AHS 7, 20-30 ft., gr 1.5**
Item #: 84512 - 2 1/4" • 84514 - 4"

'Smaragd'

Emerald green arborvitae is a very popular, tight pyramidal form with shiny, bright emerald-green foliage and good winter color. A real beauty from D.T. Poulsen, Denmark. **NATIVE:** North America. **AWARDS:** PSC.
USDA 3, AHS 7, 10-15 ft., gr 1.5
Item #: 84632 - 2 1/4" • 84634 - 4"

'Sunkist'

Very bright golden foliage and semi-dwarf, broad pyramidal form. Gebr. Boer of Boskoop, Holland. **NATIVE:** North America.
USDA 3, AHS 7, 5-8 feet, gr 2
Item #: 84662 - 2 1/4" • 84664 - 4"

'Techny'

Mission arborvitae is a tough, hardy, burn resistant, broad pyramidal form with bluish-green foliage. Good for hedging. Discovered at Mission Gardens, Techny, IL. **NATIVE:** North America.
USDA 3, AHS 7, 10-15 ft., gr 1.5
Item #: 84692 - 2 1/4" • 84694 - 4"

'Teddy'

Teddy bear arborvitae is sure to sell. A lovable, huggable dwarf globe with soft juvenile foliage. Needs to be cut back hard on a regular basis to keep it looking its best. **NATIVE:** North America.
USDA 3, AHS 7, 10-15 in., gr 1 **Item #: 84734 - 4"**

'Umbraculifera'

A very beautiful and useful cultivar noted for its low mounded habit. Great for mass planting or as a specimen. **NATIVE:** North America.
USDA 3, AHS 7, 15-24 in., gr 1
Item #: 84972 - 2 1/4" • 84974 - 4"

'Wansdyke Silver'

A striking plant with silver-white variegation and loose thread-like foliage. Discovered by H. J. Welch. **NATIVE:** North America.
USDA 3, AHS 7, 8-10 feet, gr 1.5
Item #: 84812 - 2 1/4" • 84814 - 4"

'Woodwardii'

The classic globe arb. This well known globe form has light green foliage that turns golden brown in winter. A good foundation plant or "shear-less" hedge. **NATIVE:** North America. **USDA 3, AHS 7, 3-5 feet, gr 1.5**
Item #: 84832 - 2 1/4" • 84834 - 4"

'Yellow Holmstrup'

A yellow version of the attractive, compact, semi-dwarf, pyramidal "Holmstrup". We found this beauty in Europe. **NATIVE:** North America.
USDA 3, AHS 7, 6-9 feet, gr 1.5
Item #: 84862 - 2 1/4" • 84864 - 4"

'Yellow Ribbon'

Striking narrow habit and attractive yellow-gold foliage. Moderate growing, upright pyramidal habit. Color is said to hold well throughout the year. **NATIVE:** North America. **USDA 3, AHS 7, 8-10 feet, gr 2**
Item #: 84892 - 2 1/4" • 84894 - 4"

COLOR CHOICE
 PLANTING TRUST

SPRING GROVE® Thuja

Thuja orientalis Oriental Arborvitae

Family: Cupressaceae (*T. orientalis* is actually *Platyclusus orientalis*)

'Beverly Hills'

Compact  

A superb compact pyramidal form with bright yellow, soft fern-like foliage. Winter color is a bright yellow green. **USDA 6, AHS 9, 8-10 feet, gr 1.5**
Item #: 84912 - 2 1/4" • 84914 - 4"

Thuja plicata Western Arborvitae

Family: Cupressaceae (Plica-ta: folded in plaits)

'Can Can'

Dwarf   

A dwarf conical form of *Thuja plicata* with thick dark green foliage and cream colored tips. Very popular in Europe. An excellent shrub for the border or perennial garden. Selected by Blue Mt. Nursery. Deer resistant!
NATIVE: North America. USDA 5, AHS 8, 5-8 feet, gr 1.5
Item #: 85072 - 2 1/4" • 85074 - 4"

'Green Giant' (syn. *T. x* 'Green Giant')

A hybrid between *T. plicata* and *T. standishii* with excellent vigor. Lustrous rich medium green foliage and a broad pyramidal habit. Found as a seedling by S. Poulsen in Kristgaard, Denmark. **NATIVE: North America.**
USDA 5, AHS 8, 30-40+ feet, gr 1
Item #: 85802 - 2 1/4" • 85804 - 4"

'Grune Kugel' (syn. *T. p.* 'Eschrich's Grune Kugel')

