

Proven Winners Certified Landscape Professional Program

Proven Winners

Proven Winners® introduces the industry's best, most unique, high performing plants, produced under the highest quality standards, and unsurpassed in terms of flowering, growth habit, disease resistance, and garden performance. The unique and innovative plants in the Proven Winners® line are grown from material bred by a network of top international breeders. In addition to producing exceptional flowering plants, Proven Winners® has formed partnerships with strong companies such as Spring Meadow Nursery (which acts as the brand manager for Proven Winners® ColorChoice flowering shrubs) and Walters Gardens (Proven Winners® Perennials) broadening their collection of plants to include a vast array of flowering shrubs and perennials for landscape professionals. Proven Winners® is now a global brand and can be found in many countries throughout the world.

Program Overview

The Proven Winners® Certified Landscape Professional (PWCLP) program designates landscape industry professionals who have demonstrated a professional expertise in the effective use of the Proven Winners® plant brand. Meeting specific criteria, and selected from a submittal process, designees are professional experts with Proven Winners® plants, enhancing their landscape projects with exceptional, high performance Proven Winners® plant varieties, and showcasing their use in landscape designs and projects. The Proven Winners Certified Landscape Professional designation provides a competitive distinction, as well as a vehicle to build additional enhancement business.

Once designated, the program supports the landscape professional as a Proven Winners® expert, skilled in the design, installation, maintenance, and overall performance of Proven Winners® plants. In addition to program support from Proven Winners®, interaction from other designees encourages the sharing of information and best practices, including the following: (1) education of Proven Winners® plant varieties and what makes them superior, (2) coaching with effective design, (3) development of a specific Proven Winners® plant list appropriate for the professional's client base, (4) training on effective fertilization, soil amending and irrigation, (5) how to benefit from effective use of container plantings, window boxes, and hanging baskets, (6) providing mentorship to help enhance success and client satisfaction, and (7) sharing best practices.

Program Objective

The program objective is to develop landscape professional experts who are skilled in the effective design, installation, care and maintenance of Proven Winners® plants in the landscape. The Proven Winners® Certified Landscape Professional (PWCLP) designation provides the landscape professional a competitive business distinction, and recognition as a skilled Proven Winners® plant brand expert. Proven Winners Certified Landscape Professionals often act as a regional professional resource for the Proven Winners® plant brand.
