

# The Greenbrier® AMERICA'S RESORT

Over two centuries ago, in a valley nestled within the eternal majesty of the Allegheny Mountains in White Sulphur Springs, West Virginia, we pampered our first guests. And from that moment, until today, when you enter our grounds you become part of a haven rooted in hospitality and luxury.

The Greenbrier is best known as "America's Resort" and is synonymous with world-class, authentic southern hospitality. Since 1778, The Greenbrier has offered a unique, modern-day luxury experience to discerning guests from around the world, and that tradition continues today. The grand scale architecture, Dorothy Draper décor, immaculate attention to detail and legendary gracious service set The Greenbrier apart from all others.

Guests walk in the footsteps of Presidents, celebrities, and generations of families who regard The Greenbrier as a "one of one" destination. 710 perfectly appointed guest rooms & suites, cottages and estate homes are situated on our breathtaking 11,000 acre playground. Play five championship golf courses (including The Greenbrier Sporting Club's private course) or experience our 55 activities including professional indoor and outdoor tennis, Off-Road Driving and Falconry. The private guests-only Casino Club features table games, slot machines and simulcast racing.

Our full service, 40,000 square foot spa is widely recognized as one of the most luxurious mineral spas in the world, and our retail collection is comprised of 36 boutiques, shops, and handcrafted works of art. In addition to The Main Dining Room, The Greenbrier's restaurant collection is comprised of 19 restaurants, cafes and lounges featuring traditional, award-winning southern inspired cuisine.

With the purchase by native West Virginian Jim Justice in 2009 and a \$350+ million restoration, The Greenbrier is now once again the leading luxury resort in the world.

Combining graciousness of the past with exceptional comforts of today, a new era of elegance awaits you at The Greenbrier.

The Greenbrier's complete history is chronicled in great detail supplemented by photographs from the resort's archives in *The History of The Greenbrier: America's Resort* by Dr. Robert S. Conte, the resort's Resident Historian since 1978. The book is available for purchase in The Greenbrier Shoppe & Newsstand as well as The Greenbrier Online Store.

And now complementing the extraordinary grounds and landscapes throughout The Greenbrier, we are proud to announce our Proven Winners Signature Garden, located just outside our North Entrance. Receiving this designation in 2016, the garden showcases the exceptional plant varieties introduced by the nation's #1 plant brand, Proven Winners.

*"Proven Winners is the gold standard in horticulture and it is only natural that we create natural beauty together at The Greenbrier. We are thrilled to partner with them and invite everybody to see what's blooming this year in the North Gardens at America's Resort, The Greenbrier."*