Dwarf    

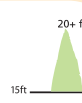

We visited a nursery in Germany called Grune Kugel but had no luck finding this plant, however we have been growing it in our garden and have been very impressed with its dwarf round habit and dark green foliage. It appears that 'Grune Kugel' translates into "Green Ball" and this may explain why we found plenty of tightly sheared boxwood but no *Thuja* at that German nursery. **USDA 6, AHS 8, 1-2 feet, gr 2**
Item #: 85152 - 2 1/4" 85154 - 4"

SPRING GROVE® (*T. p.* 'Grovepli')

COLOR CHOICE

A fast growing, cold hardy Western arborvitae selected at the Spring Grove Cemetery and Arboretum in Cincinnati, OH. Spring Grove is a superior selection with rich green foliage that maintains excellent winter color and a tight pyramidal habit. This clone has experienced -25 degree temperatures without missing a beat! It has shown excellent resistance to deer browsing. **FIRST CHOICE AWARD.** It is a violation of state and/or federal law to use a trademark without permission.
NATIVE: North America. USDA 5, AHS 8, 20+ feet, gr 1.5
Item #: 85412 - 2 1/4" • 85414 - 4" • 85415 - Quick Turn

'Whipcord' (*Thuja plicata*)

Dwarf   

This is a very distinctive evergreen with long, thick, glossy tendrils. Not only does it have fantastic texture – it has interesting bronze winter color, too. A small, deer resistant conifer that makes an excellent specimen plant. **USDA Zone 5, AHS 8, 5-6 feet, gr 2** **Item # 85682 - 2 1/4"**

'Zebrina'

An extremely handsome, variegated cedar with a broad pyramidal shape. Deer resistant. **AWARDS: AGM. NATIVE: North America.**
USDA 5, AHS 8, 30+ feet, gr 2
Item #: 85662 - 2 1/4" • 85664 - 4"

'Zebrina Extra Gold' (*Thuja plicata*)

A more colorful form of 'Zebrina', this cultivar has bright green foliage splashed with glowing yellow-gold. Excellent winter interest in the landscape. **USDA Zone 5, AHS 8, 30 feet, gr 2**
Item # 85672 - 2 1/4" • 85674 - 4"

Viburnum 'Mohawk'

Viburnum carlesii

SPICE ISLAND™ *Viburnum*

Tsuga canadensis Eastern Hemlock

Family: Pinaceae (su-ga: Japanese name)

'Jeddelloh'

Dwarf 🌞 🌧️ 🍷 🌸

A dwarf bird's nest selection with feathery arching tips and a slightly depressed center. A very reliable and desirable clone. Excellent for smaller landscapes. Thrives in moist, well drained soils. Benefits from protection from winter wind and sun. Developed in Germany at Jeddelloh Nursery.

NATIVE: North America. **USDA 3, AHS 8, 12-30 in.** Gr 2
Item #: 86302 - 2 1/4" • 86304 - 4"

Viburnum *Viburnum*

Family: Caprifoliaceae (Vibur-num: ancient Latin name meaning unknown)

x burkwoodii

🌞 🌧️ 🍷 🌸 🌿

Spicy fragrant blooms are pink in bud and open white. Dark green, glossy semi-evergreen foliage gives this plant multi-seasonal interest. Its blooms last longer than *V. carlesii*. **AWARDS:** AGM

USDA 4, AHS 8, 5-8 feet, gr 2
Item #: 86512 - 2 1/4"

x burkwoodii 'Conoy'

🌞 🌧️ 🍷 🌸 🌿

A USNA selection that resulted from backcrossing with *V. utile*. Small, glossy evergreen leaves and numerous snowball flowers without fragrance. Ralph Shugert considered this to be the best Don Egolf hybrid.

USDA 5, AHS 8, 3-5 feet, gr 2
Item #: 91302 - 2 1/4"

x burkwoodii 'Mohawk'

🌞 🌧️ 🍷 🌸 🌿

A backcross with *V. carlesii* selected for its reddish-pink buds and intensely fragrant white flowers. Superb disease-resistant glossy foliage that turns a rich orange-red in autumn. A Don Egolf - USNA introduction.

AWARDS: GMPA. **USDA 4, AHS 8, 5-8 feet, gr 2**
Item #: 86562 - 2 1/4"

carlecephalum

🌞 🌧️ 🍷 🌸 🌿

Similar to Korean spice viburnum, but with larger flowers and leaves. Very fragrant. Beautiful burgundy fall color. (*V. carlesii x macrocephalum*)

AWARDS: AGM. **USDA 5, AHS 8, 6-8 feet, gr 2**
Item #: 86602 - 2 1/4" • 86604 - 4"

carlesii

🌞 🌧️ 🍷 🌸 🌿

Korean spice! Spicy sweet fragrance fills the air in early spring when the pink buds expand to white snowball flowers. Beautiful burgundy fall color is icing on the cake. **AWARDS:** AGM.

USDA 4, AHS 8, 6-8 feet, gr 2 **Item #: 86652 - 2 1/4" • 86654 - 4"**

SPICE GIRL™

🌞 🌧️ 🍷 🌸 🌿

(*Viburnum carlesii*, 'Spiro', ppaf, cbraf)

Everything you want in a viburnum and more; strong growth, fragrance, colorful flowers. The spring flowers start out a deep reddish-pink and mature to bluish white.

Growers will love how this plant grows. The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA Zone 4, AHS 8, 6-7' tall and wide, gr 1**
Item #: 86692 - 2 1/4" • 76695 - Quick Turn

carlesii 'Diana'

Compact 🌞 🌧️ 🍷 🌸 🌿

Red flower buds transform to pink and open to intensely fragrant pinkish-white blooms. New growth is tinged with a purple cast.

USDA 4, AHS 8, 6-7 feet, gr 2 **Item #: 86702 - 2 1/4" • 86704 - 4"**

'Cayuga'

Compact 🌞 🌧️ 🍷 🌸 🌿

Similar to *carlesii*, but with large four by five inch flowers, pink buds, and improved resistance to leaf diseases. Very fragrant! This cross between *V. carlesii* and *V. carlecephalum* has a compact, upright oval habit. A Don Egolf - USNA introduction.

USDA 4, AHS 7, 5-6 feet, gr 2
Item #: 91002 - 2 1/4"

dentatum 'Ralph Senior'

This arrowwood was selected for its graceful vase-shaped habit and yellow-orange-red-burgundy fall color. **NATIVE:** North America.

USDA 3, AHS 8, 10-12 feet, gr 1
Item #: 86832 - 2 1/4" • 86834 - 4"

d. BLUE MUFFIN® (V. d. 'Christom')

Compact

A compact selection of arrowwood viburnum with glossy leaves and intense blue fruit in late summer! Perfect for residential landscapes. Makes a great low hedge. More copious amounts of fruit when two distinct varieties of the species are planted in close

proximity. Chicago Lustre® is a good pollinator. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **NATIVE:** North America. **USDA 3, AHS 8, 5-7 feet, gr 1**
Item #: 86862 - 2 1/4" • 86864 - 4" • 86865 - Quick Turn

d. CHICAGO LUSTRE™ (V. d. 'Synnevstedt')

Glossy foliage is the outstanding feature of this rapid growing, upright rounded plant. It is not grown for its fall color. A Chicagoland Grows introduction. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag required. **NATIVE:** North America. **USDA 3, AHS 8, 10-12 feet, gr 1**
Item #: 86892 - 2 1/4" • 86894 - 4"

dilatatum **CARDINAL CANDY**™ ('Henneke', pp#12,870)

A special plant with improved hardiness and abundant, persistent shiny scarlet red fruit. Discovered in a batch of seed grown plants after a -30 degree cold spell killed off all except Cardinal Candy. Tons of creamy white flowers cover this well-branched, rounded plant in May.

Fruiting appears strong even without another pollinator in the area. May be easily maintained at a lower height with pruning. Selected by Rod Henneke. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **USDA 4(5), AHS 8, 6-8 feet, gr 1**
Item #: 87232 - 2 1/4" • 87234 - 4" • 87235 - Quick Turn

d. 'Michael Dodge'

Selected at the famous Winterthur Gardens. Large, abundant, creamy white flowers appear in May. Its large, eye-catching yellow berries glow against a backdrop of scarlet red autumn foliage. Use *viburnum* Cardinal Candy™ as a pollinator to get the best fruit display.

USDA 5(6), AHS 8, 5-6 feet, gr 1
Item #: 87262 - 2 1/4" • 87264 - 4"

juddii

A fragrant cross between *V. carlesii* and *V. bitchiuense* that has a better habit and superior disease resistance as compared to Korean spice viburnum. Developed by William Judd of the Arnold Arboretum.

AWARDS: AGM. **USDA 4, AHS 9, 6-8 feet, gr 2**
Item #: 87532 - 2 1/4"

NEW

RED BALLOON™ (*Viburnum* 'Redell', ppaf)

Yes it's showy, but it's also a joy to grow. This compact, well branched hybrid makes a really sharp, well balanced container. It has loads of bright red fruit, tightly packed into showy clusters in late summer and fall. White flowers appear in April and May. This cross

between *V. lantana* and *V. rhytidophyllum* has a rounded upright habit. Fruiting is enhanced by planting it near *V. 'Mohican'* or *V. rhytidophylloides* 'Alleghany'. The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA Zone 4, AHS 8, 6-8' tall and wide, gr 1

Item #: 91432 - 2 1/4" • 91434 - 4" • 91435 - Quick Turn

nudum **BRANDYWINE™** (V. n. 'Bulk')

Experience the most beautiful berry display in the plant kingdom with this new viburnum from noted plantsman Mark Bulk. It delivers loads of breathtaking berries that transform from green to shades of vivid pink and blue.

A great companion for 'Winterthur' because planting two distinct clones in close proximity results in bumper crops of berries, although Brandywine will fruit without another pollinator. Showy glossy leaves change to incredible dark maroon-red in autumn. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag and container required.

NATIVE: North America. **USDA 5, AHS 9, 5-6 feet, gr 1**
Item #: 87742 - 2 1/4" • 87744 - 4" • 87745 - Quick Turn

n. **'Winterthur'**

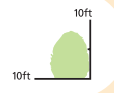

Lustrous, deep green leaves transform to breath-taking wine-red autumn color. Spectacular fruit color evolves from white to hot pink to bright blue. Creamy flowers in May. Plant near Brandywine for best fruit set. Dislikes alkaline soils. **AWARDS:** GMPA. **NATIVE:** North America.

USDA 5, AHS 9, 5-6 feet, gr 1 **Item #: 87712 - 2 1/4" • 87714 - 4"**

HANDSOME DEVIL™

(*Viburnum* 'Le Bois Marquis' pp#21,686)

Oh, and he is! An elegant, glossy-leaved evergreen viburnum selected for its rainbow of green, burgundy, orange-bronze hues in the new growth and in autumn.

It is a compact, dense plant which makes an excellent hedge or specimen. Pure white June flowers are followed by red fruit which mature to black. A cross between *V. odoratissimum* 'Awabuki' and *V. hillieri* 'Winton'. A good production plant developed by Minier Nursery. For best fruiting, use *V. odoratissimum* as a pollinator. The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA Zone 7, AHS 9, 6-8' tall and 6'wide, gr 1
Item #: 87222 - 2 1/4" • 87224 - 4" • 87225 - Quick Turn

opulus **'Compactum'**

Compact European Cranberry has attractive lacy white flowers and loads of shiny, scarlet red fruit. **AWARDS:** AGM.

USDA 3, AHS 8, 4-6 feet, gr 1.5 **Item #: 87812 - 2 1/4" • 87814 - 4"**

o. **'Roseum'** (syn. 'Sterile')

Snowball bush. Kids and adults alike love this rounded plant with its masses of white flowers. No fruit because it's sterile. **AWARDS:** AGM.

USDA 4, AHS 8, 8-12 feet, gr 1 **Item #: 87932 - 2 1/4" • 87934 - 4"**

plicatum **'Mary Milton'**

Japanese snowball with soft pink snowball flowers and red hues in the new growth. An improvement over 'Kern's Pink', which is more apt to revert to white. **USDA 5, AHS 8, 8-10 feet, gr 1.5**

Item #: 88102 - 2 1/4" • 88104 - 4"

p. **'Popcorn'**

This Japanese snowball is an awesome sight in bloom! Hundreds of small, round popcorn balls line every branch. A selection hybridized by Dr. David Leach. **USDA 5, AHS 8, 4-6 feet, gr 1**

Item #: 88192 - 2 1/4" • 88194 - 4"

p. t. **'Mariesii'**

Horizontally branched habit accented with masses of flat white flowers. Attractive, light green foliage and bright red fruit. Superb fall color!

AWARDS: AGM, PSC. **USDA 5, AHS 8, 8-10 feet, gr 1**
Item #: 88362 - 2 1/4" • 88364 - 4"

p. t. **'Molly Schroeder'**

Outstanding new, pink flowering selection that we obtained from New Zealand. Unlike 'Pink Beauty', it's consistently pink from year to year, even when grown under poly. It's also an excellent rebloomer, providing an exceptional fall floral display. **USDA 5, AHS 8, 5-8 feet, gr 1.5**

Item #: 88392 - 2 1/4" • 88394 - 4"

p. t. 'Shasta'

Abundant, large lace-cap flowers with large sterile marginal florets. The growth habit is strongly horizontal. Bright red fruit and purple-maroon autumn leaf coloration. A USNA introduction. **AWARDS:** GMPA

USDA 5, AHS 8, 4-5 feet, gr 2

Item #: 88462 - 2 1/4" • 88464 - 4"

p. t. 'Summer Snowflake'

It blooms continuously! Compact habit and charming red fruit in the autumn. Discovered in the wild in Japan in early 1960's by R.F. Michaud of Alpenglow Gardens. Introduced by UBC. Looks and acts identical to 'Watanabei' but is, perhaps, more compact.

USDA 5(6), AHS 8, 4-6 feet, gr 1

Item #: 88532 - 2 1/4" • 88534 - 4"

pragensis 'Decker'

A hardy, fast growing gem with very attractive lustrous dark green leaves and pink budded flowers which open white. Selected by Decker Nursery of Ohio for its hardiness.

USDA 5, AHS 8, 8-10 feet, gr 1.5

Item #: 88592 - 2 1/4" • 88594 - 4"

rhytidophylloides 'Alleghany'

A stately semi-evergreen viburnum noted for its dark green, rugose leaves and attractive red fruit in late summer. Large, 4-8", creamy-yellow flowers in May. A USNA introduction.

USDA 5, AHS 8, 6-8 feet, gr 1.5

Item #: 88852 - 2 1/4" • 88854 - 4"

r. DART'S DUKE™ ("Interduke")

A superior selection noted for its massive 8-10" flowers and heavy set of bright red fruit in late summer. A Darthuizer Boomkwekerijen introduction. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag required.

USDA 5, AHS 8, 6-8 feet, gr 1 **Item #: 88884 - 4"**

rhytidophyllum 'Cree'

A compact selection of leatherleaf viburnum noted for its lustrous, dark evergreen, rugose leaves and attractive red fruit in late summer. Large white flowers in May. A good shrub for shade. A USNA introduction.

USDA 5, AHS 8, 6-8 feet, gr 1.5

Item #: 88934 - 2 1/4"

sargentii 'Onondaga'

Dark maroon leaves emerge to create a vivid contrast with the mature green foliage. Pinwheel-like blooms of white and purple make this a truly outstanding plant! Still another USNA introduction. **AWARDS:** PSC

USDA 3, AHS 7, 5-6 feet, gr 1 **Item #: 89392 - 2 1/4"**

t. 'Compactum'

An aphid resistant, compact form with maple-like leaves which emerge burgundy, then change to green. Delightful white, pinwheel-like flowers, attractive bright red fruit and pleasing yellow to red fall color.

USDA 2, AHS 7, 5-6 feet, gr 1.5

Item #: 89702 - 2 1/4" • 89704 - 4"

t. REDWING™ (V. t. 'J.N. Select')

Selected by Johnson's Nursery for its good form, good growth rate and attractive red-tinted new foliage. White flowers appear in mid May, followed by persistent, bright red fruit. Fall foliage color from bright red to wine-red. **Native:** North America. It is a violation of state and/or federal law to use a trademark without permission. Patent/trademark tag required.

USDA 2, AHS 7, 8-9 feet, gr 1

Item #: 89852 - 2 1/4" • 89854 - 4"

SONIC BLOOM™ REBLOOMING WEIGELAS

The most exciting weigela breeding breakthrough since Wine & Roses. The Sonic Bloom series boasts the strongest reblooming ever seen in weigela. Loads of flowers in May followed waves of flowers until frost. Pruning is not required to get rebloom! These beautiful plants extended your garden show and the sales season. Grow all three colors to get the full effect of a Sonic Bloom! The propagation of and/or sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

NEW SONIC BLOOM™ PINK

(*Weigela florida*, 'Bokrasopin', ppaf, cbraf)

Hot pink buds open to rich pink flowers in May and repeats until frost.

USDA Zone 4, AHS 8, 4-5' tall and wide, gr 1
Item#: 96142 - 2 1/4" • 96144 - 4" • 96145 - Quick Turn

NEW SONIC BLOOM™ RED

(*Weigela florida*, 'Verweil-4', ppaf, cbraf)

The Lipstick red flowers are remarkable enough to make this a choice selection, but a burst of flowers in May followed by waves of rebloom make it a must have shrub.

USDA Zone 4, AHS 8, 4-5' tall and wide, gr 1
Item#: 96242 - 2 1/4" • 96244 - 4" • 96245 - Quick Turn

NEW SONIC BLOOM™ PEARL

(*Weigela florida*, 'Bokrasopea', ppaf, cbraf)

The flowers open pure white with a yellow throat and then change to pink giving you multiple colors on a single plant. The flowers really pop against the bright green foliage. Blooms in May and reblooms until frost.

USDA Zone 4, AHS 8, 4-5' tall and wide, gr 1
Item#: 96372 - 2 1/4" • 96374 - 4" • 96375 - Quick Turn

SPILLED WINE™ (*Weigela florida* 'Bokraspiwi' ppaf, cbraf)

Spilled Wine has dark red, wavy leaves and a spreading habit. Its hot pink-magenta flowers are similar to those of Wine & Roses, but this is a smaller plant that is wider than it is tall. Perfect for filling in spaces in a sunny border. It is a violation of state and/or federal law to use a trademark without permission. The propagation of and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required.

USDA Zone 4, AHS 8, 24" tall x 36" wide, gr 1
Item # 96132 - 2 1/4" • 96134 - 4" • 96135 - Quick Turn

Top Seller! WINE & ROSES®

(*W. f.* 'Alexandra', pp#10,772, cbr#2642)

DON'T RUN OUT! It's appeared in over 600 newspapers and many gardening magazines. Consumers ask for it by name. And why not? It has season-long color with its dark burgundy-purple foliage

and intense rosy-pink colored flowers. Full sun for darkest color. A "knock your socks off" shrub developed by Herman Geers of Holland. The propagation of, and/or the sale of plant parts is prohibited without a license. Patent/trademark tag and container required. **AWARDS:** PHS Gold Medal Plant Award, The RBHS Silver Medal. **USDA 4, AHS 8, 4-5 feet, gr 1**
Item #: 99002 - 2 1/4" • 99004 - 4" • 99005 - Quick Turn

SPILLED WINE™ Weigela

WINE & ROSES® Weigela

Spring Meadow Nursery, Inc. Standard Terms and Conditions

1. **BINDING CONTRACT.** These terms and conditions set forth the sole terms for the sale of goods and services by Spring Meadow Nursery, Inc., a Michigan corporation ("Spring Meadow"), and any contract made for the sales of goods and services by Spring Meadow is expressly conditional on Buyer's assent to the terms stated herein. Spring Meadow disclaims, objects and rejects any Buyer document, including a purchase order or confirming order that in any way adds to, varies, conflicts with or attempts to alter these terms. In the event of any dispute between these terms and any document of Buyer, these terms shall control.

2. **PRICES AND TAXES.** All prices are FOB Spring Meadow's place of business. All future orders will be confirmed immediately but are subject to applicable prices at the time of shipment. All prices are subject to change without notice. The amount of any local, state or federal tax levied on the goods is not charged by Spring Meadow due to its agricultural designation and shall remain the sole responsibility of Buyer. Packing and shipping charges are not included in the prices and will be added to the invoice at the time of shipment. Cash in advance accounts will prepay the packing/shipping charge. If actual shipping charges exceed our estimate, Buyer will be responsible for all additional charges incurred. Effective 7/1/2012 buyer agrees that Buyer will not resell any Spring Meadow products at prices less than the minimum wholesale prices that Spring Meadow assigns to its products from time to time. Minimum wholesale prices are subject to change without notice. Spring Meadow will publish minimum wholesale prices at its website at www.springmeadownursery.com access to which will require Buyer to register.

3. **MINIMUM ORDER.** Spring Meadow's minimum order is 1 tray of a cultivar and a total order of not less than 15 trays.

4. **CREDIT ACCOUNTS.** Orders will be accepted on a CASH IN ADVANCE basis only unless a written confidential credit application has been submitted to and approved by Spring Meadow. Processing time is approximately 6 weeks. If Buyer has established credit in the manner described in this paragraph, the payment terms are 2% 10 NET 30. Any portion of the price not paid in accordance with these payment terms shall bear interest from the due date in the amount of 1.5% per month or at a rate not to exceed lawful limits until paid. Payment on delinquent accounts is applied first to accrued interest. The early payment discount does not apply when credit cards are used for payment on credit accounts. Buyer shall reimburse Spring Meadow for all actual costs and attorneys' fees incurred in enforcing any term of this agreement. A \$25.00 charge will be assessed for all payments returned for insufficient funds.

5. **CASH IN ADVANCE ACCOUNTS; VISA AND MASTERCARD ACCOUNTS.** Orders for future delivery will not be considered confirmed until a 25% deposit has been received by Spring Meadow. Payment in full must be received 30 days prior to shipping date. Orders for which timely payment in full is not received will be cancelled. Cancelled orders may be charged a processing and/or restocking fee. Visa and Mastercard will also be accepted as forms of payment. Credit card orders will also be required to make a 25% deposit at the time of order and the balance 30 days prior to shipment. Freight and packaging for credit card orders will be charged upon shipment.

6. **SHIPPING AND DELIVERY.** All shipments are FOB Spring Meadow's place of business, and all risk of loss and damage to the goods passes to Buyer upon delivery of goods to the common carrier. Any dates or schedules that are specified for delivery of services or goods are stated only approximately, calculated from the date of receipt of Buyer's order. All plant varieties are not available for fall or dormant winter/spring shipment. Spring Meadow will attempt to deliver plants as close as possible to a requested ship date, but reserves the right to adjust the shipping date based on the quality and readiness of the plants. Each tray of plants is boxed, stacked on pallets or racked, and then stretch-wrapped, or netted together as one shipping unit. Palletized or racked shipments are normally a better value than UPS if Buyer's order exceeds 15 trays. Buyer must notify us in advance if unable to accept a pallet shipment. Spring Meadow ships UPS in customer designed boxes. Four trays per box, specially packed in an upright position travel to Buyer's door.

7. **SHIPPING DAMAGES CLAIMS.** All shipping damages must be noted at the time of receipt of goods from the carrier. Any box breakage or other obvious damages must be noted in writing on the carrier's bills of lading. Claim forms are available from the carrier.

8. **FORCE MAJEURE.** Spring Meadow shall not be responsible or liable for any delays in service completion due to any cause or condition beyond its control, including, without limitation, fire, flood, earthquake, labor dispute, shortage of materials or supplies, riot or other civil disturbance, war, acts of God or nature, accident, or any acts of any government.

9. **PLANT ROYALTIES / MARKETING FEES.** Royalties/marketing fees on patented or trademarked plants are charged in addition to the listed plant price. Royalty/marketing fee charges are subject to change without notice

10. **PROVEN WINNERS BRAND.** Upon the purchase of any patented or trademarked plants from Spring Meadow, Buyer agrees to the following: (a) To purchase and affix the trademark and/or patent tag, which properly identifies the plant, to each plant sold. (b) To clearly identify proper plant names including plant patent numbers and trademark names in all sales literature. (c) To feature the Proven Winners/ Color Choice branded product line and not affix other branded tags or co-brand with any other brand. (d) To not propagate or aid in the illegal propagation of any Proven Winners/Color Choice plant without a license. (e) To sell Proven Winners plants in approved Proven Winners ColorChoice branded containers. **NOTE: FEDERAL LAW STRICTLY PROHIBITS THE ASEXUAL PROPAGATION OF PATENTED PLANTS, WITHOUT A LICENSE. STATE AND/OR FEDERAL LAW PROHIBITS THE UNAUTHORIZED USE OF TRADEMARKS.**

11. **PROVEN WINNERS SALES GUARANTEE.** If Buyer purchases more than 10 Proven Winners varieties, it may qualify for a sales guarantee. Buyer must promote the plants as a program, sell in branded containers, utilize the logo in Buyer's catalog and offer the P.O.P. Liners must be grown into a salable retail ready plant of standard size and quality. Buyer must supply the photography verifying the salable quality and the disposed unsold plants. Plants of unsalable quality or unsold due to an act of God are exempt from the guarantee. Spring Meadow agrees only to replace the liners, equal to the number of unsold plants and reserves the right to adjust the size and variety of replacement plants.

12. **LIMITED WARRANTY.** Spring Meadow warrants its plants to be true to name, to be inspected by the Michigan Department of Agriculture and certified to be apparently free of dangerous insects and dangerously contagious plant diseases, and to be in good living condition at the time of delivery to the common carrier. Buyer's remedy is limited, in the sole discretion of Spring Meadow, to replacement of any plants determined to be defective and covered by this limited warranty. Replacement plant material will be provided as soon as production plans permit and will be shipped by Spring Meadow at no cost to Buyer.

13. **EXCLUSION OF OTHER WARRANTIES. THE LIMITED WARRANTY STATED ABOVE IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, AND SPRING MEADOW HEREBY EXPRESSLY DISCLAIMS ANY AND ALL OTHER WARRANTIES OF ANY KIND OR NATURE, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR ANY PARTICULAR PURPOSE, OR FUTURE GROWTH. NO WARRANTIES OR REPRESENTATIONS MADE AT ANY TIME BY ANY REPRESENTATIVE OF SPRING MEADOW SHALL BE EFFECTIVE TO VARY OR EXTEND THE LIMITED WARRANTY OR OTHER TERMS.**

14. **LIMITATION OF CLAIMS FOR DEFECTIVE PLANTS.** No plant claims covered by the limited warranty may be brought against Spring Meadow more than ten (10) days after shipment. Claim notification must be in writing.

15. **LIMITATION ON LIABILITY:** Under no circumstance shall Spring Meadow's liability to Buyer exceed the value of this agreement. Under no circumstances, whether arising in contract, tort, equity or otherwise, shall Spring Meadow be liable for consequential, incidental or special damages (including loss of use, lost profits, increased operating or maintenance expense), related to the provision of services or goods.

16. **APPLICABLE LAW:** This agreement shall be deemed made in Ottawa County, Michigan and shall be governed by Michigan law without regard to its conflict of laws principles.

17. **DISPUTE RESOLUTION:** Any action arising out of it shall be governed by Michigan law and shall be brought in the District or Circuit Court for Ottawa County or in the U.S. District Court for the Western District of Michigan. Buyer consents that such courts shall have personal jurisdiction over Buyer as to any such action and that the mailing of any process to Buyer's last known address by registered mail shall constitute lawful and valid service of process.

18. **MISCELLANEOUS:** All notices shall be provided to the addresses set forth in this agreement and if none is provided, to the party's resident. Wherever possible, all terms shall be interpreted consistently. If a conflict arises as to price, payment or delivery, the typed terms on the front page shall control over printed provisions on this side. For any other conflict, these Terms and Conditions shall control. No usage in trade shall create a conflict with these terms. Spring Meadow reserves the right to correct any typographical error in this Agreement. If any provision is determined to be unenforceable, the remainder of this agreement shall remain in full force and effect.

19. **ENTIRE AGREEMENT AND AMENDMENT:** This agreement contains all of the terms of the agreement between Spring Meadow and Buyer as to its subject matter and supersedes all prior oral or written representations, agreements, and other communications between Spring Meadow and Buyer. This agreement may be amended only by a writing signed by Spring Meadow and an officer of Buyer.

Cut Flower of the Year

Invincibelle® Spirit Hydrangea
Best in Show IGC 2010

Lo & Behold® 'Blue Chip' Buddleia
2010 Showstopper Plant, North Carolina
Cooperative Extension Service

Giving Back

Spring Meadow Nursery Scholarship

HRI also administers the Spring Meadow Nursery Scholarship, which in 2010 was awarded to Ms. Emily Silverman, a horticulture student

at North Carolina State University. Silverman's professional goal is to be an ornamental plant breeder.

Find out more at www.hriresearch.org

Nursery growers know that a small investment today will lead to a better tomorrow. Like our many of our customers, Spring Meadow Nursery has a long tradition of giving back to the industry that makes our landscapes green.

HRI

One of the ways we do this is by working with our customers to fund the Horticulture Research Institute (HRI). Since 1962, HRI has worked to increase the quality and value of plants, improve the productivity and profitability of the nursery and landscape industry, and protect and enhance the environment.

Every time you make a purchase from Spring Meadow Nursery, we add ¼ of 1% of your total purchase amount to your invoice as a contribution to HRI. Spring Meadow then triples your donation, which is given to HRI to support the Spring Meadow Nursery New Plants Fund and the HRI Endowment Fund. Most recently these funds supported research into biodegradable nursery containers and the potential of ornamental plants for carbon sequestration.

"The information gained from this project will directly benefit producers, retail outlets, landscape designers and landscape contractors. It will ultimately contribute to education produces that promote the contributions of plants to environmental stewardship and sustainability."

- Quantifying Carbon Sequestration in Woody and Herbaceous Plants, Dr. Robert Schutzki, Michigan State University

Interns

We like to have a more hands-on approach to educating young horticulturists, too. Every year Spring Meadow hires several interns and gives them valuable work experience in a production nursery. We've enjoyed working with young people from across the U.S. and Canada, and even as far away as Poland and France. If you know of a young person who would like to apply for one of next year's positions, please have them contact Jeremy Deppe, (jeremy@springmeadownursery.com).

IPPS

Spring Meadow Nursery is a proud member of IPPS, The International Plant Propagators Society, and has sponsored Southern and Eastern regional meetings. IPPS is a wonderful resource for anyone involved in the horticulture industry, and Spring Meadow encourages our customers to be a part of this "Seek and Share" organization. Find out more at www.ipps.org

Breast Cancer Research Foundation

Together we have helped raise over \$250,000 for breast cancer research! For every Invincibelle® Spirit hydrangea sold, \$1 is donated to the Breast Cancer Research Foundation. Spring Meadow Nursery has also made separate contributions to this worthy organization, which has a 4-star rating from Charity Navigator. Over 90% of all donation dollars go directly to research grants and awareness programs. BCRF funds research around the world, with grants now supporting 172 scientists in 12 countries. BCRF is dedicated to preventing breast cancer and finding a cure in our lifetime by funding clinical and translational research worldwide. Find out more at www.brcrcure.org

Invincibelle® Spirit Hydrangea - A New Garden Classic

'Annabelle' hydrangea has been a favorite among gardeners since the 1960s for its hardiness, reliability, and beauty, which is why Invincibelle Spirit, bred from the same noble stock, is the next chapter in this horticultural legacy. Invincibelle Spirit shares those same legendary attributes, but adds an appealing twist: it produces abundant pink flowers, from summer up to frost.

Plants as important as the first pink 'Annabelle' hydrangea should do more than simply look beautiful, so we're making Invincibelle Spirit into a breast cancer warrior. One dollar of every Invincibelle Spirit sold is donated to the Breast Cancer Research Foundation, with the goal of raising \$1 million. Nurseries across the country are also pitching in to find a cure through Pink Days, fundraising events that are wholly customizable for your unique customers, climate, and community. We'd love to help you increase traffic to your business by sending you a Pink Day toolkit with more information on how to plan your own event. Just visit us on the web at Invincibellespirit.net or drop a line to info@invincibellespirit.net.
